Introduction to Development Economics Subrata Ghatak,1995 The third edition of the widely used Introduction to Development Economics provides a detailed analysis of the major economic issues confronting less developed countries Throughout Subrata Ghatak maintains a balance between theories of economic growth and the realities of economic development Although the basic principles remain unchanged the past few years have witnessed changes in emphasis and the rise of new areas of interest Such issues include development and the environment the international debt crisis endogenous growth the impact of foreign aid fiscal reforms migration human capital accumulation and the problems of trade liberalization Introduction to Development Economics is divided into four sections and is written in a straightforward style This is a comprehensive analysis of the area with many tables added to provide up to date statistical data and technical data in the appendices *The Press in Times of Crisis* Lloyd E. Chiasson,1995-09-30 Throughout American history the press has been incredibly adept at making the public aware The history of the press in crisis situations is in many ways the story of public attitudes and the story of America This book looks at the press over time and the way it has functioned in times of crisis It considers press coverage of 13 events spanning a time frame that includes the birth of the nation its political economic and social struggles as a young country and its civil war It tells how a young agrarian society grew into an industrial giant and how it changed from isolationist to a world power It relates how this country coped with the growth of socialism two world wars civil unrest and with the problem of world overpopulation The American press has performed various functions throughout the years The Colonial Press served as a vehicle of discussion debate and finally agitation and in the process may have defined itself and laid a groundwork for the press's future roles The press has agitated advocated and persuaded It has been duped it has been unfair and it has misled This volume considers such concepts as advocacy journalism a central theme of the chapters on abolitionists and David Duke and social responsibility a primary part of the chapter on Japanese American internment The press's attempt to lead public opinion is the focus of the chapters on the partisan press the antebellum period and the first Red Scare in 1919 The chapter on Joseph McCarthy looks at the concepts

of objectivity and the use and misuse of pseudo news The final chapter on overpopulation deals extensively with agenda setting Bulletin of the United States Bureau of Labor Statistics United States. Bureau of Labor Statistics,1980
