The Tenement Saga Sanford Sternlicht, 2004-12-16 Nearly two million Jewish men, women, and children emigrated from Eastern Europe between 1882 and 1924 and settled in or passed through the Lower East Side of New York City. Sanford Sternlicht tells the story of his own childhood in this vibrant neighborhood and puts it within the context of fourteen early twentieth-century East Side writers: Anzia Yezierska, Abraham Cahan, Michael Gold, and Henry Roth, and others defined this new Jewish homeland and paved the way for the later great Jewish American novelists. Sternlicht discusses the role of women, the Yiddish Theater, secular values, the struggle between generations, street crime, politics, labor unions, and the importance of newspapers and periodicals. He documents the decline of Yiddish culture as these immigrants blended into what they called The Golden Land.

Sasha and Emma Paul Avrich, Karen Avrich, 2012-11-01 This lively dual biography is an enormously rich book offering an absorbing portrait of the world of anarchists in turn-of-the-century America. The New York Times Book Review In 1889 two Russian immigrants, Emma Goldman and Alexander Berkman, met in a coffee shop on the Lower East Side. Over the next fifty years, Emma and Sasha would be fast friends, fleeting lovers, and loyal comrades. This dual biography offers an unprecedented glimpse into their intertwined lives and the lasting influence of the anarchist movement they shaped. Berkman shocked the country in 1892 with the first terrorist act in America: the failed assassination of the industrialist Henry Clay Frick for his crimes against workers. Passionate and pitiless, gloomy yet gentle, Berkman remained Goldman's closest confidant, though the two were often separated by his fourteen-year imprisonment and by Emma's growing fame as a champion of causes from sexual liberation to freedom of speech. The blazing sun to Sasha's morose moon, Emma became known as the most dangerous woman in America. Through an attempted prison breakout, multiple bombing plots, and a dramatic deportation from America, these two unrelenting activists insisted on the improbable ideal of a socially just, self-governing utopia, a vision that has shaped movements across the past century, most recently Occupy Wall Street. Sasha and Emma is the culminating work of acclaimed historian of anarchism Paul Avrich. Before his death, Avrich asked his daughter to complete his magnum opus. The resulting collaboration, epic in scope, intimate in detail, examines the possibilities and perils of political faith and protest through a pair who both terrified and dazzled the world. A narrative laced with irony, details the remarkable reorientation of this pair after they were deported to a Soviet Russia they had lauded as a utopia but soon fled as a monstrous dystopia. A fully human portrait of two tightly linked yet forever fiercely independent spirits. Booklist starred review: An in-depth look at a lesser-known chapter of American and world history. Pittsburgh Post-Gazette

Review Fabian Franklin, Harold de Wolf Fuller, 1920 European Immigrant Women in the United States Judy Barrett

Litoff, Judith McDonnell, 1994 *The Life and Death of the Radical Historical Jesus* David Burns, 2013-01-03 In this cultural and intellectual history David Burns contends that the influence of biblical criticism in America was more widespread than has been thought Burns proves this point by uncovering the hidden history of the radical historical Jesus a construct created and sustained by freethinkers feminists socialists and anarchists during the Gilded Age and Progressive Era The result of this exploration is a new narrative revealing that Cyrenus Ward Caroline Bartlett George Herron Bouck White and other radical religionists had an impact on the history of religion in America rivaling that of recognized religious intellectuals such as Shailer Mathews Charles Briggs Francis Peabody and Walter Rauschenbusch The methods utilized by radical religionists were different from those employed by elite liberal divines however and part of a larger struggle over the relationship between religion and civilization There were numerous reasons for this conflict but Burns argues that the primary cause was that key radical religionists used Ernest Renan's *The Life of Jesus* to create an imaginative brand of biblical criticism that struck a balance between the demands of reason and the doctrines of religion And this measured approach allowed Robert Ingersoll Elizabeth Cady Stanton Eugene Debs and other secular minded thinkers who sought to purge Christianity of its supernatural dimensions to still find something wonderful in the religious imagination and make common cause with an ancient peasant from Galilee This provocative blend of reason and religion produced a vibrant countercultural movement that spanned communities classes and creeds and makes *The Life and Death of the Radical Historical Jesus* a book that deserves a wide readership in an era when public intellectuals and politicians on both the left and right draw rigid lines between the secular and the sacred

Inflation Decade, 1910–1920 David I. Macleod, 2024-04-29 This book shows how inflation can disrupt politics and society With no recent precedent mild inflation spurred mass protests myriad remedial schemes and partisan political reversals between 1910 and 1914 Then wartime demand and inflationary fiscal policy doubled consumer prices from 1915 to 1920 triggering waves of strikes food riots by immigrant housewives class conflict and elite fears of revolution Middle class households resented falling real incomes Even more than today food prices dominated consumer concerns Yet farmers wanted high commodity prices Accordingly both sides blamed and attacked meatpackers wholesalers and retailers Then as now inflation hurt whichever party held the White House Fumbling responses by Wilson's administration and the Federal Reserve led to hesitant price controls punitive raids and prosecutions and a now familiar fallback high interest rates in 1920 and subsequent recession An epilogue traces continuing popular and political responses to changes in the consumer price index down to 2020

Marion Effie Potter, 1921 *Daughters of the Shtetl* Susan A. Glenn, 2019-06-30 In this fascinating portrait of Jewish immigrant wage earners Susan A. Glenn weaves together several strands of social history to show the emergence of an ethnic version of what early twentieth century Americans called the New Womanhood She maintains that during an era when Americans perceived women as temporary workers interested ultimately in marriage and motherhood these young Jewish

women turned the garment industry upside down with a wave of militant strikes and shop floor activism and helped build the two major clothing workers unions **Immigrant Women** Elizabeth Ewen, 1985
