Modelling Risk Premia In International Asset Markets:

Modelling Risk Premia in International Asset Markets Peter N. Smith, 1991 *Modelling Risk Premia in International Asset Markets* Peter N. Smith, 2000 *IBSS: Economics: 1993 Vol 42*, 1994 This bibliography lists the most important works published in economics in 1993 Renowned for its international coverage and rigorous selection procedures the IBSS provides researchers and librarians with the most comprehensive and scholarly bibliographic service available in the social sciences The IBSS is compiled by the British Library of Political and Economic Science at the London School of Economics one of the world's leading social science institutions Published annually the IBSS is available in four subject areas anthropology economics political science and sociology *The Fiscal Multiplier in Small Open Economy* Jasmin Sin, 2016-09-07 This paper studies the fiscal multiplier using a small open economy DSGE model enriched with financial frictions It shows that the multiplier is large when frictions are present in domestic and international financial markets The reason is that in the model government bonds are more liquid than private financial assets and that entrepreneurs face liquidity constraints A bond financed fiscal expansion eases these constraints and stimulates investment and hence growth This mechanism however breaks down under the assumption of perfect international capital mobility suggesting that conventional models which ignore the presence of frictions in international capital markets tend to underestimate the fiscal multiplier *International Economic Policies and Their Theoretical Foundations* John M. Letiche, 2014-06-28 The literature on international economics has become excessively specialized In selecting distinguished readings for this source book including contributions by Nobel laureates such as Lawrence R Klein Arthur Lewis James Meade and Theodore W Schultz Professor Letiche breaks the mold The essays concentrate on interrelation between theory and actual policy design and this collection of classic pieces and recent economic contributions are a valued resource in universities and government offices **Proceedings of the 2022 4th International Conference on Economic Management and Cultural Industry (ICEMCI 2022)** Hrushikesh Mallick, Gaikar Vilas B., Ong Tze San, 2023-01-07 This is an open access book 2022 4th International Conference on Economic Management and Cultural Industry ICEMCI 2022 to be held in Chongqing Online on October 14-16 2022 As the leader of the global trend of scientific and technological innovation China is constantly creating a more open scientific and technological innovation environment expanding the depth and breadth of academic cooperation and building a shared innovation community These efforts are making new contributions to globalization and building a community with a shared future for mankind ICEMCI aims to bring together innovative academics and industry experts in Economic Management and Cultural Industry into a common forum We will discuss and research on areas such as International Economics and Trade Sustainable Economic Development Economic Statistics Economic Policy The impact of cultural industries on the economy etc ICEMCI 2022 also aims to provide a platform for experts scholars engineers technicians and technology R D personnel to share scientific research results and cutting edge technologies understand academic development trends expand research ideas
