every two days before the year's first full moon The women are chained to the floor with little to no chance of escape from the well guarded house of hell A task force is set up in the suburb of Southern Palms to catch the killers The team led by Detective Tank Dodge consists of detectives a forensic pathologist an investigator a profiler and a computer analyst Unknown to the team is that they have moles in their ranks who keep the satanic cult informed of any impending threat As the body count starts to rise Tank and his team need to discover the whereabouts of the cult and the kidnappers who are abducting the young women
