Nelson Rockefeller

A Political Biography

by James Desmond

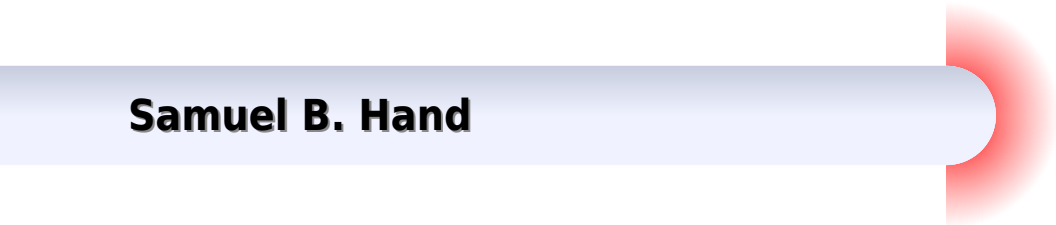

The meteoric political career of Nelson A. Rockefeller—culminating this year in his battle for the Republican Presidential nomination—has tended to obscure for much of the American electorate the extraordinary achievements and significance of the role he had played on the national public scene before being elected Governor of New York.

In this frank, closeup profile of Rockefeller the private citizen and public servant, the author presents a detailed descrip-

A handwritten signature or set of initials in dark ink, possibly reading 'A. R.', is written on the right side of the book cover. The signature is stylized and slanted.

Nelson Rockefeller A Political Biography

Samuel B. Hand

Nelson Rockefeller A Political Biography:

Nelson Rockefeller. A Political Biography. (Second Printing.). James DESMOND (of the New York "Daily News."), Nelson Aldrich Rockefeller, 1964 *Nelson Rockefeller* James Desmond, 1964 On His Own Terms Richard Norton Smith, 2014 *On His Own Terms* Michael Beschloss From the Hardcover edition *Nelson Rockefeller* Joe Alex Morris, 1960 Biography of Nelson Rockefeller Nicky Huys, 2025-08-12 Biography of Nelson Rockefeller delves into the life of one of America's most influential figures Born into a prominent family Rockefeller's journey spans through the realms of politics business and philanthropy As the 41st Vice President of the United States and a key player in the New York political scene his contributions shaped modern governance and policy The biography explores his complex personality revealing the myriad of challenges he faced and the relationships he built both personal and professional Readers will gain insight into his philanthropic endeavors including significant contributions to the arts and environment This comprehensive account not only chronicles his public achievements but also offers a glimpse into his private life showcasing the man behind the politician Through meticulous research and engaging storytelling this biography presents a nuanced portrait of a man who sought to balance power with purpose leaving a lasting legacy in American history **Nelson Rockefeller** Joe Alex Morris, 1960

Counsel and Advise: A Political Biography of Samuel I. Rosenman Samuel B. Hand, 2023-08-25 Rosenman is one of the most significant figures in recent American political history because his active career ran from 1922 to 1973 He had legislative and judicial careers of importance in addition to his remarkable White House years He worked with or for Robert Moses Alfred E. Smith Felix Frankfurter and Harry S. Truman as well as F. D. R. but Rosenman became important in large part because he knew how to make the most of his roles He maintained his close position with F. D. R. longer than anyone else 1928-1945 Sam Hand tells all of this and much more in clear interesting prose The book is thorough and surprisingly objective given the close and helpful concern for the project by the Rosenmans the book is full of sound and personal insights and judgments This book is an important contribution to our understanding of the Truman presidency for Rosenman was Truman's man as well as Roosevelt's man In the end however he was really Rosenman's man Professor Hand's book is good history based on good oral history as well as enormous conventional research It is also good reading Alfred B. Rollins Jr The Oral History Review Samuel I. Rosenman was one of the best known speech writers in recent American political history Less publicized was his role as Franklin D. Roosevelt's organizational expert during World War II and as Harry S. Truman's liberal conscience in the early months of his administration Samuel B. Hand's biography had a gestation period of twenty-two years Based primarily on original sources interviews and the personal assistance of Rosenman and his wife the study is straightforward workmanlike and well documented It should serve as the definitive account of this key presidential aide Alfred D. Sander The Journal of American History **A Man and His Presidents** Alvin Felzenberg, 2017-05-02 A new understanding of the man who changed the face of American politics William F. Buckley Jr is widely regarded as the most

influential American conservative writer activist and organizer in the postwar era In this nuanced biography Alvin Felzenberg sheds light on little known aspects of Buckley s career including his role as back channel adviser to policy makers his intimate friendship with both Ronald and Nancy Reagan his changing views on civil rights and his break with George W Bush over the Iraq War Felzenberg demonstrates how Buckley conveyed his message across multiple platforms and drew upon his vast network of contacts his personal charm his extraordinary wit and his celebrity status to move the center of political gravity in the United States closer to his point of view Including many rarely seen photographs this account of one of the most compelling personalities of American politics will appeal to conservatives liberals and even the apolitical

Nelson Rockefeller's Dilemma Marsha E. Barrett,2024-08-15 Nelson Rockefeller s Dilemma reveals the fascinating and influential political career of the four time New York State governor and US vice president Marsha E Barrett s portrayal of this multifaceted political player focuses on the eclipse of moderate Republicanism and the betrayal of deeply held principles for political power Although never able to win his party s presidential nomination Rockefeller s tenure as governor was notable for typically liberal policies infrastructure projects expanding the state s university system and investing in local services and the social safety net As the Civil Rights movement intensified in the early 1960s Rockefeller envisioned a Republican Party recommitted to its Lincolnian heritage as a defender of Black equality But the party s extreme right wing encouraged by its successful outreach to segregationists before and after the nomination of Barry Goldwater pushed the party to the right With his national political ambitions fading by the late 1960s Rockefeller began to tack right himself on social and racial issues refusing to endorse efforts to address police brutality accusing without proof Black welfare mothers of cheating the system or introducing harsh drug laws that disproportionately incarcerated people of color These betrayals of his own ideals did little to win him the support of the party faithful and his vice presidency ended in humiliation rather than the validation of moderate ideals An in depth insightful and timely political history Nelson Rockefeller s Dilemma details how the standard bearer of moderate Republicanism lost the battle for the soul of the Party of Lincoln leading to mainlining of white grievance populism for the post civil rights era

American Maelstrom Michael A. Cohen,2016 American Maelstrom captures the full drama of the 1968 watershed election taking us to the source of the politics of division

A Dictionary of Political Biography Christopher Riches,Dennis Kavanagh,2013-09-19 Originally compiled by an expert team of contributors this dictionary covers all the major figures in world politics of the twentieth century Authoritative and wide ranging it describes and assesses the lives of more than 1 100 men and women who have shaped political events across the world Each entry includes an account of the background career and achievements of the individual concerned balancing fact with critical appraisal This second edition commissioned especially for Oxford Reference contains over 25 new entries and the whole text has been thoroughly revised and updated

Rockefeller of New York Robert H. Connery,2019-01-24 This book is at once a history of Nelson A Rockefeller s fifteen year governorship and a balanced assessment of his performance Reviewing in depth the major public

policies initiated by the Rockefeller administration in New York between 1959 and 1973 the authors pinpoint the governor's successes and failures and use them to probe the extent and limits of state executive power in our country today Robert H Connery and Gerald Benjamin appraise the massive efforts that were made across many complex policy areas higher education mental hygiene drug control low and middle income housing mass transportation conservation and land use planning During the Rockefeller years New York maintained its position as one of the nation's most progressive states Rockefeller's great strengths the authors say lay in the quality of his leadership and in the unflinching way in which he drove the state to confront the major problems of his time but they are critical of him for trying to do too much too fast The failure was one of perspective they write It resulted from Rockefeller's inability to accept the limits of his circumstances and thus to accept the cumulative consequences of his decisions Rockefeller gave Connery and Benjamin complete access to his own papers and to those of the Executive Chamber In addition the authors gathered information by extensive interviews with political leaders and state officials of both parties as well as with journalists They offer a compelling rounded view of a controversial chief executive and a vigorous account of the ongoing dynamic process of government

Republican Character Donald T. Critchlow, 2018-01-09 Politics makes for strange bedfellows the old saying goes Americans however often forget the obvious lesson underlying this adage politics is about winning elections and governing once in office Voters of all stripes seem put off by the rough and tumble horse trading and deal making of politics viewing its practitioners as self-serving and without principle or conviction Because of these perspectives the scholarly and popular narrative of American politics has come to focus on ideology over all else But as Donald T Critchlow demonstrates in his riveting new book this obsession obscures the important role of temperament character and leadership ability in political success Critchlow looks at four leading Republican presidential contenders Richard Nixon Nelson Rockefeller Barry Goldwater and Ronald Reagan to show that behind the scenes ideology mattered less than principled pragmatism and the ability to build coalitions toward electoral and legislative victory Drawing on new archival material Critchlow lifts the curtain on the lives of these political rivals and what went on behind the scenes of their campaigns He reveals unusual relationships between these men Nixon making deals with Rockefeller while Rockefeller courted Goldwater and Reagan who themselves became political rivals despite their shared conservatism The result is a book sure to fascinate anyone wondering what it takes to win the presidency of the United States and to govern effectively

Post-War Planning on the Periphery Thomas C Mills, 2012-08-30 This book provides readers with an insight to a previously unexplored aspect of Anglo American economic diplomacy during the Second World War

Before the Storm Rick Perlstein, 2009-03-17 Acclaimed historian Rick Perlstein chronicles the rise of the conservative movement in the liberal 1960s At the heart of the story is Barry Goldwater the renegade Republican from Arizona who loathed federal government despised liberals and mocked peaceful coexistence with the USSR Perlstein's narrative shines a light on a whole world of conservatives and their antagonists including William F

Buckley Nelson Rockefeller and Bill Moyers Vividly written Before the Storm is an essential book about the 1960s **Rule and Ruin** Geoffrey Kabaservice,2012-01-02 The chaotic events leading up to Mitt Romney s defeat in the 2012 election indicated how far the Republican Party had rocketed rightward away from the center of public opinion Republicans in Congress threatened to shut down the government and force a U S debt default Tea Party activists mounted primary challenges against Republican officeholders who appeared to exhibit too much pragmatism or independence Moderation and compromise were dirty words in the Republican presidential debates The GOP it seemed had suddenly become a party of ideological purity Except this development is not new at all In Rule and Ruin Geoffrey Kabaservice reveals that the moderate Republicans downfall began not with the rise of the Tea Party but about the time of President Dwight Eisenhower s farewell address Even in the 1960s when left wing radicalism and right wing backlash commanded headlines Republican moderates and progressives formed a powerful movement supporting pro civil rights politicians like Nelson Rockefeller and William Scranton battling big government liberals and conservative extremists alike But the Republican civil war ended with the overthrow of the moderate ideas heroes and causes that had comprised the core of the GOP since its formation In hindsight it is today s conservatives who are Republicans in Name Only Writing with passionate sympathy for a bygone tradition of moderation Kabaservice recaptures a time when fiscal restraint was matched with social engagement when a cohort of leading Republicans opposed the Vietnam war when George Romney father of Mitt Romney conducted a nationwide tour of American poverty from Appalachia to Watts calling on society to listen to the voices from the ghetto Rule and Ruin is an epic deeply researched history that reorients our understanding of our political past and present Today following the Republicans loss of the popular vote in five of the last six presidential contests moderates remain marginalized in the GOP and progressives are all but nonexistent In this insightful and elegantly argued book Kabaservice contends that their decline has left Republicans less capable of governing responsibly with dire consequences for all Americans He has added a new afterword that considers the fallout from the 2012 elections *Politics on a Human Scale* Jeff Taylor,2013-09-27 Featuring a foreword by Congressman Glen Browder Politics on a Human Scale examines political decentralization in the United States from the founding of the republic to the present Part of the desirable equilibrium is a sense of proportionality Some sizes some amounts some levels are more appropriate than others Decentralism is the best political tool to ensure equilibrium to promote proportionality and to obtain appropriate scale Power distribution should be as wide as possible Government functions should be as close to the people as practicable In this way individual human beings are not swallowed by a monstrous Leviathan Persons are not at the mercy of an impersonal bureaucracy led by the far away few Decentralism gives us politics on a human scale It gives us more democracy within the framework of a republic The longest chapters in the book deal with crucial turning points in U S history specifically when decentralists lost the upper hand in the two major political parties Decentralism in our nation runs deep both intellectually and historically It also has considerable popular support Yet

today it is a virtual political orphan In Washington neither major political party is serious about dispersing power to lower levels of government or to the people themselves Still there are dissident politicians and political movements that remain committed to the decentralist principle Power needs to be held in check partly through decentralization because power holds a great and dangerous attraction for humans Recognition of this human tendency is the first step in guarding against it and getting back on a better path *The Imperial Rockefeller* Joseph E. Persico,1982 A biography of former New York governor and vice president Nelson A Rockefeller *Research Guide to American Historical Biography* Robert Muccigrosso,1988 Description and evaluation of the most important secondary and primary sources for 452 American historical figures in all five volumes T p verso v 5 **New York State and the Rise of Modern Conservatism** Timothy J. Sullivan,2008-12-01 From the early 1960s until 1980 New York s Conservative and Republican Parties battled on the editorial page at the ballot box and in the courts over the ideology of the GOP New York State and the Rise of Modern Conservatism recounts the story of how New York reputedly the most liberal of all states played a critical role in conservatism s political ascendancy and in the redrawing according to ideology of the country s party lines Examining the colorful personalities central to the transformation including Governor Nelson Rockefeller William F Buckley Jr John Lindsay Roy Cohn Jackie Robinson Clare Booth Luce G Gordon Liddy and William Casey author Timothy J Sullivan recounts the details of the party s battle a battle that ultimately forced the state s liberal Republicans to choose between their party and their ideology resulting in a reliably conservative national GOP prepared to nominate Ronald Reagan
