Redefining A Public Health System How The Veterans Health Administration Improve Quality Measurement:

Redefining a Public Health System Galen L. Barbour, 1996-08-15 share header with other Barbour book since they are sold as a set A remarkable story told by Galen L Barbour M D a top level Veterans Health Administration VHA executive This book reveals how the VHA met the challenge of improving health care quality measurement throughout its enormous system Barbour tells of overcoming myriad obstacles including internal apathy and resistance from administrators and physicians This achievement has striking implications for health care executives who are charged with quality improvement within their own organizations

Accountability Through Measurement Vahe A. Kazandjian, 2002-06-13 Accountability Through Measurement A Global Healthcare Imperative looks at the need for healthcare organizations to become more accountable for their performance The book discusses the necessary mindset structures tools and communication modes needed for healthcare to be accountable to itself as well as to external audiences about its own performance At the heart of this is the need for a greater degree of disclosure which in turn requires rigorous methods of measurement This book places the requirement of disclosure at the center of the accountability mandate and presents concrete ways in which performance can be measured analyzed communicated and used toward performance improvement This approach does not place the responsibility of accountability on the providers only but makes it a joint effort between the providers and recipients

Healthcare Information Management Systems Marion J. Ball, Charlotte Weaver, Joan Kiel, 2013-03-14 Healthcare Information Management Systems Third edition will be a comprehensive volume addressing the technical organizational and management issues confronted by healthcare professionals in the selection implementation and management of healthcare information systems With contributions from experts in the field this book focuses on topics such as strategic planning turning a plan into reality implementation patient centered technologies privacy the new culture of patient safety and the future of technologies in progress With the addition of 28 new chapters the Third Edition is also richly peppered with case studies of implementation both in the United States and abroad The case studies are evidence that information technology can be implemented efficiently to yield results yet they do not overlook pitfalls hurdles and other challenges that are encountered Designed for use by physicians nurses nursing and medical directors department heads CEOs CFOs CIOs COOs and healthcare informaticians the book aims to be a indispensable reference
