Peters, 2000 In A

Gadamerian Reading of Karl Rahner's Theology of Grace and Freedom Gadamer's philosophical hermeneutics are compared with Rahner's transcendental anthropology It discusses grace and freedom as foundational experiences and examines scholastic and other traditions in the light of Gadamer's thought It provides a thorough discussion of Rahner's critique of the Augustinian understanding of grace and freedom by relating it to Greek Patristic Pauline understandings [A Jewish Trinity](#) Alan Brill,2025-10-28 The Christian affirmation of a triune God has always perplexed and confounded Jews Can Jews get beyond understanding the Trinity as inherently tri theistic A Jewish Trinity serves as an entrance into a range of issues in Jewish Christian theological difference presenting a Jewish understanding of six topics in contemporary Christian theology Trinity original sin incarnation salvation messianism and covenant In A Jewish Trinity Alan Brill seeks a Jewish appreciation for the core theological differences between the two religions The book is informed by recent historical studies of the early Jewish Christian division showing greater commonality in theological ideas The book however concentrates on contemporary Christian theology especially the constructive theology of Karl Rahner and Jürgen Moltmann to demonstrate that contemporary Christian theological formulations possess greater affinity to Jewish conceptions than did prior Christian theology while also still providing religious difference This work of comparative theology is a crucial next step in Jewish Christian encounter for our historically informed post polemical age Brill shows that Jews and Christians can engage in comparative discourse on theological issues with full clarity and understanding The book seeks to change the field of Jewish Christian encounter going beyond reconciliation toward a richer and deeper theological discussion of similarity and difference
