The Classics in Modernist Translation Lynn Kozak,Miranda Hickman,2019-02-07 This volume sheds new light on a wealth of early 20th century engagement with literature of Graeco Roman antiquity that significantly shaped the work of anglophone literary modernism The essays spotlight translation a concept the modernists themselves used to reckon with the Classics and to denote a range of different kinds of reception from more literal to more liberal translation work as well as forms of what contemporary reception studies would term adaptation refiguration and intervention As the volume s essays reveal modernist translations of Classical texts crucially informed the innovations of many modernists and often themselves constituted modernist literary projects Thus the volume responds to gaps in both Classical reception and Modernist studies essays treat a comparatively understudied area in Classical reception by reviving work in a subfield of Modernist studies relatively inactive in recent decades but enjoying renewed attention through the recent work of contributors to this volume The volume s essays address work significantly informed by Classical materials including Homer Sophocles Euripides Sappho Ovid and Propertius and approach a range of modernist writers Pound and H D among the modernists best known for work

engaging the Classics as well as Cummings Eliot Joyce Laura Riding and Yeats *Laughing with Medusa* Vanda Zajko, Miriam Leonard, 2006-01-12 Laughing with Medusa explores a series of interlinking questions including Does history s self positioning as the successor of myth result in the exclusion of alternative narratives of the past How does feminism exclude itself from certain historical discourses Why has psychoanalysis placed myth at the centre of its explorations of the modern subject Why are the Muses feminine Do the categories of myth and politics intersect or are they mutually exclusive Does feminism s recourse to myth offer a script of resistance or commit it to an ineffective utopianism Covering a wide range of subject areas including poetry philosophy science history and psychoanalysis as well as classics this book engages with these questions from a truly interdisciplinary perspective It includes a specially commissioned work of fiction Iphigeneia s Wedding by the poet Elizabeth Cook Elise Reimarus (1735-1805) Almut Marianne Grützner Spalding, 2005 **Games and Bereavement** Sabine Harrer, 2019-04-10 How can videogames portray love and loss Games and Bereavement answers this question by looking at five videogames and carrying out a participatory design study with grieverers Sabine Harrer highlights possible connections between grief and videogames arguing that game design may help make difficult personal feelings tangible After a brief literary review of grief concepts and videogame theory the book deep dives into examples of tragic inter character relationships from videogame history Building on these examples the book presents a case study on pregnancy loss as a potential grief experience that can be validated through game design dialogue **Ancient Obscenities** Dorota Dutsch, Ann Suter, 2015-11-18 References to the body s sexual and excretory functions occupy a peculiarly ambivalent space in Greece and Rome *Essays in Memory of Richard Helgerson* Roze Hentschell, Kathy Lavezzo, 2012 Essays in Memory of Richard Helgerson Laureations brings together new essays by leading literary scholars of the British and European middle ages and early modern period who have been influenced by the groundbreaking scholarship of Richard Helgerson The contributors evince the ongoing impact of Helgerson s work in critical debates including those of nationalism formal analysis and literary careerism **Pandora's Senses** Vered Lev Kenaan, 2008-02-05 The notorious image of Pandora haunts mythology a woman created as punishment for the crimes of man she is the bearer of hope yet also responsible for the earth s desolation She binds together perpetuating dichotomies that underlie the most fundamental aspects of the Western canon beauty and evil body and soul depth and superficiality truth and lie Speaking in multiplicity Pandora emerges as the first sign of female complexity In this compelling study Vered Lev Kenaan offers a radical revision of the Greek myth of the first woman She argues that Pandora leaves a decisive mark on ancient poetics and shows that we can unravel the profound impact of Pandora s image once we recognize that Pandora embodies the very idea of the ancient literary text Locating the myth of the first woman right at the heart of feminist interrogation of gender and textuality Pandora s Senses moves beyond a feminist critique of masculine hegemony and shows the centrality of this iconic figure among the poetics of such central genres as the cosmological and didactic epic the Platonic dialogue the love elegy and the ancient novel Pandora s Senses

innovates our understanding of gender as a critical lens through which to view ancient literature
