Rage Of Innocence:

The Rage of Innocence Kristin Henning, 2021-09-28 A brilliant analysis of the foundations of racist policing in America the day to day brutalities largely hidden from public view endured by Black youth growing up under constant police surveillance and the persistent threat of physical and psychological abuse Storytelling that can make people understand the racial inequities of the legal system and restore the humanity this system has cruelly stripped from its victims New York Times Book Review Drawing upon twenty five years of experience representing Black youth in Washington D C s juvenile courts Kristin Henning confronts America s irrational manufactured fears of these young people and makes a powerfully compelling case that the crisis in racist American policing begins with its relationship to Black children Henning explains how discriminatory and aggressive policing has socialized a generation of Black teenagers to fear resent and resist the police and she details the long term consequences of racism that they experience at the hands of the police and their vigilante surrogates She makes clear that unlike White youth who are afforded the freedom to test boundaries experiment with sex and drugs and figure out who they are and who they want to be Black youth are seen as a threat to White America and are denied healthy adolescent development She examines the criminalization of Black adolescent play and sexuality and of Black fashion hair and music She limns the effects of police presence in schools and the depth of police induced trauma in Black adolescents Especially in the wake of the recent unprecedented worldwide outrage at racial injustice and inequality The Rage of Innocence is an essential book for our moment

Hurting Kids Michelle Mary Lelwica, 2024-08-01 Hurting Kids explores religion s impact on Americans beliefs about justice and on teenagers who get in trouble with the law Why do many of us assume that punishment is an appropriate moral response to crime How have diverging Christian narratives about divine punishment and God s mercy supported different responses to juvenile wrongdoing What do these competing notions of justice imply for youth offenders today nearly all of whom have been violated by the unjust and traumatic circumstances of their lives Weaving together research on the juvenile justice system theological analysis self examination of white privilege and the stories and perspectives of incarcerated youth Hurting Kids asks us to understand and care about the complicated humanity of a population of teenagers who are often deemed not only delinquent but dispensable Sharing snippets of her conversations with incarcerated youth Lelwica demonstrates that whatever harm these kids have inflicted on others is rooted in the painful experiences they have survived experiences that are shaped by systemic injustices that benefit people with privilege Ultimately Hurting Kids challenges common assumptions about guilt and innocence while advocating for a kind of justice for youth that promotes equity compassion accountability and healing for all

American Puritan Imagination Sacvan Bercovitch, 1974-06-28 Over the last two decades a major revaluation has been taking place of the colonial Puritan imagination With the growth of interest in early American literature has come increasing recognition of its quality and a

better understanding of its place in the continuity of American culture However much of the best critical work to date has been published as articles in scholarly journals and in bringing together for the first time the best work in this growing field the present anthology fills a number of important needs It is at once a valuable and accessible introduction for students a summing up of a new enterprise and a guide for further studies American Awakening Joshua Mitchell,2022-12-13

America has always been committed to the idea that citizens can work together to build a common world Today three afflictions keep us from pursuing that noble ideal The first and most obvious affliction is identity politics which seeks to transform America by turning politics into a religious venue of sacrificial offering For now the sacrificial scapegoat is the white heterosexual man After he is humiliated and purged who will be the object of cathartic rage White women Black men Identity politics is the anti egalitarian spiritual eugenics of our age It demands that pure and innocent groups ascend and the stained transgressor groups be purged The second affliction is that citizens oscillate back and forth in bipolar fashion at one moment feeling invincible on their social media platforms and the next feeling impotent to face the everyday problems of life without the guidance of experts and global managers Third Americans are afflicted by a disease that cannot quite be named characterized by an addictive hope that they can find cheap shortcuts that bypass the difficult labors of everyday life Instead of real friendship we seek social media friends Instead of meals at home we order fast food Instead of real shopping we shop online Instead of counting on our families and neighbors to address our problems we look to the state to take care of us In its many forms this disease promises release from our labors yet impoverishes us all *American Awakening* chronicles all of these problems yet gives us hope for the future *Helping People Forgive* David W. Augsburger,1996-01-01 Using resources from scripture theology and the social sciences pastoral counselor David Augsburger explores the complicated issues of Christian forgiveness and reconciliation and their real world applications Comprehensive in scope and fully illustrated with numerous charts graphs case studies and parables this book is a unique and essential resource for clergy pastoral counselors and other helping professionals Essays that Changed Australia Esther Anatolitis,2024-11-12 Since the 1940s Meanjin essays have set the national cultural agenda Arthur Phillips idea of cultural cringe has become a household word instantly conveying Australians sense of place in the world while expressing our frustrations and our ambitions yet very few of us know it came from an essay first published in Meanjin Over half a century later Chelsea Watego s 2021 *Always bet on Black* power roars with the fire of a manifesto Hilary Charlesworth s 1992 *A law of one s own* challenges Australia s legal system with a formidable feminist ethic Tim Rowse s 1978 *Heaven and a Hills Hoist* passionately defends suburbia David Yencken s 1988 *Creative City* sparks a global urban planning movement with artists at the centre This anthology brings together twenty impactful Meanjin essays for the first time An introduction by editor Esther Anatolitis offers critical context and scrutiny illustrating how profoundly Meanjin essays have changed Australia **Fictions of Adolescent Carnality** Lydia Kokkola,2013-05-03 *Fictions of Adolescent Carnality* considers one of the most controversial topics related to adolescents

their experience of desire In fiction for adolescents carnal desire is variously presented as a source of angst an overwhelming experience over which one has no control bestial disgusting and just occasionally a source of pleasure The on set of desire within the Anglophone tradition has been closely associated with the loss of innocence and the end of childhood Drawing on a corpus of 200 narratives of adolescent desire Kokkola examines the connections between sociological accounts of teenagers sexual behaviour adult fears for and about their off spring and fictional representations of adolescents exploring their sexuality Taking up topics such as adolescent pregnancy and parenthood queer sexualities animal human connections and sexual abuse Kokkola provides wide ranging insights into how Anglophone literature responds to adolescents carnal desires and contributes to on going debates on the construction of adolescence and the ideology of innocence

The Role of Old Testament Theology in Old Testament Interpretation Walter Brueggemann, 2015-05-14 This collection of essays is drawn from a series of previous collections to which the author has contributed that were designed to honor senior scholars in the discipline of Old Testament study Each of these essays reflects a distinct intention depending on the nature of the original collection in which they appeared and the scholar who was being honored Taken together however this collection amounts to an articulation of Brueggemann's distinctive approach to theological interpretation of the Old Testament Already in his major volume on Old Testament theology Brueggemann proposed a dynamism of tension dispute and contradiction as the text of ancient Israel sought to give voice to the mystery of God as a sustaining and disruptive agent in the life of the world Over a long period of time this collection reflects the author's growing clarity about the task of Old Testament theology It further reflects on the nature of the biblical text and the way in which the God who inhabits the text runs beyond all of our attempts to define and explain These essays reflect not so much on methodological issues but take up the substantive questions that regularly occupied these ancient text makers
