Reconcilable Sacrifices:

Ecumenical and Confessional Writings Edmund Schlink, 2022-12-12 Although many writings of Edmund Schlink 1903 1984 have been available in English for several decades the publication of the new German edition offered a significant impetus for providing a fresh and more accurate translation of them Matthew L Becker and his co translators have consistently translated key terms that occur in all five volumes Also they corrected infelicitous and misleading renderings of Schlink's language into English which more or less happened in all the earlier editions In this second volume Becker provides the first ever English translation of Schlink's dogmatics Representing the culmination of five decades of scholarly work by one of the most important theologians and ecumenists of the twentieth century Schlink's opus magnum sets forth the basic features of Christian doctrine that all Christian churches hold in common Schlink's *Ecumenical Dogmatics* thus offers a consistent witness to the living triune God who calls sinners to repentance and faith who acts mightily to save them and who sends them back into the world to share God's gospel and love in word and deed *A Practical Discourse of Reconciliation Between God and Man* Reynolds, 1729 *Royal Priesthood in the English Reformation* Malcolm B. Yarnell III, 2013-12-12 *Royal Priesthood in the English Reformation* assesses the understandings of the Christian doctrine of royal priesthood long considered one of the three major Reformation teachings as held by an array of royal clerical and popular theologians during the English Reformation Historians and theologians often present the doctrine according to more recent debates rather than the contextual understandings manifested by the historical figures under consideration Beginning with a radical reevaluation of John Wyclif and an incisive survey of late medieval accounts the book challenges the predominant presentation of the doctrine of royal priesthood as primarily individualistic and anticlerical in the process clarifying these other concepts It also demonstrates that the late medieval period located more religious authority within the monarchy than is typically appreciated After the revolutionary use of the doctrine by Martin Luther in early modern Germany it was wielded variously between and within diverse English royal clerical and lay factions under Henry VIII and Edward VI yet the Old and New Testament passages behind the doctrine were definitely construed in a monarchical direction With Thomas Cranmer the English evangelical presentation of the universal priesthood largely received its enduring official shape but challenges came from within the English magisterium as well as from both radical and conservative religious thinkers Under the sacred Tudor queens who subtly and successfully maintained their own sacred authority the various doctrinal positions hardened into a range of early modern forms with surprising permutations **The Atoning Sacrifice** Noah Worcester, 1829 **Reconciled to Reconcile** Komi Ahiatoga Hiagbe, 2008 In the words of John Paul II A faith which does not become culture is a faith that has not been received not thoroughly thought through nor fully lived out It is for this reason that inculturation hermeneutics has become a useful reflective tool for many African students of Theology In this work the author argues that the concept of salvation in evangelical Christian thought as postulated in the works of the French Reformer John Calvin and that of African

Traditional Religions do not connote the same idea nor lead to the same goals In spite of the basic differences he states that symbols metaphors and some practices from the traditional religions of Africa can be employed as hermeneutical tools for the explanation of concepts of the Christian faith The author therefore concludes that the Anlo Ewe traditional religious practice of nughidodo ritual reconciliation best explains Christian salvation as man s reconciliation with God and constitutes a basis for the healing deliverance and a socio economic advancement of the individual and the entire community **Rethinking**

the Atonement David M. Moffitt,2022-11-15 Traditional views of the atonement tend to be reductive focusing solely on Jesus s death on the cross In his 2011 groundbreaking book Atonement and the Logic of Resurrection in the Epistle to the Hebrews David Moffitt challenged that paradigm showing how the atonement is a fuller process It involves not only Jesus s death but also his resurrection ascension offering and exaltation In the succeeding years Moffitt has continued to expand and clarify his thinking on this issue This book offers a more fulsome articulation of his work on the atonement that reflects his recent thinking on the topic Moffitt continues to challenge reductive views of the atonement primarily from the book of Hebrews but he engages other New Testament passages as well He offers fresh insights on sacrifice and atonement the importance of resurrection and ascension Jesus s role as priest and a new perspective on Hebrews This important book brings Moffitt s

award winning and influential scholarship to a broader audience The book includes a foreword by N T Wright Lectures on

the Harmony of the Scriptures, Designed to Reconcile Apparently Contradictory Passages John Hayter Cox,1823 Paul's
Gospel of Divine Self-Sacrifice Paul Moser,2022-09-15 In this book Paul Moser explains how self sacrificial righteousness of a

reparative kind is at the heart of Paul s gospel of God He also shows how divine self sacrifice authenticates that gospel via human reciprocity toward God in reconciliation A basis for this reciprocity lies in a teaching of ancient Judaism that humans are to reciprocate toward God for the sake of an interpersonal relationship that is righteous and reconciled through voluntary self sacrifice to God Moser demonstrates that Paul s gospel calls for faith including trust in God as reciprocity in human self sacrifice toward God Although widely neglected by interpreters this theme brings moral and evidential depth to Paul s good news of reparative redemption from God Moser s study thus enables a new understanding of some of the controversial matters regarding Paul s message in a way that highlights the coherence and profundity of his message

Law and Sacrifice Johan Van der Walt,2014-06-11 In the wake of apartheid Law and Sacrifice draws on the uniquely expansive protection of fundamental rights now entrenched in the South African Constitution to outline a new theory of law The South African Constitution not only protects the rights of people against abuses of power by the state but also against abuses of power by private legal subjects Drawing upon the work of contemporary thinkers such as Martin Heidegger Hannah Arendt George Bataille Jacques Derrida Emmanuel Levinas and Jean Luc Nancy the author elicits the radical democratic potential of this horizontal notion of rights Johan van der Walt argues that apartheid must be understood as more than a racist abuse of power and here he articulates its sacrificial logic It is in going beyond this logic he maintains that the truly democratic

potential of the South African Constitution can be understood in a radical formal and substantive equality that offers the legal basis for rethinking a post apartheid future Combining a rigorous theoretical understanding with a subtle political engagement Law and Sacrifice is a dazzling interrogation of the limits and possibilities of democratic pluralism It will be of interest to political and legal theorists as well as to those who are concerned with South African law and politics
