

**The Realization & Suppression
of the Situationist International
An Annotated Bibliography
1972 - 1992**

£7.95/\$11.95

"The bibliography appears at the point in a subject's living death when criticism reaches its critical mass." — Simon Ford

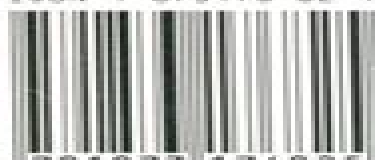

The Situationist International (1957-1972) has had a very productive after-life. This annotated bibliography contains over 600 references that chart its rise to fame from obscurity to celebrity. More than a bibliography it is the most substantial reference book yet produced on the group. It also provides a gateway to the related worlds of underground publishing, anarchism, and the contemporary avant-garde.

The bibliography will be of vital interest to all those researchers, activists, and students fascinated by the S.I. and their aftermath. In addition to listing and describing every significant publication on the S.I., the bibliography is a rich resource of information on related groups such as Gruppe Spur, The Second Situationist International, Cobra, and Lettrisme. There are also two sections solely devoted to documenting the little known British and American 'pro-situ' scenes.

Each reference is annotated with a short description and a relevant extract. With its extensive index the bibliography provides countless new ways of examining and comprehending one of this century's most misunderstood avant-garde groups.

Simon Ford is a curator at the National Art Library, Victoria and Albert Museum, London.
