program will give parents the tools they need to teach Math with Confidence even if they've never taught math before. Short, engaging, and hands-on lessons will help children develop a strong understanding of Second Grade math: step by step reading, writing, and comparing numbers to 1000; adding and subtracting 2 and 3 digit numbers; solving addition and subtraction word problems; telling time; counting money; and measuring length. Reading graphs, identifying 2 D and 3 D shapes, and understanding simple fractions. Children will develop both strong number sense and a positive attitude toward math with fun activities like Pretend Restaurant, Measurement Tag, and Fraction Bump. All you'll need are this Instructor Guide, the Student Workbook, and simple household items like play money, base ten blocks, a clock, and a ruler to make math come alive for children. Short, hands-on, and developmentally appropriate lessons. Games and pretend activities make math fun. Easy to use with clear directions and explanatory notes. Delightful and optional weekly enrichment lessons with picture book recommendations and real life math extension activities. Memory work and daily review to ensure children retain what they've learned and master essential skills.

Fifth Grade Math with Confidence Instructor Guide Kate Snow, 2025-07-01

Teach Fifth Grade Math with Confidence. This scripted open and go program from math educator Kate Snow will give you the tools you need to teach math with confidence even if it's been years since you learned these concepts yourself. Engaging hands-on lessons will help your child develop a strong understanding of math step by step. This scripted open and go program from math educator Kate Snow will give you the tools you need to teach math with confidence even if it's been years since you learned these concepts yourself. Engaging hands-on lessons will help your child develop a strong understanding of math step by step: adding, subtracting, multiplying, and dividing decimals; adding and subtracting fractions with different denominators; multiplying and dividing fractions and mixed numbers; multi-step fraction and decimal word problems; solving measurement problems with fractions and decimals; line graphs and the coordinate plane; geometry and volume; mean and median. Your child will develop strong math skills and a positive attitude toward math with fun games and real world applications. All you'll need are this Instructor Guide, the two Student Workbooks, Part A and Part B, and a few simple manipulatives like base ten blocks and fraction tiles to make math come alive for your child. Hands-on, incremental lessons that steadily build conceptual understanding. Daily review to ensure children retain what they've learned and master essential skills. Step by step examples help your child develop math study skills and greater independence. Games and real world applications make math fun and relevant. Clear directions and explanatory notes make teaching straightforward for the parent. Optional extension activities and enrichment book recommendation link math lessons with everyday life.

WHAT PARENTS ARE SAYING: Math with Confidence has made math the favorite subject in our homeschool. My kids love it and are learning the why behind every new skill they learn. As a self-proclaimed math phobic person, I feel completely supported by the teacher's guide to present the material and help my children.
