Reclaiming The Jesus Of History Christology Today:

Reclaiming the Jesus of History Arthur Roy Eckardt, 1992 *A History of the Quests for the Historical Jesus, Volume 1*
Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources *A History of the Quests for the Historical Jesus* not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One covers the period from the beginnings of Christianity to the end of World War II Volume Two sold separately covers the period from the post War era through contemporary debates Handbook for the Study of the Historical Jesus (4 Vols) Tom Holmén, Stanley E. Porter, 2011 V 1 How to study the historical Jesus v 2 The study of Jesus v 3 The historical Jesus v 4 Individual studies **Recovering Historical Christology for Today's Church** Marvin Jones, 2019-02-20 This book explains the basic tenets of Christology that a college student would encounter in a basic Christology class The book is written in three different sections The first section focuses upon primary Christological passages which include a limited survey of Christology in the New Testament The second section reviews the Christological Councils limited to the first four ecumenical councils i e Nicea Constantinople Ephesus and Chalcedon The third section deals with the application of Christology correlating the biblical witness with the councils preaching Christology to a contemporary church and summarizing the Christological content for the contemporary church The book is a textbook for an introductory Christology class As such it will meet the needs of professors who are trying to find an introductory work that surveys the many aspects of teaching Christology It will also be a valuable tool for pastors as an easy to read reference for sermon building and Sunday school lessons and youth directors as an accessible tool to teach basic foundational Christological truths to their youth group **On the Way to Death** A. Roy Eckardt, 2018-04-17 *On the Way to Death* completes Eckardt's astonishing trilogy on the interrelationship of comedy death and God It addresses itself to the question of death as the basic

incongruity of life Here is opened to human view the final divine comedy a total reversal of the traditional roles assigned to God and humankind a comical denouncement of the terror of death On the Way to Death follows Sitting in the Earth and Laughing and How to Tell God From the Devil to complete Roy Eckardt s trilogy on comedy the devil and God *Jews and Gentiles in the Early Jesus Movement* A. Bibliowicz,2013-04-17 This volume offers new insights on Jewish Gentile relations and the evolution of belief in the early Jesus movement suggesting that the New Testament reflects the early stages of a Gentile challenge to the authority and legitimacy of the descendants of Jesus disciples and first followers as the exclusive guardians and interpreters of his legacy Routledge Library Editions: Education and Religion Various,2021-07-14 The 10 volumes in this set originally published between 1965 and 1994 draw together research by leading academics in the area of religious education and provides a rigorous examination of related key issues The volumes examine the teaching of world faiths in schools religious education in both primary and secondary schools and the teaching of morality This set will be of particular interest to students of Education and Religious Studies **The "Man Christ Jesus"** Stephen Oliver Stout,2011-06-17 Does the Apostle Paul have any use for the person of Jesus presented in the Gospels Critical scholarship thinks not but this book argues that Paul not only mentions more than seventy specific details of the historical Jesus but he also commends the character of Jesus and echoes His teachings repeatedly in his letters and sermons in full agreement with the Gospel accounts Stout examines Paul s intriguing description of the Man Christ Jesus 1 Tim 2 5 and suggests that this title fulfills the OT expectation of God appearing in human history as a man In his incarnated humanity the Man Christ Jesus accomplished salvation in the historical events of his life and death and in his resurrected humanity he appeared to Paul on the Damascus Road rooting Paul s Christology deeply in human experience Furthermore Stout shows how Paul rests his concept of salvation on a neglected aspect of his doctrine that the entire church is associated with the historical events of the life death and resurrection of Jesus an association which also unites his church with one another in fellowship and service This book then demonstrates that Paul s gospel rests upon Jesus as a man of history who brings salvation into human history in his life death and exaltation as the Man Christ Jesus Jesus the Jew in Christian Memory Barbara U. Meyer,2020-03-12 Shows how research and reflection on Jesus s Jewishness transforms contemporary Christian thought on memory otherness natality and law **Jewish Education and Learning** Glenda Abramson,Tudor Parfitt,2018-12-07 First published in 1994 This volume dedicated to Dr David Patterson founding President of the Oxford Centre for Postgraduate Hebrew Studies takes as its theme Jewish education and learning throughout the ages But it is the Academy interpreted here to mean an institution of Judaic scholarship which dominates this collection of essays For almost three thousand years centres of Jewish learning have flourished in many parts of the world This volume discusses these institutions from biblical times to the present From the time of the Mishnaic Academy at Yavneh established in the first century CE the academies were more than schools of higher religious education They incorporated rational analysis of the scriptures the natural sciences and other secular

studies Some of the most celebrated academies such as those in Cairo and Tunisia and later in the Iberian Peninsula were of a very high intellectual order sometimes superior to the great Christian universities It was at these institutions that the great Jewish legal and literary works were written and completed This collection of essays has been written by outstanding scholars who have been associated with David Patterson and the Oxford Centre The essays explore the nature and function of the Jewish Academies in the broadest sense the leading personalities associated with them and their social cultural and moral effect on the Jewish communities of their day
