When a Black Man Loves Wine Zachary Marcus Cesare Harris,2025-04-01 This all basically started as a response to someone who was frustrated at certain repeating scenarios combined with the frustrations I see not only in the world of wine but the U S wine market specifically So what happens when you take an unapologetic Black guy from West Philly West Philadelphia born and raised with a diverse background whose been in many places and spaces that most folks would never imagine who falls in love with wine and learns it from a different perspective from how many are traditionally taught Throw him in a scenario where he then puts a wine deal together and sees both the lies and the truths and realizes he could do it better he just needs the money Then set him on a course that would introduce him to thousands of wines and winemakers taking him to portfolio tastings trade shows and lunches hosted tours and B2B experiences from NY to DC in the United States as well as Italy Portugal and Spain making tons of friends and associates along the way And also uncovering more lies that most people never see That s one way of looking at what has transpired since I first had some wonderful wines that fateful Friday night in 2006 when I went into Panorama Restaurant for a glass of wine not knowing where that would lead me And before I had gotten the idea and inspiration to jump into the industry I could see so many issues within it and so many missed opportunities So these are my thoughts musings analysis critiques experiences and revelations If you want to know about my journey so far this is for you If you look like me and are considering jumping into the wine industry you want to read this one If you are trying to sell wines in the US market or are doing it and could be selling more give this a read You might agree you might disagree you might laugh and you might get pissed off at various parts of this book Honestly you should But let me tell you one very important thing I don t hold back and so you might come away with some different ways of looking at things that you might not have ever considered before The Big L Nina May,2008-04 What happens when two people who have just experienced devastating heart breaking losses encounter each other on a lonely stretch of beach at the edge of the world They both deal with disappointment differently and while Adam tries to end it all by swimming out beyond the reef Christa is looking for a new start and providentially saves him from drowning The two baby boomers spend the night on the beach reflecting upon life The Big L their similar childhood experiences and the idea that there might be a purpose in every life This encounter teaches both of them that first impressions are usually inaccurate and that things are never as they seem and the reality of who they each are grows brighter with the dawn of a new day The fabric of their lives has been sewn together by the hands of Christa s loving nanny Abbie who spent her life guiding Christa on the path of success integrity and

perseverance She is responsible for Christa's fashion business and her climb to greatness as Christa watched her scale and conquer her own Everest of oppression and discrimination As the evening progresses we see the tapestry that was woven years ago by Abbie come into sharper focus She arranged for Adam to see Christa's designs which resulted in his investing in her over 20 years before this evening If he had not believed in Christa years ago she would not be here now saving his life which ironically ends up saving hers in the end And none of these lives would have been impacted had a loving nanny not sacrificially given her life for a little girl who she loved and believed in By overcoming the personal obstacles that the Big L threw at her Abbie was able to help Christa scale the mountains of discrimination as a woman breaking into a man's world She gave her the courage to end up saving one only to discover that men are not necessarily stronger than women and face the same obstacles and challenges in life We discover that the hands that rocked the cradles in a segregated country imparted dignity mercy and inspiration to untold numbers on their travels through The Big L life
