Reconciliation In The Asiapacific:

Reconciliation in the Asia-Pacific Yōichi Funabashi, 2003 History has left many scars in the Asia Pacific. Injuries inflicted generations ago are still fresh in the collective memories of the peoples of the region hobbling efforts to repair relationships between old adversaries. But recently the spirit of reconciliation seems to have acquired new life. From Korea to Japan to China longtime enemies are trading apologies and looking ahead. In this remarkably timely volume Yoichi Funabashi one of Japan's most influential journalists and seven authors from throughout the Asia Pacific shine the spotlight on the prospects for reconciliation in the region. Looking at instances of inter ethnic as well as international strife this book lays out the background to each case analyzes the impact of unresolved and sometimes unacknowledged grievances and weighs the prospects for overcoming the burden of history. Not all the cases inspire optimism at least in the short term for bitter memories have burrowed deep into society and are intertwined with issues of political power and ethnic identity. But in some parts of the region palpable progress toward reconciliation is being made. In his conclusion Funabashi identifies the key steps that governments and publics must take if they are to come to terms with the past. **Multiculturalism and Conflict**

Multiculturalism and Conflict Reconciliation in the Asia-Pacific Kosuke Shimizu, William S Bradley, 2020-10-09 This book is open access under a CC BY license. Japan has recently promoted a number of initiatives that can be termed an opening to the world and the Asia Pacific in particular. These have origins in Japan's globalization generally and multicultural policies more specifically. The chapters in this book are grouped in three parts: theories language and migration and they explicate details of multiculturalism in the Asia Pacific largely focused on Japan but including cases that extend beyond Japan as well. Alternative understandings based on analyzing conflicts and moving towards reconciliation underscore the urgency of viewing multiculturalism in Japan and the Asia Pacific from perspectives that are firmly based in the region. Themes such as immigration identity foreign language education politics and language English language policies dual citizenship foreign labor policies and movements and higher education are all addressed in the individual chapters. This book will be of interest to scholars of multiculturalism in a wide variety of fields.
