The Unforgettables Charles C. Eldredge,2022-11-01 Eminent art historian Charles C Eldredge brings together top scholars to celebrate forgotten artists and create a more inclusive history of American art Why do some artists become canonical while others equally respected in their time fall into obscurity This question is central to *The Unforgettables* a vibrant collection of essays by leading experts on American art Each contributor presents a brief for an artist deserving of new or renewed attention including artists from the colonial era to recent years working in a wide variety of mediums Histories of American art have traditionally highlighted the work of a familiar roster of artists largely white and male The

achievements of their peers notably women and artists of color have gone uncelebrated The essays in this volume provide a new and richer understanding of American art expanding the canon to include many worthy talents A number of these artists were acclaimed in their day others having missed that acclaim may achieve it now With contributions from major scholars and museum professionals The Unforgettables rescues and revises reputations as it enhances and enriches the history of American art *The Warren, Little, Lothrop* New York genealogical and biological society,1925 **The Arnoldian** ,1980
