Population Transition In South Asia:

Population Transition in South Asia Ashish Bose, Mahendra K. Premi, 1992 Contributed articles *Demographic Transition in South Asia* Falendra K. Sudan, 1992 Demographically And Also Economically South Asian Region Comprising The Countries Of Bangladesh India Nepal Pakistan And Sri Lanka Is One Of The Critical Major Regions Of The World By World Standards It Is Characterized By High Rate Of Population Growth High Density And High Dependency South Asian Population Growth Makes It Virtually Certain That The Tremendous Rate At Which Population Is Increasing Will Double The Number Of People In The Region Within Next 30 Or 40 Years However Vigorous And Efficient Family Planning Programmes May Be Indisputably This Region Has Been Facing A Population Explosion Of Crisis Dimensions The Entire Battle Against Poverty Is Thwarted By The Rapid Increase In Population Without Reduction In The Rate Of Population Increase The Cherished Hopes Of The People For Better Life Are Doomed To Frustration In The Present Study An Attempt Has Been Made To Analyse The Facts And Features Of South Asian Population And The Demographic Factors Affecting The Pace And Level Of Economic And Social Development In The Region A Population Policy For The Region Is Also Worked Out For South Asian S Population Problem Cannot Be Solved By Pretence And Wishful Thinking It Is Emphasized That In The Present Context Of South Asia What Needed Is The Increase In The Productive Capacity To Support A Large Population On The One Hand And To The Reduction In Fertility Rates On The Other Hand So That Growth Of Population Is Stabilized At A Lower Level

Demographic Transition in Asia Gavin W. Jones, 1984 **Fertility Transition in South Asia** James F. Phillips, Zeba A. Sathar, 2001 This compendium of nineteen chapters written by South Asia scholars and international authorities in the field of population provides an overview of a range of issues surrounding fertility change in South Asia over the past decade

South Asia's Path to Resilient Growth Mr. Ranil M Salgado, Ranil Salgado, Rahul Anand, 2022-12-23 South Asia's Path to Sustainable and Inclusive Growth highlights the remarkable development progress in South Asia and how the region can advance in the aftermath of the COVID 19 pandemic Steps include a renewed push toward greater trade and financial openness while responding proactively to the distributional impact and dislocation associated with this structural transformation Promoting a green and digital recovery remains important The book explores ways to accelerate the income convergence process in the region leveraging on the still large potential demographic dividend in most of the countries These include greater economic diversification and export sophistication trade and foreign direct investment liberalization and participation in global value chains amid shifting regional and global conditions financial development and investment in human capital *The Emergence Of Modern Southeast Asia* Norman G. Owen, 2005-01-01 The modern states of Indonesia Vietnam Thailand the Philippines Myanmar Malaysia Singapore Cambodia Laos Brunei and East Timor were once a tapestry of kingdoms colonies and smaller polities linked by sporadic trade and occasional war By the end of the nineteenth century however the United States and several European powers had come to control almost the entire region only to depart

dramatically in the decades following World War II perspective on this complex region Although it does not neglect nation building the central theme of its popular and long lived predecessor *In Search of Southeast Asia* the present work focuses on economic and social history gender and ecology It describes the long term impact of global forces on the region and traces the spread and interplay of capitalism nationalism and socialism It acknowledges that modernization has produced substantial gains in such areas as life expectancy and education but has also spread dislocation and misery Organizationally the book shifts between thematic chapters that describe social economic and cultural change and country chapters emphasizing developments within specific areas will establish a new standard for the history of this dynamic and radically transformed region of the world

Capitalizing on the Demographic Transition, 2011-06-02 Increasing life expectancy in South Asia is resulting in a demographic transition that can under the right circumstances yield dividends through more favorable dependency ratios for a time With aging the disease burden shifts toward noncommunicable diseases NCDs which can threaten healthy aging However securing the gains expected from the demographic dividend where developing countries working and nondependent population increases and per capita income thus rises is both achievable and affordable through efficiently tackling NCDs with prevention and control efforts This book looks primarily at cardiovascular disease CVD and tobacco use since they account for a disproportionate amount of the NCD burden the focus is strategic rather than comprehensive The goal of this book is to encourage countries to develop adopt and implement effective and timely country and where appropriate regional responses that reduce both population level risk factors and the NCD burden The work develops i an NCD burden and risk factor profile for all countries and the region as a whole ii a rationale for public policy and action for NCDs iii a framework to guide the formulation of public policies and strategies for NCDs iv a country profile including capacity and ongoing NCD activities as well as policy options and actions for NCDs that will help stimulate policy dialogue within and among countries and v a regional strategy for NCD prevention and control where regional collaboration offers added value The achievements of this book are i developing a framework for policy options to identify key areas for strategic country and regional level policy and actions ii bringing together demographic and aging trends disease and risk factor burden data alongside analyses of capacities and accomplishments to tackle NCDs and iii using these inputs to develop policy options for country and regional strategies

A History of Southeast Asia Anthony Reid, 2015-03-03 2016 PROSE Award Honorable Mention for Textbook in the Humanities *A History of Southeast Asia Critical Crossroads* presents a comprehensive history of Southeast Asia from our earliest knowledge of its civilizations and religious patterns up to the present day Incorporates environmental social economic and gender issues to tell a multi dimensional story of Southeast Asian history from earliest times to the present Argues that while the region remains a highly diverse mix of religions ethnicities and political systems it demands more attention for how it manages such diversity while being receptive to new ideas and technologies Demonstrates how Southeast Asia can offer alternatives to state centric models of history more

broadly Part of The Blackwell History of the World Series The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time The volumes are narrative in form giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change Each provides a systematic account of a very large subject but they are also both imaginative and interpretative The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production

Histories of Health in Southeast Asia Tim Harper, Sunil S. Amrith, 2014-10-01 Health patterns in Southeast Asia have changed profoundly over the past century In that period epidemic and chronic diseases environmental transformations and international health institutions have created new connections within the region and the increased interdependence of Southeast Asia with China and India In this volume leading scholars provide a new approach to the history of health in Southeast Asia Framed by a series of synoptic pieces on the Landscapes of Health in Southeast Asia in 1914 1950 and 2014 the essays interweave local national and regional perspectives They range from studies of long term processes such as changing epidemics mortality and aging and environmental history to detailed accounts of particular episodes the global cholera epidemic and the hajj the influenza epidemic of 1918 WWII and natural disasters The writers also examine state policy on healthcare and the influence of organizations from NGOs such as the China Medical Board and the Rockefeller Foundation to grassroots organizations in Thailand Indonesia and the Philippines
