Redeeming The City Theology Politics And Urban Policy:

Redeeming the City Ronald D. Pasquariello, Alan F. Geyer, 1982 **The Living Church**, 1983 *God So Loves the City* Charles E. Van Engen, Jude Tiersma, 2009-08-01 From the explosive contexts of Nairobi Mexico City Los Angeles and Madras burst fresh insights on the mission of the church for the city Jude Tiersma and Charles Van Engen worked closely with an international team of experienced urban practitioners to explore the most urgent issues facing those who minister in today's cities From each particular urban setting a team member contributed a story from ministry in the city Each story uniquely illustrates a different challenge of urban ministry in the face of injustice marginalization and urban structures This book brings you these stories then retells them in light of Scripture introducing new hope to each one From these stories emerge new ideas about the nature of cities and how to practice ministry in them The new methodology employed by Van Engen and Tiersma's team leads us in the first steps toward a theology of mission for the city *God So Loves the City* is a must for pastors seminary students missiologists congregation members and all who are concerned about urban ministry

Return to Justice Soong-Chan Rah, Gary VanderPol, 2016-06-21 Reclaiming an Evangelical History of Activism In recent years there has been renewed interest by evangelicals in the topic of biblical social justice Younger evangelicals and millennials in particular have shown increased concern for social issues But this is not a recent development Following World War II a new movement of American evangelicals emerged who gradually increased their efforts on behalf of justice This work explains the important historical context for evangelical reengagement with social justice issues The authors provide an overview of post World War II evangelical social justice and compassion ministries introducing key figures and seminal organizations that propelled the rediscovery of biblical justice They explore historical and theological lessons learned and offer a way forward for contemporary Christians **The Liberating Spirit** Eldin Villafane, 2021-03-23 This book takes a giant step both in theology and in social ethics It forces theologians to examine the worship and spirituality of Hispanic Pentecostals as a source of theological construction and pushes the Pentecostals themselves to see the broader social implications of their own faith expressions With both Hispanic peoples and Pentecostals forming a larger and larger portion of the American cultural and religious reality this is a vital book indeed an indispensable one for any person knowledgeable about our society to read and ponder Harvey Cox Harvard Divinity School Here is a pioneering book Villafane works a synthesis of the cultural and the spiritual and celebrates the capacity of Pentecostalism to appeal to Hispanic Americans The time is ripe for this important book which delves into the very passion of the human heart and offers an ethic of hope and liberation It should be read by anyone interested in the spiritual condition of Hispanics in a pluralistic society Jesse Miranda Azusa Pacific University *The Liberating Spirit* should be required reading for anyone interested in the study of social ethics Pentecostal theology or Hispanic American theology Dr Villafane has broken the long standing bifurcation of the profane and the sacred so often associated with Pentecostal theology *The Liberating Spirit* introduces us to a new and

liberating way of being Christians led by the spirit in the modern world Samuel Solivan Andover Newton Theological School Fully aware of the pitfalls and promises of oral theology Villafane approaches his topic from inside an Hispanic Pentecostal understanding of the Spirit vividly describing the pains and joys of an Hispanic Pentecostal in the United States After reading this book it is impossible to paint the whole Pentecostal movement with the brush of right wing theological and political conservatism Walter Hollenweger University of Birmingham England **Bhubaneswar** Ravi Kalia,1994 In this informative new book Ravi Kalia continues his examination of the planning of Indian cities begun with his earlier study of Chandigarh Here Kalia makes systematic inquiries into the political circumstances that brought about modern Bhubaneswar the capital of the state of Orissa to reveal the historical and social circumstances that shaped the city In this account Kalia brilliantly shows the interplay of indigenous religious forces regional loyalty and Western secular ideas in the context of twentieth century international architecture and planning movements This book will prove invaluable to historians architects planners sociologists and scholars interested in India as well as those interested in urban planning in developing countries

Reaching the City Gary Fujino,Timothy R. Sisk,Tereso C. Casino,2012-06-28 Rapid urbanization and globalization processes worldwide have changed the landscape of our times In Asia and Africa the number of urban dwellers increases by an average of one million per week according to the United Nations More than half of the globe s seven billion human beings now live in cities These realities have far reaching implications for mission in urban contexts at the start of the third millennium *Reaching the City Reflections on Urban Mission for the Twenty first Century* seeks to address the missiological challenges associated with this new world order Each author in this collection respectfully builds upon the significant contributions of seminal writers such as Ray Bakke Jacques Ellul Basil of Caesarea and others while making new and creative proposals for urban mission in our world today Beginning with the bigger picture of the global challenges of urbanization and moving through theological historical and educational perspectives this volume concludes with a rich bevy of case studies engaging these new realities of both North American and international cities to encourage a missional thrust to reach these communities Christian Ethics in Conversation Isaac B. Sharp,Christian T. Iosso,2020-10-05 Inspired by Donald W Shriver Jr s leadership of Union Theological Seminary New York City *Christian Ethics in Conversation* brings together essays by members of a stellar faculty including Gary Dorrien Larry Rasmussen Phyllis Tribble and Cornel West and interdisciplinary colleagues such as Columbia University biologist Robert Pollack Chancellor Emeritus of the Jewish Theological Seminary Ismar Schorsch and Pulitzer Prize winning Yale historian David W Blight The challenges they describe of embracing diversity while facing financial pressure and encouraging social change speak to seminaries churches denominations and faithful individuals facing similar challenges today The chapters model the kinds of interdisciplinary interfaith and inter institutional conversations foundational to Shriver s approach to Christian public ethics Shriver and Union Seminary addressed racial justice directly and colleagues describe lessons learned from an activist academic who was also a Southerner committed to

reconciling and repairing the wounds of history International conversation partners analyze the place of moral claims in successful social transformation but those claims also had to be lived out in the seminary's institutional life Gender justice full inclusion and liberation theologies became crucial to Union's identity but not automatically The changes required are described by a former dean board member worship leader and several students All the while faculty and students of Union and its neighbors were engaged in ongoing debates about honest patriotism friendship across division and the dangers of uncritical nationalism also captured by the book's contributors With contributions from M Craig Barnes Serene Jones Dean K Thompson Donald W Shriver Jr Gary Dorrien Milton McCormick Gatch Jr Larry Rasmussen Cornel West Janet R Walton James A Forbes Jr Phyllis Tribble Robert Pollack Ismar Schorsch Hays Rockwell Thomas S Johnson Lionel Shriver David Kwang sun SUH Roger Sharpe Bill Crawford Robert W Snyder Eric Mount Joseph V Montville Helmut Reihlen and Erika Reihlen David Blight Ronald H Stone Steve Phelps

On Second Thought Donald W. Shriver, 2010-03-01 In this Don Shriver's fifteenth book the socially involved ethicist and former president of Union Theological Seminary reveals some of the challenging experiences and ideas that have informed his work In a book both personal and honest Shriver reflects on the nature and importance of books music education war friends marriage political conflict and his tenure at Union The essays as a whole represent exemplary theological work by showing how biblical images and themes provided Shriver with both a lens for interpreting his era and a perspective from which to anticipate the future A dominant theme of his work has been the dynamics of forgiveness in human

society and the meaning of forgiveness beyond personal life in the relations of groups and nations A final essay a letter to the great grandchildren he will never meet articulates the positive and hopeful message of this wide ranging collection For readers already familiar with his local to global efforts spanning ecumenical racial economic and political justice issues the book offers new insights into how Shriver s life experiences have impacted his work For those not yet familiar with that work the collection offers an intimate introduction to Shriver s passions for theology history and social justice particularly in the American South Germany Ireland South Africa and East Asia Models of Heaven M. Francis Mannion,2023-08-31 Many people nowadays are confused about the topic of heaven skeptical about it or think it beyond description This book argues that without venturing into the esoteric or fanciful we can know more about heaven than we think Did you know for instance that heavenly rest will be exciting and dynamic That we will be overwhelmed and transformed by the beauty of God That we will dance with the Trinity sing with the angels and enjoy the delightful company of the saints including the saints we have known and loved on earth The book will deal with what we will be doing in the Holy City and in the magnificence of the new creation and what it means to say that we will feast at the heavenly banquet If you want answers to these questions at once inspired by Christian tradition and modern insight and presented in a fresh and compelling manner this book is for you It is written not only for theologians and specialists but also for inquiring Catholics and other Christians seeking to deepen their understanding of life after death It will serve theology students seminarians clergy religious educators and parish study groups Readers willing to invest time and energy in the book will find their view of heaven deepened and expanded

Wilson,2008-06 With the 2008 U S presidential campaign in full swing many pundits and commentators are striving to understand the political behavior of Latinos the largest minority in the United States and a key voting block that presidential candidates in this election and beyond will have to learn how to secure As the author makes clear not only are Latinos a religious community but their religious institutions in particular faith based organizations inform daily life and politics in Latino communities to a considerable degree Timely and discerning this unique scholarly work addresses this increasingly powerful political force Concentrating on urban areas in the South Bronx Philadelphia and Chicago the author provides a systematic look at the spiritual social and cultural influence Latino faith based organizations have provided in American life as well as in understanding Latino social and political involvement in the United States
