Cahn, 2025-02-27 Most believers and their critics agree that religious commitment relies on the acceptance of supernaturalism Steven M Cahn argues to the contrary He maintains that theism is neither necessary nor sufficient for adherence to a religious outlook He writes in a nonpolemical spirit about morality the problem of evil faith miracles heaven mystical experience and religious diversity His book develops a strong case for the reconciliation of science and religion **Virtue and Vice: Volume 15, Part 1** Ellen Frankel Paul, Fred Dycus Miller, Jeffrey Paul, 1998-02-13 The essays in this volume examine the nature of virtue and its role in moral theory *Is the Market a Test of Truth and Beauty?: Essays in Political Economy* Leland B. Yeager, 2011 Philosophical Debates Steven M. Cahn, 2021-05-04 This volume completes a trilogy of Steven M Cahn's shorter writings that includes *The Road Traveled and Other Essays* 2019 and *A Philosopher's Journey* 2020 Included here are his contributions to three philosophical debates first whether events are fated to occur second whether God is knowable and third whether morality can conflict with happiness The book contains not only Cahn's essays but also edited versions of the writings to which he is responding thereby putting his remarks into context and rendering them accessible to all These pieces make clear why Professor Cahn is regarded as one of the leading philosophy teachers of his generation **Ethics** Rev. James L. Breed, Ph.D., 2017-08-10 *Ethics* by Rev James L Breed Ph D *Ethics* An Introduction to the Western Schools of Thought in Moral Philosophy is an introductory textbook in moral philosophy It provides an outline of the main schools of thought in the Western philosophical traditions with a brief analysis of each school of thought and the views of its critics This text is designed to cover the major theories and schools of thought in moral philosophy the divine command theory the deontological theories natural law theory virtue ethics other teleological theories including egoism and hedonism the ethics of community utilitarianism existentialist ethics individualism and radical individualism relativism realist and absolutist theories feminist ethics environmentalist ethics the focus on the need for individual judgment and moral commitment and contextualism **In the Socratic Tradition** Tziporah Kasachkoff, 1998 This practical guide for teaching philosophy brings together essays by two dozen distinguished philosophers committed to pedagogy Addressing primarily practical issues such as how to motivate students construct particular courses and give educational exams the essays also touch on theoretical issues such as whether moral edification is a proper goal of teaching ethics An excellent sourcebook for graduate students just learning to teach as well as for professors searching for new strategies and inspiration or called upon to teach courses outside of their specialties *Navigating Academic Life* Steven M.

Cahn, 2020-12-14 This engaging collection of recent essays reveals how a professorial career involves not only pursuit of a scholarly discipline but also such unwelcome features as the tribulations of graduate school the trials of teaching and the tensions that develop from membership in a department The author who enjoyed a distinguished career as a professor of philosophy and senior university administrator draws on his extensive experience to offer candid advice about handling the frustrations of academic life Combining philosophical principles practical concerns and personal observations this book serves as a reliable guide for both new and veteran academics as well as for anyone seeking to understand the inner workings of colleges and universities

A Teacher's Life Robert B. Talisse, Maureen Eckert, 2021-08-24 Steven M Cahn belongs to that exclusive class of professors who have not only contributed influentially to the leading debates of their discipline but have also written insightfully about the academic vocation itself This volume comprises thirteen essays authored by Cahn's colleagues and former students presented in his honor on the occasion of his twenty fifth year as professor of philosophy at the City University of New York Graduate Center The essays focus on topics that have been central to Cahn's philosophical work such as the teaching of philosophy the responsibilities of philosophy professors the nature of happiness and the concept of the good life
