Regan, 2016-01-12 Pamela C Regan's *The Mating Game: A Primer on Love, Sex, and Marriage* Third Edition is the only introductory text about human mating relationships aimed specifically at a university audience. Encompassing a wide array of disciplines, this comprehensive review of theory and empirical research takes an integrated perspective on the fundamental human experiences of attraction and courtship, mate selection, and marriage and love and sex. Strongly grounded in methodology and research design, the book offers relevant examples and anecdotes along with ample pedagogy that will spark debate and discussion on provocative and complex topics.

The Mating Game Melissa Snark, 2021-11-09 Two dominant male wolves must enter a romantic competition for mating rights with the alpha female. The winner will claim The Heart of the Iron Stone Pack and take the throne to rule as the Wolf King. Single mother Theresa Russo struggles to protect her only child in a treacherous world full of dangerous lies and even more startling truths. She has a secret crush on her best friend, but their romance is forbidden. No one must know, no one must suspect until everything changes. Unexpectedly, Theresa discovers that she commands the wolf magic touch needed to heal the broken pack. The current overbearing alpha male rules with an iron fist and encourages rivalry within the pack. He has the power to force Theresa into an arranged marriage. Need rules her body as she comes into heat, but how can she choose only one mate when her body craves both the virile beta and the man she loves, Zachary Hunter, who will do anything to claim his fated mate, anything except killing his friend. Robert Blane is just as determined to ascend to alpha. Both their beasts howl to mark her flesh and bond with her soul, but only one can survive to claim her forever. With enemies circling, they must fight for the pack and a future together.

The Mating Game Jonathan

Lockett, 2007-02-01 A sensuous exhilarating ride through romance that takes an intimate look into the passions and pitfalls of modern urban life. Trey Vince and Erika are best friends, all single, who live in Washington D.C. and are on the lookout for love. Blessed with intelligence, successful careers and good looks, one would think the dating scene would be a snap for them. However, despite their charm, wit and achievements, none of their diverse approaches to the dating game are getting results. In *The Mating Game*, Jonathan Lockett examines the lives of these three friends who seem to have it all except someone to share it with. Trey is an often arrogant ladies' man with a quick tongue and dapper good looks. His friend and alter ego Vince is the ruggedly handsome, hopelessly romantic Renaissance man who is searching high and low for his ideal mate. And then there is the confident, beautiful, no-nonsense Erika who thinks she has found the man of her dreams only to find out the opposite. However, when two mysterious women enter the scene, their lives and their friendships are turned upside down. From the streets of Washington and New York to the steamy French Quarter of New Orleans, Trey, Vince and Erika leave a trail of pandemonium in their wake as they search for love, sometimes in all the wrong places.

The Mating Game Alex

Cooper, 2020-12-07 Animals are fond of feeding, fighting and something else beginning with F. But competition is fierce and they'll need a few tricks up their sleeves to pass on their genes. *The Mating Game* investigates the ins and outs of creative courtship rituals, eyebrow-raising evolutionary adaptations and an array of peculiar peckers that would make Charles Darwin blush. Each seductive specimen has its own illustrated dating profile along with background info on its real-life mating strategies. Ever wanted to know which species engages in a spot of penis fencing? Is a love dart as romantic as it sounds? And what does a sea otter have in common with Christian Grey? From aquatic artists to pebble-thieving penguins, these amorous animals will pull out all the stops to win the mating game.
