Literature Redeemed Nicolas Dreyer, 2020-07-13 In the post Soviet period discussions of postmodernism in Russian literature have proliferated Based on close literary analysis of representative works of fiction by three post Soviet Russian writers Vladimir Sorokin Vladimir Tuchkov and Aleksandr Khurgin this book investigates the usefulness and accuracy of the notion of postmodernism in the post Soviet context Classic Russian literature renowned for its pursuit of aesthetic moral and social values and the modernism that succeeded it have often been seen as antipodes to postmodernist principles The author wishes to dispute this polarity and proposes post Soviet neo modernism as an alternative concept Neo modernism embodies the notion that post Soviet writers have redeemed the tendency of earlier literature to seek the meaning of human existence in a transcendent realm as well as in the treasures of Russia's cultural past France and the Visual Arts Since 1945 Catherine Dossin, 2019-01-01 Taking on the myth of France's creative exhaustion following World War II this collection of essays brings together an international team of scholars whose research offers English readers a rich and complex overview of the place of France and French artists in the visual arts since 1945 Addressing a wide range of artistic practices spanning over seven decades and using different methodologies their contributions cover ground charted and unknown They introduce greater depth and specificity to familiar artists and movements such as Lettrism Situationist International or Nouveau R alisme while bringing to the fore lesser known artists and groups including GRAPUS the Sociological Art Collective and Nicolas Sch ffer Collectively they stress the political dimensions and social ambitions of the art produced in France at the time deconstruct the traditional geography of the French art world and highlight the multiculturalism of the French art scene

that resulted from its colonial past and the constant flux of artistic travels and migrations Ultimately the book contributes to a story of postwar art in which France can be inscribed not as a main or sub chapter but rather as a vector in the wider Ransomed, Redeemed, and Forgiven David H.
