Tiny You Jennifer L. Holland,2020-04-07 Caroline Bancroft History Prize 2021 Denver Public Library Armitage Jameson Prize 2021 Coalition of Western Women s History David J Weber Prize 2021 Western History Association W Turrentine Jackson Prize 2021 Western History Association *Tiny You* tells the story of one of the most successful political movements of the twentieth

century the grassroots campaign against legalized abortion While Americans have rapidly changed their minds about sex education pornography arts funding gay teachers and ultimately gay marriage opposition to legalized abortion has only grown As other socially conservative movements have lost young activists the pro life movement has successfully recruited more young people to its cause Jennifer L Holland explores why abortion dominates conservative politics like no other cultural issue Looking at anti abortion movements in four western states since the 1960s turning to the fetal pins passed around church services the graphic images exchanged between friends and the fetus dolls given to children in school she argues that activists made fetal life feel personal to many Americans Pro life activists persuaded people to see themselves in the pins images and dolls they held in their hands and made the fight against abortion the primary bread and butter issue for social conservatives Holland ultimately demonstrates that the success of the pro life movement lies in the borrowed logic and emotional power of leftist activism
