Recorded Sayings Of Matsu:

The Recorded Sayings of Ma-tsu Mazu,1987 Ma Tsu though not well known in Buddhist studies in the West played an eminent role in the foundation of Chan. The sayings are jewels of Chan literature provocative and truly important. *The Columbia History of Chinese Literature* Victor H. Mair,2010-02-22 Comprehensive yet portable this account of the development of Chinese literature from the very beginning up to the present brings the riches of this august literary tradition into focus for the general reader. Organized chronologically with thematic chapters interspersed the fifty five original chapters by leading specialists cover all genres and periods of poetry prose fiction and drama with a special focus on such subjects as popular culture the impact of religion upon literature the role of women and relationships with non Sinitic languages and peoples. **The Turning of the Tide** Julian F. Pas,1989 Undoubtedly the greatest problem facing religion in China today is the fundamentally irreconcilable contradiction between Marxism and religious world views. These essays published by the Hong Kong Branch of the Royal Asiatic Society in association with Oxford University Press and written by an international group of scholars critically examine different aspects of the present religious state in China.

Publications on Religions in China, 1981-1989,1991 *Chinese Religion* Gary Seaman,1993 **Selected Works of D.T. Suzuki, Volume III** Daisetsu Teitaro Suzuki,2016-08-02 Daisetsu Teitaro Suzuki was a key figure in the introduction of Buddhism to the non Asian world. Many outside Japan encountered Buddhism for the first time through his writings and teaching and for nearly a century his work and legacy have contributed to the ongoing religious and cultural interchange between Japan and the rest of the world particularly the United States and Europe. This third volume of Selected Works of D T Suzuki brings together a diverse collection of Suzuki's letters essays and lectures about non Buddhist religions and his thoughts on their relation to Buddhism as well as his reflections on the nature of religion itself. Some of these writings have been translated into English for the first time in this volume. As a long term resident of the United States a world traveler and a voracious consumer of information about all forms of religion Suzuki was one of the foremost Japanese mediators of Eastern and Western religious cultures for nearly seven decades. An introduction by Jeff Wilson and Tomoe Moriya analyzes Suzuki's frequent encounters with texts and practitioners of many religions considers how events in Suzuki's lifetime affected his interpretations of Christianity Shinto and other traditions and demonstrates that his legacy as a scholar extends well beyond Buddhism. Not Seeing Snow: Musō Soseki and Medieval Japanese Zen Molly Vallor,2019-08-26 *Not Seeing Snow* Mus Soseki and Medieval Japanese Zen offers a detailed look at a crucial yet sorely neglected figure in medieval Japan. It clarifies Mus's far reaching significance as a Buddhist leader waka poet landscape designer and political figure. In doing so it sheds light on how elite Zen culture was formed through a complex interplay of politics religious pedagogy and praxis poetry landscape design and the concerns of institution building. The appendix contains the first complete English translation of Mus's personal waka anthology *Shōgaku Kokushishō*. **On Life and Nature in Japan** Iwao Matsuhara,1964 *Zen Classics*

Steven Heine, Dale S. Wright, 2006 A companion volume to *The Koan* and *The Zen Canon* this text concentrates primarily on texts from Korea and Japan that brought the Zen tradition to fruition *Reinventing the Tripitaka* Greg Wilkinson, Jiang Wu, 2017-09-20 The Chinese Buddhist canon is a systematic collection of all translated Buddhist scriptures and related literatures created in East Asia and has been regarded as one of the three treasures in Buddhist communities Despite its undisputed importance in the history of Buddhism research on this huge collection has remained largely the province of Buddhologists focusing on textual and bibliographical studies We thus aim to initiate methodological innovations to study the transformation of the canon by situating it in its modern context characterized by intricate interactions between East and West as well as among countries in East Asia During the modern period the Chinese Buddhist canon has been translated edited digitized and condensed as well as internationalized contested and ritualized The well known accomplishment of this modern transformation is the compilation of the Taisho Canon during the 1920s It has become a source of both doctrinal orthodoxy as well as creativity and its significance has greatly increased as Buddhist scholarship and devotionism has utilized the canon for various ends However it is still unclear what led to the creation of the modern editions of the Buddhist canon in East Asia This volume explores the most significant and interesting developments regarding the Chinese Buddhist canon in modern East Asia including canon formation textual studies historical analyses religious studies ritual invention and digital research tools and methods
