## **Redefining Morality:**

**Redefining Morality** George E Pfautsch,2004-08-30 Our country is facing dangers from the threat of terrorism That threat is obvious to most people and is being fought vigorously by our government Another threat which is subtle but may be just as dangerous is taking place from within the country In the past fifty years the United States has undergone cultural changes which have led to a new definition of morality The danger of this shift toward a secular morality is undermining the moral principles our founding fathers intended as a cornerstone to our Constitution and our laws In recent years the shift toward this new definition of morality has been accelerating and exacerbating In this book an examination is made of the new secular principles being advanced and the role many prominent groups including government are playing in these moral changes In this book a review will also be made of the environment in which secular morality prospers **Redefining**

**Moral Education** Kathryn R. Wayne,1996-06 A study of the role of education in developing a new ecological morality looking at two novels by Ursula Le Guin The Word for the World Is Forest and Always Coming Home to explore the part language plays in our understanding of the relationship between nature and culture Traces the history of ecological thought in the Western world and analyzes how Le Guin s work relates to recent works by deep ecologists social ecologists and ecofeminists as well as leading influences in moral theory and education No index Annotation copyrighted by Book News Inc Portland OR

**Times of Greatness** GEORGE E PFAUTSCH,2005-08-22 Throughout its history the United States has experienced some outstanding periods that are unparalleled by any other nation Such times of greatness have been achieved when this country most closely adhered to the faith based morality intended by our founding fathers A faith based morality requires a belief that all humans receive their freedoms and unalienable rights from a Supreme Creator That belief led to the formation of this nation Greatness is achieved when government does most to extend such freedoms and rights to its own citizens and to all peoples of the world Since the discovery of this nation by Columbus in 1492 the United States has been through periods of time that have been extraordinary in the results it has achieved for the rights of all human beings In this book the greatest moments of this country are compared to the morality the government followed during such periods Flawed Justice

George E. Pfautsch,2007-06-15 The founding fathers of this country had a vision for the type of morality that would sustain our nation for many generations The type of national morality they envisioned was evident in many of their writings The first two sentences of the Declaration of Independence provided us with an insight into the morality they believed was appropriate to form a new nation Such a morality would lead to the highest level of justice attainable in a country Their view of morality and justice has been observed through most of this nations history However there have been instances when their view of justice has been set aside When that occurred we have had some of the worst breakdowns in justice for large groups of people This book will examine the consequences and tragedies that have occurred when our justice system has failed

Political Ethics Edward Hall,Andrew Sabl,2022-08-30 A comprehensive introduction to contemporary political ethics

Lutzer,2008-11-06 When the world s most powerful celebrity according to Forbes magazine personally teaches a course on miracles millions will join her class including many believers What will happen when the coursework blends inspiration and encouragement with some of the oldest heresies in the Enemy s arsenal People you know and love may dismiss the claims of Jesus Christ as the only way to God Dr Erwin Lutzer s insight and clarity reveals the true nature of contemporary spirituality tracing its roots across a range of false belief systems and back to its first appearance in the garden of Eden In a day when so many seek direction from the media it remains essential to carefully discern between truth and the lie **Transitions in Continental Philosophy** Arleen B. Dallery,Stephen H. Watson,E. Marya Bower,1994-01-01 This book challenges and renews the discussions that have historically characterized the tradition of continental thought in the areas of ethics feminism aesthetics and political theory The classical origins of this tradition phenomenology existentialism and hermeneutics emerged according to models that were foundational and systematic in character The book shows that continental philosophy is now woven between counter discourses and concrete interventions complicated in the relationship between theory and practice that is in the transition between concept and determination idea and intuition the ontic and the ontological experience and judgment *Foundations of Living: Insights for an Enriching Life | How to live a balanced life and have a fulfilling future* Dr Ajaypal Kalyan,2024-10-07 In a world focussed on success and material things we often forget the deeper questions that affect our lives How did we get here What motivates us And how can we live more fulfilling lives Foundations of Living answers these questions and guides readers on a journey from the birth of civilisation to the present day It delves into the roots of our societal structures exploring how they ve evolved and how they influence our current way of life More importantly it provides readers with the tools to navigate the complexities of modern existence encouraging them to introspect live mindfully and coursing them towards simpler more meaningful values By blending historical insights with practical advice it helps you understand the past and create a more balanced and fulfilling future Whether you re seeking to escape the rat race cultivate mindfulness or embark on a spiritual journey this book serves as your roadmap to a more purposeful and enriched life **A Liberal Theory of Practical Morality** Earl Spurgin,2021-05-25 Moral issues and questions abound in daily life Media outlets frequently raise awareness of many such as those concerning individuals right to privacy The same venues seldom if ever raise awareness of others such as moral issues and questions concerning our fantasies Regardless of the level of publicity various venues afford particular moral matters most people who become aware of those matters find many interesting and important A problem most encounter however is

determining the criteria through which they should approach the moral matters they wish to engage Ethicists have long sought a moral theory that would provide the desired criteria but most will grant readily that those efforts have not produced a generally accepted theory This book presents the author s case that a kind of moral liberalism is the theory we should use to engage daily life s moral matters The author presents a conception of moral liberalism argues that it is the best approach to practical morality in a plural society and applies it to several of morality s practical matters **Trail of Madness** Ken

Stichter,2018-01-03 It is 1966 in the Sierra Nevada backcountry Allison Connors has been waiting years to carry out her plan As darkness falls and a drunken beast emerges from their tent to relieve himself Allison pushes him over a riverbank hurls a rock at his head and shoves him into the water Although her father is finally dead her vengeful journey has just begun Thirty three years later the discovery of Cindy Ashaes remains in an Orange County high school time capsule heats up a decades old cold case After sheriffs department investigator Van Vanarsdale is assigned the case he begins to unravel the mysterious 1972 disappearance of Cindy and her high school prom date While following a twisting set of leads Van soon discovers that Cindys death has something in common with several backpackers who disappeared during the 1960s and 1970s along Californias John Muir Trail After enlisting help from psychology experts and two old backpackers Van is led down a trail of madness straight to a suspect with a brilliant yet twisted mind In this gripping mystery a tenacious Orange County investigator assigned to a cold case must use unconventional methods to find a ruthless killer *Rethinking Islamist Politics*

Salwa Ismail,2006-05-26 In an atmosphere of growing concern over the threat posed by Islamist violence political Islamism has become the most important of geopolitical issues In the process it has been misrepresented Contrary to what many believe Islamist movements are characterised by their diversity Revisiting the main arguments and explanations that have been used over the past twenty years to understand Islamist activism moderate as well as militant Salwa Ismail here proposes a rethinking of Islamist politics The phenomenon of political Islam is determined by macro and micro level changes in the Muslim world such as the retreat of the welfare state across the Middle East and the subsequent expansion in the role of informal political activists in the popular neighbourhoods of such cities as Algiers or Cairo Ismail examines both levels to explain the socio economic and political settings out of which Islamism has developed Her focus is both the economic and political environments that fomented Islamism and the structures of Islamist movements themselves from their ideologies to their modes of action Looking at Islamism as a form of contestation politics Ismail offers a reassessment of its failures and successes limited as it is by its use of violence but capable of real mobilisation at a popular level *Rethinking Islamist Politics* will be vital reading for anyone seeking to understand such spectacular expressions of Islamism as the September 11th attacks but also the everyday struggles of ordinary people which Islamism embodies *The Routledge Handbook of*

*Accounting Ethics* Eileen Z. Taylor,Paul F. Williams,2020-12-29 The perspective of this book is to present ethics as a conversation about how we decide what is good or bad right or wrong It is a collection of conversations employed by

educators to assist accounting students in developing their understanding of accounting's ethical aspects and to help them develop into critical thinkers who consider the ethical complexities of the function of accounting in human society. Because we are social beings, ethics is a central human concern since it involves determining the ethicality of human actions and their effect on other individuals as well as determining the collective societal acceptance or rejection of an action. Thus, the book's primary goal is to call attention to the intersectionality of accounting and ethics and to encourage students and researchers to consider the ethical implications of accounting decisions. The book contains a diversity of perspectives within which discussions of accountants and accounting's ethical responsibilities may occur. The contributing authors were deliberately chosen for their diverse perspectives on whence moral guidance for accounting may come. Each chapter stands on its own and represents the thinking of its authors. The book is not a primer on correct behavior for accountants but a place where educators may spur the conversation along.

### **Family and Parenting 3-Book Bundle** Michael Reist, Nicole

Letourneau, 2014-10-08 This special three book bundle collects sage advice and guidance for today's parent struggling to keep up in a rapidly changing world. Two titles by Michael Reist discuss education: school is our children's second home. They will spend more time there than anywhere else in their formative years. We all need to talk honestly about the nature of this environment. *What Every Parent Should Know About School* is an honest, positive, thought-provoking look at what schools are today and what they could be in the future. *Raising Boys in a New Kind of World* is a passionate call for greater empathy. The more we know about boys, the more realistic our expectations of them will be. Combining the expertise of its author, a celebrated expert in parent-infant mental health and mother of two, with the latest findings in gene-by-environment interactions, epigenetics, behavioural science, and attachment theory, *Scientific Parenting* describes how children's genes determine their sensitivity to good or bad parenting, how environmental cues can switch critical genes on or off, and how addictive tendencies and mental health problems can become hardwired into the human brain. Includes *Raising Boys in a New Kind of World*, *Scientific Parenting*, *What Every Parent Should Know About School*.

### **Obamagelicals** Michele

Gilbert, Ronald Eric Matthews, 2010-10-12 *Obamagelicals* How the Right Turned Left demonstrates how rhetorical strategies normalized, marginalized, and/or anaesthetized the traditional views of the white Protestant evangelical voter and gave younger white Protestant evangelicals, whose self-identify as being centrists or modernists, a voice that had otherwise been drowned out by the traditional old guard of the Protestant evangelical religious right. *Obamagelicals* argues President Obama capitalized on this completely different set of value issues that resonated with white Protestant evangelical centrists and modernists in ways never dreamed possible. *Obamagelicals* is a unique contribution to the current interdisciplinary conversation about the role of white Protestant evangelicals in the democratic process and the victorious presidential election. It is unique because it treats Protestant evangelicalism not as a monolith but as a mosaic comprised of numerous denominations and belief patterns. Through this creation of space on the theological continuum of Protestant evangelicalism

believers draw attention to themselves by creating distinction and attention This book examines how the shift in theological interpretations of the Scriptures lead to shift in cultural and political issues that went undetected by Republican candidate Senator John McCain but embraced by President Obama Obamagelicals provides a consistent methodological approach that is easy to understand for those interested in religion and politics Using data analysis and cross tabulations each topic or theme employs simple easy to understand variables thereby allowing for a cross comparison Obamagelicals allows us the opportunity to begin to examine the connections between religiosity and political participation on such key policy issues as the economy war in Iraq and Afghanistan and same sex marriages within the mosaic of Protestant evangelicalism in the shadow of the 2008 election
