George Malis, 2016-02-20 Silver dollars sometimes known as standards or cartwheels have had a long and unsettled existence Morgan silver dollars were minted continuously from 1878 to 1904 but in quantities that fluctuated wildly from year to year Then they were minted again for a year in 1921 The history of the US silver dollar is intricately tied to specific acts of congress changes in America's political climate and the availability of silver throughout history Add the various discrepancies between mints and dies and you've got a fascinating and complex numismatic story This book is the most thorough and detailed reference to date on Morgan and Peace silver dollars Including innumerable die varieties and in depth historical context The Comprehensive Catalogue and Encyclopedia of U S Morgan and Peace Silver Dollars is the only silver dollar reference book that fully explores the politics and culture surrounding the coins There is a chapter devoted to detailing every legislative act of Congress that affected silver dollar coinage and another dedicated to carefully describing the century old silver dollar minting process from mining to striking With descriptions and photos of over 800 Morgan die varieties and extensive discussions of error coins and the design process this book is the only truly complete guide to Morgan and Peace silver dollars [A Buyer's Guide to Silver Dollars and Trade Dollars of the United States](#) Q. The Silver Dollar W.R. Benton, 2018-05-18 An intriguing new series following the trails of the Wild West It all starts with a coin but not just any coin In 1835 a dollar can mean life or the slow death by starvation for a young New Orleans street urchin When the lad spots the silver dollar in the debris littering his path he feels it's the luckiest day of his young life But this coin has a history and a future that doesn't include the boy For a while the urchin and the coin's paths will intersect and the union will spark an adventure the size and scope of which the young man could never have dreamed But a coin is not meant for keeping As the silver dollar leaves one set of hands for another owner the journey continues From far flung

western frontiers to the Great Plains this one coin will touch many lives a mountain man a soiled dove and it will witness unspeakable violence and events of touching humanity For many the coin will become their savior a single silver drop in their empty well of hope For others the coin is their last earthly possession a token of good luck passed on to others for new guardianship Yet at each new pocket or purse the scope and breath of the coin's path will astound you The Silver Dollar is an epic new western action tale like nothing you've ever read before unique heartbreaking and packed with the historical details you have come to expect from best selling author WR Benton
