*Sixty Reasons Why Christian Parents Should Send Their Children to Christian Schools* Gene Keith, 2019-01-19 Christians built the first schools and colleges in America and there was a time when Americans were the best educated people in the world This is no longer true We now are living in the most illiterate period in American history In fact American farmers of the eighteenth and nineteenth centuries were better educated than some of our college graduates of today According to a study conducted in late April by the US Department of Education and the National Institute of literacy 32 million adults in the United States can t read That s 14 percent of the population 21 percent of the adults in the U S read below the 5th grade level 19 percent of high school graduates can t read We want to remind you again that Christians built the first schools and colleges in America and the school system which we commonly call the public school system was imported from Prussia in the 1800 s by politicians Horace Mann and Edward Everett Both of these men were devout Humanists and their objective was to move the schools out of the churches and get them under the ownership and control of the government like the schools they had seen in Prussia This Prussian School model was first introduced into the schools of Massachusetts and from there it spread to other states Today this Prussian government controlled secular anti Christian education model has totally replaced the original American Christian School system If there is any question in your mind about real purpose of government schools please consider the remarks of Chester Pierce Professor of Educational Psychiatry at Harvard University given at a Childhood Education Seminar in 1973 Every child in America entering school at the age of five is mentally ill

because he comes to school with certain allegiances toward our founding fathers toward our elected officials toward his parents toward a belief in a supernatural Being toward the sovereignty of this nation as a separate entity It s up to you teachers to make all of these sick children well by creating the International child of the future The philosophy of a truly Christian School is Biblical Theism The philosophy of every public school in America is Humanism No teacher can change this No Principal can change this No School Board can change this Consider the following quote The battle for mankind s future must be waged and won in the public school classroom by teachers who correctly perceive their role as the proselytizers of a new faith The classroom must and will become an arena of conflict between the old and the new the rotting corpse of Christianity and the new faith of Humanism Humanist page 26 of the January February 1983 issue We are convinced that parents who want their children to be indoctrinated in Secular Humanism should send them to public schools Parents who want their children to receive a true education and not be indoctrinated in Secular Humanism must send them to Christian Schools or teach them at home There are no other options Gene Keith gk122532 gmail com
