A Strategy for Racial Equality** Roy L. BROOKS, Roy L Brooks, 2009-06-30 Integrated in principle segregated in fact is this the legacy of fifty years of progress in American racial policy Is there hope for much better Roy L Brooks a distinguished professor of law and a writer on matters of race and civil rights says with frank clarity what few will admit integration hasn't worked and possibly never will Equally he casts doubt on the solution that many African Americans and mainstream whites have advocated total separation of the races This book presents Brooks's strategy for a middle way between the increasingly unworkable extremes of integration and separation Limited separation the approach Brooks proposes shifts the focus of civil rights policy from the group to the individual Defined as cultural and economic integration within African American society this policy would promote separate schooling housing and business enterprises where needed to bolster the self sufficiency of the community without trammeling the racial interests of individuals inside or outside of the group and without endangering the idea of a shared Americanness But all the while Brooks envisions African American public schools businesses and communities redesigned to serve the enlightened self interest of the individual Unwilling to give up entirely on racial integration he argues that limited separation may indeed lead to improved race relations and ultimately to healthy integration This book appears at a crucial time as Republicans dismantle past civil rights policies and Democrats search for new ones With its alternative strategy and useful policy ideas for bringing individual African Americans into mainstream society as first class citizens *Integration or Separation* should influence debate and policymaking across the spectra of race class and political persuasion **Practical Theology for Black Churches** Dale P. Andrews, 2002-01-01 Exploring the concept of church as refuge offers

a way to bridge the gap between black theology with its social and political concerns and black churches with their emphases on pastoral care and piety **The Crisis** ,1994-05 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens
