The Rebirth of Liberty Clarence B. Carson, 1973 The Rebirth of Liberty Clarence B. Carson, 1976 **Revival: A History of Modern Culture: Volume I (1930)** Preserved Smith, 2019-07-16 The best excuse for writing the history of anything is the intrinsic interest of the subject Most men of past generations have thought and many men still think of politics as the warp and woof of social life History for a long time therefore treated chiefly politics Then came the economists to arouse the interest of scholars and of the public in the production and distribution of wealth Economic history rightly absorbs much attention for it illumines with its new searchlight many a dark corner of the past and explains many features of present day society But to many men today the most interesting thing about society is its culture just as the most interesting thing about an individual is his thought Indeed it has begun to be suspected that even politics and economics each sometimes worshipped as a First Cause are but secondary effects of something still deeper namely of the progress of man's intellectual life The present volume aims to exhibit as a unified whole the state and progress of modern culture Faith and History John Somervell Hoyland, 1926 **The History of the Revival and Progress of Independency in England** Joseph Fletcher, 1848 Revival: A History of Modern Culture: Volume II (1934) Preserved Smith, 2018-01-16 The understanding of history can be advanced only by the combination or alternation of analysis and synthesis Detailed research and generalizing survey are not antiethical but complementary For a long time however the specialist has reigned supreme in our schools The need is now surely for a return to synoptic writing The present work was undertaken to supply the need of a synthesis It is a map of a large region not a geological chart of a square mile or the plan of a single city Its value if any lies in its view of the interrelations of large tracts of social and intellectual life not in the intensive investigation of narrow fields The history of the revival and progress of Independency in England, since the period of the Reformation Joseph Fletcher, 1847 *The History of the Revival and Progress of Independency in England, Since the Period of the Reformation, Etc* Joseph FLETCHER (of Hanley.), 1847 **Emerson's English Traits and the Natural History of Metaphor** David LaRocca, 2013-09-26 Metaphors are ubiquitous and yet for that very reason go largely unseen We are all variously susceptible to a blindness or blurry vision of metaphors yet even when they are seen clearly we are left to situate the ambiguities connotations and contradictions they regularly present logically aesthetically and morally David LaRocca's book serves as a set of reminders of certain features of the natural history of our language especially the tropes that permeate and define it As part of his investigation LaRocca turns to Ralph Waldo Emerson's only book on a single topic English Traits 1856 which teems with genealogical and generative metaphors blood birth plants parents family names and race In the first book length study of English Traits in over half a century LaRocca considers the presence of metaphors in Emerson's fertile text a unique work in his expansive corpus and one that is regularly overlooked As metaphors are encountered in Emerson's book and drawn from a long history of usage in work by others a reader may realize or remember what is inherent and encoded in our language

but rarely seen how metaphors circulate in speech and through texts to become the lifeblood of thought **America, History and Life** ,2007 Article abstracts and citations of reviews and dissertations covering the United States and Canada History of the Christian Church: The Puritan reform and the evangelical revival, 1648-1800 George Herbert Dryer,1903 *Representation and Identity from Versailles to the Present* A. unified citizenry rallies behind them and the American cause But the lived experience of the Revolution was a more complex matter filled with uncertainty fear and discord In *The American Revolution Reborn* editors Patrick Spero and Michael Zuckerman compile essays from a new generation of multidisciplinary scholars that render the American Revolution as a time of intense ambiguity and frightening contingency *The American Revolution Reborn* parts company with the Revolution of our popular imagination and diverges from the work done by historians of the era from the past half century In the first section Civil Wars contributors rethink the heroic terms of Revolutionary era allegiance and refute the idea of patriotic consensus In the following section Wider Horizons essayists destabilize the historiographical inevitability of America as a nation The studies gathered in the third section New Directions present new possibilities for scholarship on the American Revolution And the last section titled Legacies collects essays that deal with the long afterlife of the Revolution and its effects on immigration geography and international politics With an introduction by Spero and a conclusion by Zuckerman this volume heralds a substantial and revelatory rebirth in the study of the American Revolution Contributors Zara Anishanslin Mark Boonshoft Denver Brunsman Katherine Cart Engel Aaron Spencer Fogleman Travis Glasson Edward G Gray David C Hsiung Ned C Landsman Michael A McDonnell Kimberly Nath Bryan Rosenblithe David S Shields Patrick Spero Matthew Spooner Aaron Sullivan Michael Zuckerman

Boles, 2014-07-11 Drawing upon the religious writings of southern evangelicals John Boles asserts that the extraordinary crowds and miraculous transformations that distinguished the South's First Great Awakening were not simply instances of emotional excess but the expression of widespread and complex attitudes toward God Converted southerners were starkly individualistic interested more in gaining personal salvation in a hopelessly evil world than in improving society As Boles
