Recent Social Trends in Greece, 1960-2000 L. Maratou-Alimprantē, Andromachi Hadjiyanni, 2004 An overview of the socio economic profile of Greece during 1960 1995 **Recent Social Trends in France, 1960-1990** Michel

Forsé, International Research Group on the Comparative Charting of Social Change in Advanced Industrial Societies, 1993 Over the three decades from 1960 to 1990 French society underwent a spectacular transformation due to the baby boom which was particularly broad based and prolonged in France and caused the population to climb by a full one third At the same time the French economy expanded and the pace of modernization picked up with the result that the wealth of the French quadrupled in a single generation The turning point between the reconstruction and development period and the period of profound social change appears to have been 1965 The baby boom was over by then and the production system was shifting in orientation No longer dominated by the growth of basic industries production was now starting to focus on consumer goods and services *Multicultural Variations* Lance W. Roberts, Barry Ferguson, Mathias Bös, 2013-02-01

Contrary to mid twentieth century predictions ethnic pluralism has increased dramatically in North America and significantly in Europe Neither the post 9 11 emphasis on international border security nor anti immigration and anti multiculturalism movements have affected the fifty year trend of increasing labour mobility and sustained levels of migration The ethnic pluralism accompanying this powerful trend has fueled academic research and public debate Contributors report on and develop a conceptualization of ethnic social incorporation and multiculturalism in Canada the United States Germany Greece Bulgaria and Italy This group of countries displays a remarkable variety of both ethnic diversity and public policy responses to ethnic social incorporation over the past four decades It includes two countries Canada and the United States built upon very large scale immigration over the course of more than a century two countries Greece and Italy which until recently were characterized by large scale emigration but now are grappling with immigration one country Bulgaria that was until the 1990s insulated from extensive migration and faces a demographic slump and one Germany that has experimented with isolating temporary populations but is now addressing the responsibilities of permanent immigration *Multicultural Variations* includes national reports describing each of the six countries under investigation and is book ended by introductory and concluding chapters that present a new understanding of and synthesis on multiculturalism that is distinct from either enthusiastic support or ideological critiques Contributors include Mathias B s Philipps Universit t Marburg Germany Antonio Chiesi Universit degli Studi di Milano Italy Jason Edgerton University of Manitoba Canada Barry Ferguson University of Manitoba Canada Nikolai Genov Freie Universit t Berlin Germany Louis Hicks St Mary s College of Maryland USA Paul Kingston University of Virginia USA Laura Maratou Alipranti National Centre for Social Research Athens Greece Lance W Roberts University of Manitoba Canada Sonia Stefanizzi Universit degli Studi di Milano Bicocca Italy and Susanne von Below Johann Wolfgang Goethe Universit t Frankfurt Germany **Masculinity and Gender in Greek Cinema** Achilleas

Hadjikyriacou,2013-10-24 Between the end of the Civil War 1949 and the colonels military coup 1967 Greece underwent tremendous political economic and social transformations which influenced gender identities and relations During the same period Greece also witnessed an unparalleled bloom in cinema productions Based on the recently established paradigm that cinema and popular culture viewed as social institutions can inform a historical study Masculinity and Gender in Greek Cinema explores the relationship between Greek cinema and the society within which it was created and viewed The book s double analytical perspective on cinema and masculinity advances both the study of cinema and popular culture as historical sources and of masculinity and gender relations as valid categories of historical analysis Cinema as a medium of representation not only managed to reflect on these issues it also provided a whole new field for their interpretation This is the first study to explore the dramatic transformation of masculinity and gender roles as represented in Greek cinema during the turbulent 1950s and 1960s

Sociology in Greece Spiros Gangas,Georgia Lagoumitzi,2022-11-21 This Palgrave Pivot provides a concise history of the development of sociology in Greece It provides a compelling narrative of the discipline s embryonic state its promising beginnings that aligned with its contact with the then robust French and German accomplishments in sociology It continues with sociology s entanglement with modern Greece s turbulent history during the Civil War and the junta years It charts Greece s gradual recovery during the mid 1970s which led to sociology s institutionalization Yet such institutional boom was not free of politicization processes many of which proved residual and resilient stemming from the dictatorship years as well as from Greece s dependency during its process of modernization This book completes this historical account by reconsidering sociology s gradual embrace of a multi paradigmatic orientation its opportunities in light of the burgeoning Greek EU membership and extroversion It concludes with charting sociology s position in the 21st century facing challenges like the Great Recession and its impact in Greece as well as the COVID 19 pandemic
