Recreating Sexual Politics Men Feminism And Politics:

Recreating Sexual Politics (Routledge Revivals) Victor Seidler, 2009-12-15 This thought provoking book first published in 1991 examines sexual politics in a world which is being radically changed by the challenges of feminism Seidler explores how men have responded to feminism and the contradictory feelings men have towards dominant forms of masculinity Seidler's stimulating and original analysis of social and political theory connects personally to everyday issues in people's lives It reflects the growing importance of sexual and personal politics within contemporary politics and culture and demonstrates clearly the challenge that feminism brings to our inherited forms of morality politics and sexuality *Recreating Sexual Politics* Victor J. Seidler, 2009-10-23 First published in 1991 this title examines sexual politics in a world which is being radically changed by the challenges of feminism Seidler explores how men have responded to feminism and the contradictory feelings men have towards dominant forms of masculinity From Panthers to Promise Keepers Judith Lowder Newton, 2005 *From Panthers to Promise Keepers* draws on intimate observations of the men and networks who were involved in what some have called the men's movement and tells us why these networks mattered Focusing on the decades between 1950 and 2000 it argues that while public structural change is necessary for gender equality getting men involved in efforts at social justice may well depend on their making changes with respect to feelings and with respect to their unconscious fears and anxieties as well Guys and Lesbians in the Military Wilbur J. Scott, Sandra Carson Stanley, Despite the amply documented presence of significant numbers of undeclared homosexual soldiers sailors and Air Force personnel the official position of the American military since the Second World War has been to ban gay men and lesbian women from serving in the United States military Enlistment of openly gay or lesbian military personnel has not been permitted those already in the military service who have subsequently come out as gays and lesbians have been mustered out of the service with no prospect of appeal Where is the Good in the World? David Henig, Anna Strhan, Joel Robbins, 2022-07-08 Bringing together contributions from anthropology sociology religious studies and philosophy along with ethnographic case studies from diverse settings this volume explores how different disciplinary perspectives on the good might engage with and enrich each other The chapters examine how people realize the good in social life exploring how ethics and values relate to forms of suffering power and inequality and in doing so demonstrate how focusing on the good enhances social theory This is the first interdisciplinary engagement with what it means to study the good as a fundamental aspect of social life *Remembering Diana* V. Seidler, 2013-04-16 Analysing the events surrounding the death of Diana Princess of Wales in 1997 Vic Seidler considers the public outpourings of grief and displays of emotion which prompted new kinds of identification and belonging in which communities came together regardless of race class gender and sexuality **Unreasonable Men** Victor J. Seidler, 2013-07-23 This much needed book is the first to show how dominant forms of masculinity are implicated in the traditions of social theory that have emerged since the Enlightenment The author shows how an unreasonable form of reason

has emerged from the separation of reason from emotion mind from body nature from culture public from private matter from spirit the dualities that have shaped our vision of modernity The book argues that men need to explore critically their power and experience which has been rendered invisible by the dominant traditions of social theory Instead of legislating for others they have to learn to speak more personally for themselves Dislocating Masculinity Andrea Cornwall, Nancy Lindisfarne, 2003-09-02 This book draws upon anthropology feminism and postmodernism to offer a penetrating and challenging study of how gender operates The book offers a radical critique of much of the recent writing on and by men and raises important questions about embodiment agency and the variety of masculine styles Fathers and Daughters Sue Sharpe, 2013-04-15 Fathers and Daughters explores the complex nature of this subject using the voices and experiences of both fathers and daughters Sue Sharpe provides an examination of the important processes operating within the relationship such as those affecting gender roles achievement teenage sexuality women's relationships with men and ageing It is an original and captivating treatment of a strangely neglected subject Sue Sharpe is a free lance writer and researcher based in London *Men, Masculinity and Contemporary Dating* Chris Haywood, 2018-05-02 At a time when traditional dating practices are being replaced with new ways to meet potential partners this book provides fresh insights into how are men responding to new ways of dating Drawing upon original research this book examines a wide range of contemporary dating practices that includes speed dating holiday romances use of dating apps online sex seeking and dogging It reveals the ways in which men draw upon traditional models of masculinity to negotiate these changes but also the extent to which men are responding by elaborating new masculinities Through an investigation of the dynamics of heterosexuality and masculinity this book highlights the importance attached to authenticity and the increasing marketization and commodification of dating It argues that in a post truth world men must also come to terms with a post trust dating landscape Combining rich empirical material with keen theoretical analysis this innovative work will have interdisciplinary appeal for students and scholars of sociology media studies cultural studies and gender studies
