The Naked Communist W. Cleon Skousen,2014-03-27 A timely update to the phenomenal national bestseller Soon after its quiet release during the height of the Red Scare in 1958 The Naked Communist exploded in popularity selling almost two million copies to date and finding its way into the libraries of the CIA the FBI the White House and homes all across the United States From the tragic falls of China Korea Russia and the UN to the fascinating histories of Alger Hiss Whittaker Chambers Elizabeth Bentley and General MacArthur The Naked Communist lays out the entire graphic story of communism its past present and future After searching unsuccessfully for a concise literature on the communist threat W Cleon Skousen saw the urgent need for a comprehensive book that could guide the American conversation So he distilled his FBI experience decades of research and more than one hundred communist books and treatises into one clarifying readable volume that became a touchstone of American values and earned praise from the likes of President Ronald Reagan Glenn Beck and Ben Carson Lauded by one reviewer as the most powerful book on communism since J Edgar Hoover s *Masters of Deceit* this text draws a detailed picture of the communist as he sees himself stripped of propaganda and pretense Readers gain a unique insight into the inner workings of communism its appeal its history its basic and unchanging concepts even its secret timetable of conquest Among the many questions The Naked Communist answers are Who gave the United States nuclear secrets to the Russians How did the FBI fight communism after it was forced underground in 1918 Why did the West lose 600 million allies after World War II What really happened in Korea What is communism s great secret weapon What lies ahead What can I do to stop communism How can we fight communism without a major war Now updated for 2017 this edition includes a chapter on the forty five Communist Goals detailing how forty four of those goals have been achieved in the U S already as well as a chapter on the making of The Naked Communist shedding light on how this book has sold almost two million copies As relevant now as it was sixty years ago Skousen s groundbreaking work provides a renewed understanding of one of the greatest threats facing America today Praise for W Cleon Skousen No

one is better qualified to discuss the threat to this nation from communism You will be alarmed you will be informed and you will be glad you heard him President Ronald Reagan I have never given any volume such an unqualified endorsement CBS national broadcaster Paul Harvey I went back and I read The Naked Communist and at the end of that Skousen predicted that someday soon you won't be able to find the truth in schools or in libraries or anywhere else because it won't be in print anymore So you must collect those books It's an idea I read from Cleon Skousen from his book in the 1950s The Naked Communist where he talked about how someday the history of this country's going to be lost because it's going to be hijacked by intellectuals and communists and everything else And I think we're there Glenn Beck host of the nationally syndicated Glenn Beck Radio Program The Naked Communist lays out the whole progressive plan It is unbelievable how fast it has been achieved Dr Ben Carson The Sean Hannity Show May 23 2014 I feel certain that your efforts on this important subject will receive widespread attention and consideration J Edgar Hoover first Director of the Federal Bureau of Investigation We believe in a moral code Communism denies innate right or wrong As W Cleon Skousen has said in his timely book The Naked Communist The communist has convinced himself that nothing is evil which answers the call of expediency This is a most damnable doctrine People who truly accept such a philosophy have neither conscience nor honor Force trickery lies broken promises are wholly justified Ezra Taft Benson United States Secretary of Agriculture under President Eisenhower

Shadow Warfare Larry Hancock, Stuart Wexler, 2015-03-17 Contrary to its contemporary image deniable covert operations are not something new Such activities have been ordered by every president and every administration since the Second World War In many instances covert operations have relied on surrogates with American personnel involved only at a distance insulated by layers of deniability Shadow Warfare traces the evolution of these covert operations detailing the tactics and tools used from the Truman era through those of the contemporary Obama Administrations It also explores the personalities and careers of many of the most noted shadow warriors of the past sixty years tracing the decade long relationship between the CIA and the military Shadow Warfare presents a balanced non polemic exploration of American secret warfare detailing its patterns consequences and collateral damage and presenting its successes as well as failures Shadow Wars explores why every president from Franklin Roosevelt on felt compelled to turn to secret deniable military action It also delves into the political dynamic of the president's relationship with Congress and the fact that despite decades of combat the U S Congress has chosen not to exercise its responsibility to declare a single state of war even for extended and highly visible combat

Roots of Revolution Jerry W. Knudson, 2010 Rebels of the South It is better to die on your feet than to live on your knees Inscription dated April 11 1919 one day after the assassination of Emiliano Zapata carved on a post at the Borda Garden in Cuernavaca seen by Frank Tannenbaum in 1923 Peace by Revolution An Interpretation of Mexico New York 1933 page 179 Do not wear a shirt of eleven yards for he who wants to be a Redeemer will be crucified Guadalajara proverb quoted in John Reed Insurgent Mexico 1914 page 78 Roots of Revolution focuses on the longstanding social and

economic ills that caused society to disintegrate into violence during the classic social and economic Latin American revolutions of Mexico from 1910 to 1940 Bolivia since 1952 Cuba since 1959 and Nicaragua since 1979 Peaceful change eluded temporarily at least Chile Argentina and Peru and the future of Venezuela and other countries is undetermined Considering the pervasive hunger and illiteracy in Latin America as well as the inadequate or non existent medical and educational systems it is surprising to note that there have only been four classic revolutions with profound social and economic restructuring of society Based upon the author s firsthand knowledge as a journalist focused on Latin America this book is designed to give the latest information historical or present on such revolutions The human element is emphasized including that of the author but these comments are clearly separated from the body of the work **Red Star Over Cuba** Don Crawford, Brother Andrew, 1971-01-01 *Problems of Communism*, 1961 *Three Revolutions* Simon Hall, 2025-07-01 A salve for our current reactionary times ANDREW HARTMAN The gripping untold story of how six epic journeys launched the three communist revolutions that changed world history forever From the streets of Petrograd during the heady autumn of 1917 to Mao s stunning victory in October 1949 and Fidel s triumphant arrival in Havana in January 1959 the history of the twentieth century was transformed in dramatic and profound ways by the Russian Chinese and Cuban revolutions In *Three Revolutions* the stories of these epoch defining events are told together for the first time At the heart of each revolution was an epic journey Lenin s 1917 return to Russia from exile in Switzerland Mao s Long March of 1934-35 covering some 6 000 miles across China and Fidel Castro s return to Cuba in 1956 following his exile in Mexico Told in tandem with these are the corresponding journeys of three extraordinary journalists John Reed Edgar Snow and Herbert L Matthews whose electric testimony from the frontlines of each revolution would make a decisive contribution to how these revolutions were understood in the wider world Here in Simon Hall s masterful retelling these six remarkable journeys are brought vividly to life Featuring a stellar cast extraordinary drama and an epic sweep *Three Revolutions* raises fundamental questions about the nature of political power the limits of idealism and the role of the journalist questions that remain of utmost urgency today
