Necklace Of Raindrops:

A Necklace of Raindrops Joan Aiken, 2009-05-06 Here are eight gloriously imaginative stories for eight satisfying sessions of bedtime reading There s a flying apple pie a cat that s bigger than an elephant a house that lays an egg storybook animals that leap out of their books at night and a wealth of other wonderful characters and ideas all with the colorful dreamlike quality of the very best fairy tales Joan Aiken s delicious prose is a joy to read aloud to very young listeners yet simple enough for the independent reader to savor on his or her own Kevin Hawkes s illustrations nearly 60 of them capture with great flair and fun the magical adventures and the triumph of the good over the bad

A Necklace of Raindrops, and Other Stories Joan Aiken, 1971 **Necklace Of Raindrops** Joan Aiken, 2003-06-10 These eight stories most of which include a bit of magic include tales of a wishing mat an enormous cat and a very strange house

A Necklace of Raindrops Joan Aiken, 2005 These eight stories tell of wonderful people and events we meet a tiger who can run faster than the wind a cat the size of a whale and a little girl with a magical necklace of raindrops **A Necklace of Raindrops** Joan Aiken, 2009 The cat sat on the mat Lots of cats do that everybody knows And nothing strange comes of it But once a cat sat on a mat and something strange did come of it In Joan Aiken s classic story collection the strange often happens and with fantastic consequences Characters spring out of their books and chase around the room cats grow bigger than elephants and houses on legs lay eggs Buses live on clouds patchwork quilts become flying carpets and pies float away when they have a corner of sky baked into them The magical meets the everyday in these much loved modern fairytales now in a beautiful new edition with Jan Pienkowski s original silhouette illustrations **Self and Story in Early Childhood** Hugh

Crago, 2022-09-22 Our children grow up into a world of stories in books on screens but what do they make of the stories we offer them What do they think and feel as they listen to a parent read a picture book What if a story confuses or upsets them Over the past fifty years several intelligent committed mothers undertook the onerous task of recording exactly what their children said and did in response to the stories they shared Some of their records extended over five years or even longer Their research done without funding or academic supervision offers us unparalleled insight into children s minds long before they learn to speak let alone learn to read In **Self and Story in Early Childhood** Hugh Crago draws on his unusual combination of expertise in literary studies developmental psychology and psychotherapy to re examine the startling implications of this neglected body of evidence He highlights how much children can achieve without formal teaching but with the supportive presence of a trusted adult who will participate with them in the story experience This book will be of great interest to scholars of developmental psychology early literacy and narratology as well as to professionals working with preschoolers Most of all it will fascinate parents who themselves share stories with their child **Collected Poems of**

Lenore Kandel Lenore Kandel, 2012-04-10 Jack Kerouac immortalized her in his novel *Big Sur* A student of Zen she hung out with Gary Snyder and Allen Ginsberg and was a speaker at San Francisco s Human Be In But Lenore Kandel was no muse or

hanger on she was a brilliant lyric poet often unabashedly erotic and that's where her legacy lies Collected Poems of Lenore Kandel contains 80 examples of her art from the holy erotica of her early years to later more contemplative works Many of the poems have never been published others only in rare ephemeral publications Some are explicit celebrating carnal love as part of the divine Others are humorous and cover more quotidian subjects A recurring theme is the divine animal duality The collection includes poems written from the early fifties up until Kandel's death The paradox of Lenore Kandel is that despite her prodigious talent she was one of the least read and critically appreciated of modern poets Kandel found her voice at a time when the Beat era was giving way to the countercultural age and though she straddled both eras it meant that she also fell through the cracks in terms of recognition Now for the first time the full range of her work appears in one volume
