Dorsey,2013-08-28 The turn of the 20th century represented one of the most chaotic periods in the nation s history as immigrants Native Americans and African Americans struggled with their roles as Americans while white America feared their encroachments on national identity This book examines Theodore Roosevelt s public rhetoric speeches essays and narrative histories as he attempted to craft one people out of many Leroy G Dorsey observes that Roosevelt s solution to the problem appeared straightforward everyone could become Americans pure and simple if they embraced his notion of Americanism Roosevelt grounded his idea of Americanism in myth particularly the frontier myth a heroic combination of individual strength and character When nonwhites and immigrants demonstrated these traits they would become true Americans earning an exalted status that they had heretofore been denied Dorsey s analysis illuminates how Roosevelt s rhetoric achieved a number of delicate if problematic balancing acts Roosevelt gave his audiences the opportunity to accept a national identity that allowed some room for immigrants and nonwhites while reinforcing their status as others thereby reassuring white Americans of their superior place in the nation Roosevelt s belief in an ordered and unified nation did not overwhelm his private racist attitudes Dorsey argues but certainly competed with them Despite his private sentiments he recognized that racist beliefs and rhetoric were divisive and bad for the nation s progress The resulting message he chose to propagate was thus one of a rhetorical if not literal melting pot By focusing on Roosevelt s rhetorical constructions of national identity as opposed to his personal exploits or his role as a policy maker *We Are All Americans* offers new insights into Roosevelt s use of public discourse to bind the nation together during one of the most polarized periods in its history **An American Dictionary of the English Language** Noah Webster,1849 **The Culture and Politics of Contemporary Street Gang Memoirs** Josephine Metcalf,2012-06-22 The publication of Sanyika Shakur s *Monster The Autobiography of an L A Gang Member* in 1993 generated a huge amount of excitement in literary circles New York Times book critic Michiko Kakutani deemed it a shocking and galvanic book and set off a new publishing trend of gang memoirs in the 1990s The memoirs showcased tales of violent confrontation and territorial belonging but also offered many of the first journalistic and autobiographical accounts of the much mythologized gang subculture In *The Culture and Politics of Contemporary Street Gang Memoirs* Josephine Metcalf focuses on three of these memoirs Shakur s *Monster* Luis J Rodriguez s *Always Running La Vida Loca* Gang Days in L A and Stanley Tookie Williams s *Blue Rage Black Redemption* as key representatives of the gang autobiography Metcalf examines the conflict among violence thrilling sensationalism and the authorial desire to instruct and warn competing within these works The narrative arcs of the memoirs themselves rest on the process of conversion from brutal young gang bangers to

nonviolent enlightened citizens Metcalf analyzes the emergence production marketing and reception of gang memoirs Through interviews with Rodriguez Shakur and Barbara Cottman Becnel Williams s editor Metcalf reveals both the writing and publishing processes This book analyzes key narrative conventions specifically how diction dialogue and narrative arcs shape the works The book also explores how the memoirs are consumed This interdisciplinary study fusing literary criticism sociology ethnography reader response study and editorial theory brings scholarly attention to a popular much discussed but understudied modern expression
