Pleasure and Pain in Nineteenth-Century French Literature and Culture, 2008-01-01 From Sade at one end of the nineteenth century to Freud at the other via many French novelists and poets pleasure and pain become ever more closely entwined Whereas the inseparability of these themes has hitherto been studied from isolated perspectives such as psychoanalysis sadism and sado masochism melancholy or post structuralist textual jouissance the originality of this collaborative volume lies in its exploration of how pleasure and pain function across a broader range of contexts The essays collected here demonstrate how the complex relationship between pleasure and pain plays a vital role in structuring nineteenth century thinking in prose fiction Balzac Flaubert Musset Maupassant Zola verse and the memoir as well as socio cultural studies medical discourses aesthetic theory and the visual arts Featuring an international selection of contributors representing the full range of approaches to scholarship in nineteenth century French studies historical literary cultural art historical philosophical and sociopolitical the volume attests to the vitality coherence and interdisciplinarity of nineteenth century French studies and will be of interest to a wide cross section of scholars and students of French literature society and culture

Decadent Orientalisms David Fieni, 2020-01-07 Decadent Orientalisms presents a sustained critique of the ways Orientalism and decadence have formed a joint discursive mode of the imperial imagination Attentive to historical and literary configurations of language race religion and power Fieni shows the importance of understanding Western discourses of Eastern decline and obsolescence together with Arab and Islamic responses in which the language of decadence returns as a characteristic of the West Taking seriously Edward Said's claim that Orientalism is a style of having power Fieni works historically through the aesthetic and ideological effects of Orientalist style showing how it is at once comparative descriptive and performative Orientalism the book argues relies upon decadence as the figure through which its positivist scientific claims become redistributed as speech acts truths that establish dominance Rather than attending to Orientalism as a repertoire of clichés and stereotypes Decadent Orientalisms considers the systemic epistemological consequences of the diffuse yet coherent network of institutions that have constituted Orientalism's power *Biographie Universelle Classique. Biographie Universelle, Ou Dictionnaire Historique, Etc*, 1833 *Plan d'évasion* Bradley T. Livingston, [The Dreyfus Affair's Literary Politics](#) Roderick Cooke, 2023-02-15 The Dreyfus Affair's Literary Politics offers a new interpretation of writers' political engagements in the crisis that ended the French nineteenth century following the wrongful treason conviction of Captain Alfred Dreyfus while Zola and three writers connected to him Ferdinand Brunetiere Henry Cerdant and Saint Georges de Bouhlier drew on their affinities and antagonisms concerning Zola's naturalist fiction to shape their political discourse in the Dreyfus Affair Zola and Bouhlier were Dreyfusard Brunetiere and Cerdant anti Dreyfusard yet in each case they transformed a vision of what literature should be into arguments about French national identity the proper relationship between literary and political thought and the tensions between individual rights and raison d'état Developing a

method entitled microhistories of ideas Cooke shows that a longitudinal approach to each writer s career yields a set of central unit ideas that reappear in the new emotive context of the Affair Through close readings of material such as pamphlets newspaper columns and aesthetic essays the significance of often ephemeral writing to the larger questions of intellectual history and to the outcome of the Dreyfus Affair itself becomes clear *Mgr Ndongmo et la Question Bamileke au Cameroun* Andre Segue,2022-06-06 Contrairement aux adeptes de instruction publique que sont les Franais les Anglo saxons ont une conception de l enseignement qui inclut la fois instruction et l ducation l objectif tant toujours de former un individu accompli dans la tradition des acquis du Liberal Arts Education Raison pour laquelle la religion est demeure longtemps une discipline part entire dans le curriculum de l enseignement dans la partie anglophone du Cameroun Il faut cependant garder l esprit qu au del de ce qui peut apparaitre comme approches discordantes des missionnaires chrtiens en situation coloniale catholiques protestants et autres presbytriens semblent avoir t toujours d accord sur la nature sacre de leur mission de conversion et de diffusion de la civilisation occidentale en pays de mission Dommage que les dirigeants camerounais n aient jamais russi s inspirer de la dmarche ci dessus et adopter une ligne de conduite un tant soit peu patriotique Les politiciens postcoloniaux ont constamment fait montre d un dconcertant opportunisme Il peut certes leur arriver de solliciter publiquement ou officieusement l Eglise travers ses princes locaux pour accompagner les pouvoirs publics dans la rsolution des conflits sociopolitiques Mais par moments ils n hsiteront pas leur rappeler que l Eglise ne doit pas se mler de politique Elle doit se cantonner dans les affaires spirituelles oubliant l un des enseignements les plus mmorables de Mgr Ndongmo savoir qu on ne peut pas conduire les hommes au ciel comme si la terre n existait pas **De la**
