People's History Cy Gonick, 2016-04-18 When Winnipeg s Cy Gonick started the magazine *Canadian Dimension* in 1963 to provide a home for the thinking and analysis of mostly young leftists engaged in Canadian economic social cultural artistic and political issues he had no grand plan But *Canadian Dimension* was welcomed by intellectuals scholars and students and it proved enduring Hundreds of Canada s leading figures of the left have contributed to its pages over the years writing about every major topic in Canadian public life This book offers an account of the most important developments in Canadian history from the sixties until today as seen and interpreted by scholars and writers on the pages of *Dimension* Each chapter reviews a major theme such as Canada s relationship to the U S the development of our health care system the dynamics of Aboriginal non Aboriginal relations and the role of Canadian cultural work in shaping Canadian society Taken together the book provides a unique and broad perspective on virtually every significant event and development in recent Canadian history Readers who know the magazine will find this book a compelling summary of how Canada changed in the past five decades and how the Left saw those changes and challenged them Readers who discover *Canadian Dimension* through this book will find a multitude of compelling voices who challenge the dominant neoliberal thinking of mainstream Canadian intellectual life The twenty seven contributors from every part of the country are Greg Albo Brenda Austin Smith Chris Bailey Evan Bowness Mordecai Briemburg Elizabeth Comack Angela Day Bryan Evans Alvin Finkel Peter Graefe Judy Haiven Larry Haiven Trevor Harrison Henry Heller David Hugill Peter Kulchyski Andrea Levy James McCorrie James Naylor Bryan Palmer Denis Pilon Joe Roberts Stephanie Ross Arthur Schafer Frank Tester John Warnock and Chris Webb *Building Sanctuary* Jessica Squires, 2013-09-20 Canada enjoys a reputation as a peaceable kingdom and a refuge from militarism Yet Canadians during the Vietnam War era met American war resisters not with open arms but with political obstacles and public resistance and the border remained closed to what were then called draft dodgers and deserters Between 1965 and 1973 a small but active cadre of Canadian antiwar groups and peace activists launched campaigns to open the border Jessica Squires tells their story often in their own words Interviews and government documents reveal that although these groups ultimately met with success in the process shaping Canadian identity and Canada s relationship with the United States they had to overcome

state surveillance and resistance from police politicians and bureaucrats Building Sanctuary not only brings to light overlooked links between the anti draft movement and Canadian immigration policy it challenges cherished notions about Canadian identity and Canada in the 1960s **Fear of a Black Nation** David Austin,2023-04-18 In the 1960s Montreal was a hotbed of radical politics that attracted Black and Caribbean figures such as C L R James Walter Rodney Mariam Makeba Stokely Carmichael Rocky Jones and douard Glissant It was also a place where the ideas of Frantz Fanon Aim C saire and Malcolm X circulated alongside those of Karl Marx Jean Paul Sartre and Simone de Beauvoir During this period of global upheaval and heightened Canadian and Quebec nationalism Montreal became a central site of Black and Caribbean radical politics Situating Canada within the Black radical tradition and its Caribbean radical counterpart Fear of a Black Nation paints a history of Montreal and the Black activists who lived sojourned in or visited the city and agitated for change Drawing on Saidiya Hartman s conception of slavery s afterlife and what David Austin describes as biosexuality a deeply embedded fear of Black self organization and interracial solidarity Fear of a Black Nation argues that the policing and surveillance of Black lives today is tied to the racial including sexual codes and practices and the discipline and punishment associated with slavery As meditation on Black radical politics and state security surveillance and repression Fear of a Black Nation combines theoretical and philosophical inquiry with literary oral and archival sources to reflect on Black political organizing In reflecting on Black self organization and historic events such as the Congress of Black Writers and the Sir George Williams Affair the book ultimately poses the question what can past freedom struggles teach us about the struggle for freedom today Featuring two new interviews with the author and a new preface this expanded second edition enriches the political and theoretical conversation on Black organising and movement building in Canada and internationally As the Black Lives Matter and abolition movements today popularize calls to disarm and defund the police and to abolish prisons Fear of a Black Nation provides an invaluable reflection on the policing of Black activism and a compelling political analysis of social movements and freedom struggles that is more relevant now than ever **Marxism and Historical Practice (Vol. II)** Bryan D.

Palmer,2015-09-01 The two volumes of Marxism and Historical Practice bring together a wide range of essays written by one of the major Marxist historians of the last fifty years Collected in Volume II Interventions and Appreciations are articles and reviews capturing the breadth of Palmer s interests as a radical historian Cultural forms and representational productions are analysed political readings of historiography and pioneering historical practice provided Themes as diverse as the analytic and political contributions of Eric Hobsbawm and E P Thompson the conflicted legacies of American Trotskyism and the representation of class politics in Scorsese s Gangs of New York are covered [Labour at the Lakehead](#) Michel S. Beaulieu,2011-05-07 In the early twentieth century the Canadian Lakehead was known as a breeding ground for revolution a place where harsh conditions in dockyards lumber mills and railway yards drove immigrants into radical labour politics This intensely engaging history reasserts Northwestern Ontario s rightful reputation as a birthplace of leftism in Canada by

exposing the conditions that gave rise to an array of left wing organizations including the Communist Party the One Big Union and the Industrial Workers of the World Yet as Michel Beaulieu shows the circumstances and actions of Lakehead labour especially those related to ideology ethnicity and personality were complex they simultaneously empowered and fettered workers in their struggles against the shackles of capitalism Cultural ties helped bring left wing ideas to Canada but as each group developed a distinctive vocabulary of socialism Anglo Celtic workers defended their privileges against Finns Ukrainians and Italians At the Lakehead ethnic difference often outweighed class solidarity at the cost of a stronger labour movement for Canada

Liberalism and Hegemony Michel Ducharme, Jean-François Constant, 2009-01-01 The essays collected here explore the possibilities and limits presented by The Liberal Order Framework for various segments of Canadian history and within them the paramount influence of liberalism throughout the nineteenth and twentieth centuries is debated in various contexts

The Palgrave Handbook of Gender, Sexuality, and Canadian Politics Manon Tremblay, Joanna Everitt, 2020-11-20 The Palgrave Handbook of Gender Sexuality and Canadian Politics offers the first and only handbook in the field of Canadian politics that uses gender which it interprets broadly as inclusive of sex sexualities and other intersecting identities as its category of analysis Its premise is that political actors identities frame how Canadian politics is thought told and done in turn Canadian politics as a set of ideas state institutions and decision making processes and civil society mobilizations does and redoes gender Following the standard structure of mainstream introductory Canadian politics textbooks this handbook is divided into four sections ideologies institutions civil society and public policy each of which contains several chapters on topics commonly taught in Canadian politics classes The originality of the handbook lies in its approach each chapter reviews the basics of a given topic from the perspective of gendered sexualized and other intersectional identities Such an approach makes the handbook the only one of its kind in Canadian Politics

and students of poetry and poetics **Hobohemia and the Crucifixion Machine** Todd McCallum, 2014-12-28 In the early years of the Great Depression thousands of unemployed homeless transients settled into Vancouver's hobo jungle. The jungle operated as a distinct community in which goods were exchanged and shared directly without benefit of currency. The organization of life was immediate and consensual, conducted in the absence of capital accumulation. But as the transients moved from the jungles to the city, they made innumerable demands on Vancouver's Relief Department, consuming financial resources at a rate that threatened the city with bankruptcy. In response, the municipality instituted a card control system, no longer offering relief recipients currency to do with as they chose. It also implemented new investigative and assessment procedures, including office spies to weed out organizational inefficiencies. McCallum argues that threatened by this ungovernable society, Vancouver's Relief Department employed Fordist management methods that ultimately stripped the transients of their individuality. Vancouver's municipal government entered into contractual relationships with dozens of private businesses, tendering bids for meals in much the same fashion as for printing jobs and construction projects. As a result, entrepreneurs clamoured to get their share of the state spending. With the emergence of work relief camps, the provincial government harnessed the only currency that homeless men possessed: their muscle. This new form of unfree labour aided the province in developing its tourist-driven image economy, as well as facilitating the transportation of natural resources and manufactured goods. It also led eventually to the most significant protest movement of 1930s Canada, the On to Ottawa Trek. **Hobohemia and the Crucifixion Machine** explores the connections between the history of transiency and that of Fordism, offering a new interpretation of the economic and political crises that wracked Canada in the early years of the Great Depression.
