The Poetical Works of Christopher Smart: Volume III. A Translation of the Psalms of David Christopher Smart, 1987-07-23

The third of a five volume edition of Smart's original poems and verse translations which is particularly concerned to show how Smart attempted to adapt the Psalms for his eighteenth century English Christian audience

Reading Christopher Smart in the Twenty-first Century Min Wild, Noel Chevalier, 2013-09-05

Front Flap Poet essayist actor hymn writer wit magazine editor transvestite stage performer Christopher Smart Georgian don turned writer was all of these He was and remains a mercurial individual an idiosyncratic yet strangely familiar writer of spiritual heights and material depths His paradoxical exuberance fascinates scholars of eighteenth century culture and this collection of essays a snapshot of current scholarship from both new and established Smart scholars offers among others literary theological dramatic and philosophical perspectives on his writing Here are new ways of reading familiar Smart works including the astonishing devout poem of his incarceration *Jubilate Agno* and unfamiliar ones such as his translations and writing for children

Unexpected readers of Smart from Coleridge to a testy anonymous annotator are examined and Smart's sacred translations and profane stage presence each find a place Tom Keymer's re-evaluating afterword finds the quality of betweenness in Smart's work between eras between genres between forms Smart's vitality demands reassessment for each new generation of readers

Contributors Karina Williamson Min Wild Rosalind Powell Fraser Easton Clement Hawes William E Levine Noel Chevalier Lori A Branch Daniel J Ennis Chris Mounsey Debbie Welham Tom Keymer

Back Flap The editors Min Wild's monograph *Christopher Smart and Satire on Smart's Midwife* was published in 2008 and various articles and reviews of a Smartian bent have followed Her interest in that eighteenth century favorite the literary mode of *prosopopoeia* has led her to investigate the personification of words texts and literary modes themselves She lectures in eighteenth century literature and theory at Plymouth University UK and reviews in the *Times Literary Supplement* and elsewhere Noel Chevalier is Associate Professor of English at Luther College University of Regina Canada He has published articles on *Jubilate Agno* and on Smart's challenge to legitimate playhouses in *Mrs Midnight's Oratory* Although his specialty lies in the eighteenth century his teaching and research cover a diverse range of topics from literary responses to the Bible to the roots of globalization to literary representations of science and scientists He has helped create two interdisciplinary programs at Luther one which addresses literature for students in the sciences and one which explores the philosophical political economic and cultural contexts of globalization

The Cambridge History of English Literature, 1660-1780 John Richetti, 2005-01-06

The *Cambridge History of English Literature 1660-1780* offers readers discussions of the entire range of literary expression from the Restoration to the end of the eighteenth century In essays by thirty distinguished scholars recent historical perspectives

and new critical approaches and methods are brought to bear on the classic authors and texts of the period. Forgotten or neglected authors and themes as well as new and emerging genres within the expanding marketplace for printed matter during the eighteenth century receive special attention and emphasis. The volume's guiding purpose is to examine the social and historical circumstances within which literary production and imaginative writing take place in the period and to evaluate the enduring verbal complexity and cultural insights they articulate so powerfully.

The Poetical Works of Christopher Smart: Volume II. Religious Poetry, 1763-1771 Christopher Smart, 1980. A scholarly edition of poetical works by Christopher Smart. The edition presents an authoritative text together with an introduction, commentary, notes, and scholarly apparatus.

The Cambridge Companion to Eighteenth-Century Poetry John Sitter, 2001-03-26. The Cambridge Companion to Eighteenth-Century Poetry analyzes major premises, preoccupations, and practices of English poets writing from 1700 to the 1790s. These specially commissioned essays avoid familiar categories and single-author approaches to look at the century afresh. Chapters consider such large poetic themes as nature, the city, political passions, the relation of death to desire, and dreams; appeals to an imagined future and the meanings of sensibility. Other chapters explore historical developments such as the connection between poetic couplets and conversation, the conditions of publication, changing theories of poetry and imagination, growing numbers of women poets and readers, the rise of a self-consciously national tradition, and the place of lyric poetry in thought and practice. The essays are well supported by supplementary material, including a chronology of the period and detailed guides to further reading. Altogether, the volume provides an invaluable resource for scholars and students.

Variations on the Canon Charles Rosen, 2008. Masterful essays honoring the great pianist and critic Charles Rosen on masterpieces from Bach and Beethoven to Chopin, Verdi, and Stockhausen. Charles Rosen, the pianist and man of letters, is perhaps the single most influential writer on music of the past half-century. While Rosen's vast range as a writer and performer is encyclopedic, it has focused particularly on the living canonical repertoire extending from Bach to Boulez. Inspired in its liveliness and variety of critical approaches by Charles Rosen's challenging work, *Variations on the Canon* offers original essays by some of the world's most eminent musical scholars. Contributors address such issues as style and compositional technique, genre, influence, and modeling, and reception history, develop insights afforded by close examination of compositional sketches, and consider what language and metaphors might most meaningfully convey insights into music. However diverse the modes of inquiry, each essay sheds new light on the works of those composers posterity has deemed central to the modern Western musical tradition.
