The Arab and Jewish Questions Bashir Bashir, Leila Farsakh, 2020-12-15 Nineteenth century Europe turned the political status of its Jewish communities into the Jewish Question as both Christianity and rising forms of nationalism viewed Jews as the ultimate other With the onset of Zionism this question migrated to Palestine and intensified under British colonial rule and in the aftermath of the Holocaust Zionism s attempt to solve the Jewish Question created what came to be known as the Arab Question which concerned the presence and rights of the Arab population in Palestine For the most part however Jewish settlers denied or dismissed the question they created to the detriment of both Arabs and Jews in Palestine and elsewhere This book brings together leading scholars to consider how these two questions are entangled historically and in the present day It offers critical analyses of Arab engagements with the question of Jewish rights alongside Zionist and non Zionist Jewish considerations of Palestinian identity and political rights Together the essays show that the Arab and Jewish questions and the Israeli Palestinian conflict in which they have become subsumed belong to the same thorny history Despite their major differences the historical Jewish and Arab questions are about the political rights of oppressed groups and their inclusion within exclusionary political communities a question that

Arab-Israeli Conflict P R Kumaraswamy, 2009-07-24 For over a century the conflict between the Arabs and Jews has remained the most intractable problem confronting the world Hardly a day passes that the Arab Israeli Conflict is not headlined in the media It has turned the Arabs and Israelis against one another and embittered relations within the two communities while drawing the rest of the world into the circle of disruption The A to Z of the Arab Israeli Conflict provides factual background through an introductory essay a chronology a bibliography and hundreds of cross referenced dictionary entries on the more significant persons places and events including the various wars and negotiations The history religion culture and archeology that this rivalry has sparked between the Arabs and Israelis over the same piece of territory is traced in this book which offers the essential details using neutral terms and thereby allowing readers to draw conclusions for themselves
