Matibe In Tahiti:

Contributions from the Botanical Laboratory of the University of Pennsylvania, 1911 **White Lens on Brown Skin**
Matthew B. Locey, 2023-02-21 From the earliest accounts of contact with Europeans Polynesians have been perceived as sensual and sexual beings By the late 1800s publications lectures and stage plays about the Pacific became popular across Europe and often contained exotic and erotic components This book details the fusion of truth and fiction in the representation of Pacific Islanders focusing on the sexualization of Polynesians in American cinema and other forms of mass communications and commercial entertainment With messaging almost subliminal to American audiences the Hollywood media machine produced hundreds of tropical film titles with images of revealing grass skirts scanty sarongs female toplessness and glistening exposed male pectorals This critical filmography demonstrates how the concept of sex sells especially when applied on a large scale shaped American social views on Polynesian people and their culture Chapters document this phenomenon and an annotated filmography of sexualized tropes and several appendices conclude the book including a glossary of Polynesian terms and a film index **Tahitian Fungi Collected by W.A. Setchell and H.E. Parks**

Kaye Lamb, 2017-05-15
Four of the greatest maritime exploring expeditions were crammed into two decades late in the 18th century Cook's third voyage the French expedition commanded by La Perouse the Malaspinga expedition sent out by Spain and George Vancouver's Voyage of Discovery All four visited the northwest coast of North America but weather and circumstances prevented Cook from making more than what Beaglehole calls a magnificent epoch making reconnaissance La Perouse only touched the coast in a significant way at Yakutat Bay and Lituya Bay and Malaspinga's memorable visits were to Yakutat Bay and Nootka Sound Vancouver by contrast surveyed the enormous extent of coast from Lower California to Cook Inlet and his meticulous survey literally set out on the map of the world the intricacies of Puget Sound and the western coast of mainland Canada It was an achievement that places him with his mentor Cook in the first rank of marine surveyors As a midshipman Vancouver had been with Cook when he discovered the Sandwich Hawaiian Islands in 1778 They attracted his interest and the attention he devoted to the islands their inhabitants and their political future when he twice later wintered there will surprise many

This is the first annotated edition of Vancouver's journal as he revised it for publication in 1798. The original manuscript has disappeared but fortunately no fewer than 25 partial or complete logs or journals by other members of the expedition have survived. These supplement Vancouver's narrative at many points. It has been possible to identify virtually all the host of islands, channels and inlets that Vancouver encountered and the provenance of most of the approximately 400 place names he bestowed, nine out of ten of which are still in use, is indicated. Book 1 of a new and annotated edition of *A Voyage of Discovery* London 1798. The main pagination of this and the following three volumes is continuous. The voyage to Australia and Tahiti. *Andropogon Halepensis* Charles Vancouver Piper, 1915. **Captain Cook** Oliver Warner, 2016-08-29. In his three extraordinary voyages, Captain James Cook made history. He was the first to discover Australia and the Hawaiian Islands and the first to circumnavigate New Zealand. By the 1700s, England, eager to expand its realm of trade, promoted exploration of all the unclaimed regions of the world. The eighteenth century, the age of reason and enlightenment, required a new kind of explorer, not a rover or a plunderer or a seeker of adventure for its own sake but a master of navigation and seamanship. Captain James Cook filled the bill. No one ever surpassed Cook's record. From South America to Australia, from the ice islands of the South Pacific to the fogbound Bering Strait, lay thousands of miles of islands, atolls, and ocean that Cook charted. **Leeteg** CJ Cook, 2021-06-15. Labeled *Leeteg the Legende* by James Michener and Often Called the *American Gauguine*. Edgar Leeteg was the father of black velvet art and the genesis of a genre continuing today with the tiki and Polynesian pop art movement, nearly 70 years later. Describing himself as a *fornicating gin-soaked dope head*, Leeteg took on the elite of the art establishment of Honolulu Academy of Arts in 1938 and shamed them in the press. Always the shrewd promoter and a creative genius, Edgar Leeteg possessed many titles: astounding fans and antagonizing critics. His insatiable lust for life led the author James Michener to label him *Leeteg the Legende* in his book *Rascals in Paradise* 1957. This is a biography of the artist Leeteg who left California in 1933 bound for the South Pacific. His home in Tahiti allowed him to paint nudes, drink, and party with sensual vahines from the beaches to the bars of Tahiti. He was a wealthy artist and legend in his lifetime; a goal few can achieve. *Leeteg's work is entertaining and knowledgeable. The breadth of its featured cast, quotes, and remembrances make this biography lively. Tahiti, its people, roistering expats, and luminous landscapes vibrate like personal memories. Leeteg's landscapes appear alongside Paul Gauguin's questions of the fine and arbitrary line that separates popular art from work acclaimed as great.* Foreword. Reviews. **Hot Countries** Alec Waugh, 2011-10-28. First published in 1930, this discursive and absorbing travel book offers, as the author says in his new Foreword, a picture of a way of living that exists no longer. *Hot Countries* tells of a series of journeys in the Far East, the West Indies, and the South Sea Islands when he was a young and light-hearted novelist seeking colour, romance, and adventure. *A Hammond Guide to Tahiti* Charles E. Cochard, Jim Hardiman, 1972. *The Anthropology of Art* Howard Morphy, Morgan Perkins, 2009-02-04. This anthology provides a single volume overview of the essential theoretical debates in the anthropology of art. Drawing together significant

work in the field from the second half of the twentieth century it enables readers to appreciate the art of different cultures at different times Advances a cross cultural concept of art that moves beyond traditional distinctions between Western and non Western art Provides the basis for the appreciation of art of different cultures and times Enhances readers appreciation of the aesthetics of art and of the important role it plays in human society **The Bookseller** ,1910 The Fellow Worker Jordan Marsh Company,1923 *Licorice and Black Jack* Helen Jones,2024-03-28 This fable is about Licorice and Black Jack twin seafaring cats that lived on the Clipper Ship The Fair Winds during the mid 1700s These brother cats were famous for catching rats throughout the Seven Seas One night they were kidnapped by a dishonest disgruntled crew member who sold them to a witch After ridding the old harridan s hut of rats there was nothing left for them to eat so they snuck off seeking freedom food and hopefully their ship They then had the misfortune to be discovered by a disreputable merchant who sold them for their beautiful pelts Their troubles took a turn for the worst from that moment on
