Simone De Beauvoir A Critical Introduction:

Simone de Beauvoir Edward Fullbrook, Kate Fullbrook, 1998-02-04 This book provides the first comprehensive introduction to Simone de Beauvoir's philosophical thought. Beauvoir has long been recognized as the twentieth century's leading feminist writer, but the full extent of her significance as a philosopher is just coming into focus. This study examines the history of Beauvoir's development into one of the most original and influential thinkers of her era. The Fullbrooks begin with an account of Beauvoir's formation as a philosopher. They then explore her early writing on philosophical method and the ways this shaped her fiction. The book traces the development of Beauvoir's central theories of embodied consciousness and intersubjectivity and examines her concepts of the individual and the social other. An analysis of Beauvoir's ethics of liberation leads to philosophical readings of her great works of applied ethics: *The Second Sex* and *Old Age*. Finally, Beauvoir's contribution to continuing debates about consciousness, the body, the self, and the other is reassessed. The publication of this introduction to Beauvoir's philosophy is an important contribution to the current renaissance of Beauvoir studies. Clear, accessible, and lively, this book is essential reading not only for students of Beauvoir but for anyone interested in the submerged record of women's impact on philosophy.

The Cambridge Companion to Simone de Beauvoir Claudia Card, 2003-03-10 Table of contents [Simone de Beauvoir](#) Ursula Tidd, 2004-06-02 Simone de Beauvoir's groundbreaking work has transformed the way we think about gender and identity. Without her 1949 text *The Second Sex*, gender theory as we know it today would be unthinkable. A leading figure in French existentialism, Beauvoir's concepts of becoming woman and of woman as Other are among the most influential ideas in feminist enquiry and debate. This book guides the reader through the main areas of Simone de Beauvoir's thought, including existentialism and ethics, gender studies and feminism, literature and autobiography, sexuality, the body, and ageing. Drawing upon Beauvoir's literary and theoretical texts, this is the ideal introduction to her thought for students on a range of courses, including literature, cultural studies, gender philosophy, and modern languages.

The book offers readers the basics of Beauvoir, affording new and continuing readers a guide to her works and ideas. The book examines main developments in her life, the social and political events and efforts, as well as intellectual figures who influenced her thinking. The Palgrave Handbook of German Idealism and Existentialism Jon Stewart, 2020-08-25 This Handbook explores the complex relations between two great schools of continental philosophy German idealism and existentialism While the existentialists are commonly thought to have rejected idealism as overly abstract and neglectful of

the concrete experience of the individual the chapters in this collection reveal that the German idealists in fact anticipated many key existentialist ideas A radically new vision of the history of continental philosophy is thereby established one that understands existentialism as a continuous development from German idealism Key Features Operates at both the macro level and micro level treating both the two schools of thought and the individual thinkers associated with them Explores the relations from shifting perspectives by examining how the German idealists anticipated existentialist themes and how the existentialists concretely drew on the work of the idealists Meticulously uncovers and documents many little known points of contact between the German idealists and the existentialists Includes often neglected figures such as Jacobi and Trendelenburg This Handbook is an essential resource for researchers and advanced students interested in thinking critically about the broad development of continental philosophy Moreover the individual chapters on specific philosophers contain a wealth of information that will compel experts in the field to reconsider their views on these figures Genre and Void Max Deutscher, 2017-09-29 This book was first published in 2003 Developing a reading of some of Beauvoir's and Sartre's most influential writings in philosophy Max Deutscher explores contemporary philosophy in the light of the phenomenological tradition within which *Being and Nothingness* and *The Second Sex* occurred as striking events operating on the border of the modern and the post modern Deutscher traces the shifts of genre that produce their gendered philosophies and responds in terms of contemporary experience to the mood and the arguments of their works Drawing upon the writings of two contemporary critics in particular Michele Le Duff and Luce Irigaray Deutscher reworks this part of philosophy's history in order to advance thinking in contemporary philosophy generate renewed philosophical reflection on consciousness freedom and one's relation to others and to return a look still cast in our direction from an earlier time *Excess and Transgression in Simone de Beauvoir's Fiction* Alison Holland, 2017-03-02 Alison Holland's innovative book fills a gap in Beauvoir studies by focusing on the writer's frequently neglected novels and short stories *L'Invitation* *Les Mandarins* *Les Belles Images* and *La Femme rompue* In illuminating the density and rich complexity of Beauvoir's style Holland challenges the often accepted view that Beauvoir's writing is flat detached and controlled revealing rather that her prose is frequently disrupted and inflected by forceful emotion Holland shows that excess and transgression are intrinsic qualities of the texts and argues that Beauvoir's textual strategies duplicate madness in her fiction Holland's reading of Beauvoir's fiction demonstrates the extent to which Beauvoir's fiction undermines an ideologically patriarchal position on language Her study is important not only for its re-evaluation of Beauvoir as a fiction writer but for its contribution to the wider debate on madness and literature
