Redemption Stephen T. Davis, Daniel Kendall, Gerald O'Collins, 2004 Twenty four scholars from different universities churches and continents have worked on this book a volume on the central Christian belief the redemption of human beings through Jesus Christ Provided by Publisher Christ and Reconciliation Veli-Matti Krkkinen, 2013-05-26 In Christ and Reconciliation Veli Matti Karkkainen develops a constructive Christology and theology of salvation in dialogue with the best of Christian tradition with contemporary theology in its global and contextual diversity and with other major living faiths Karkkainen s Constructive Christian Theology for the Pluralistic World is a five volume project that aims to develop a new approach to and method of doing Christian theology in our pluralistic world at the beginning of the third millennium Topics such as diversity inclusivity violence power cultural hybridity and justice are part of the constructive theological discussion along with classical topics such as the messianic consciousness incarnation atonement and the person of Christ With the metaphor of hospitality serving as the framework for his discussion Karkkainen engages Judaism Islam Buddhism and Hinduism in sympathetic and critical mutual dialogue while remaining robustly Christian in his convictions Never before has a full scale doctrinal theology been attempted in such a wide and deep dialogical mode *Christian Theologies of Salvation* Justin S Holcomb, 2017-10-31 Essays exploring pivotal spiritual figures over two millennia and their doctrines of salvation Salvation has been a key focus of Christian theology since the first days of the church Theologians from St Augustine to Karl Barth have debated the finer points of salvation for nearly as long offering a bewildering array of competing and often contradictory theories Christian Theologies of Salvation traces doctrines of salvation from the first century into the twenty first century Each chapter focuses on a different major theologian first presenting the theologian s doctrine of salvation then highlighting how the doctrine makes a distinct contribution to the church s overall dogma The volume offers a comparative focus including doctrines of salvation that reflect the historical development of Catholic Orthodox and Protestant views By illuminating the ways in which doctrines of salvation have evolved over the church s history Justin Holcomb takes us across

the teachings of Origen and Augustine John Calvin and Martin Luther and eventually to the more modern theologies of Karl Barth and Gustavo Guti rrez A much needed map to the options and implications of different theologies of salvation this book is essential reading for students and scholars of Christian thought Holcomb has assembled a fine group of scholars to look at four major periods patristic Middle Ages Reformation and Catholic Counter Reformation and the 18th to 21st centuries A solid study of important voices on Christian salvation Choice An important tool in helping theological students and pastors explore their own theological tradition while at the same time prompting deeper conversations with ecumenical partners Paul Galbreath Union Presbyterian Seminary *Lord Jesus Christ* Daniel Treier,2023-10-31 A study of the doctrine of Christ that is biblical and historical evangelical and ecumenical conceptually clear and contextually relevant Lord Jesus Christ expounds the doctrine of Christ by focusing upon theological interpretation of Scripture regarding Jesus s identity The book s structure traces a Christological arc from the eternal communion of the Triune God through creation covenants Incarnation passion and exaltation all the way to the consummation of redemptive history This arc identifies Jesus as the divine Lord who assumed human flesh for our salvation The book expounds and defends a classically Reformed Christology in relation to contemporary contexts and challenges engaging both philosophical and global concerns Each chapter begins with the theological interpretation of a key Scripture text before expounding key concepts of orthodox Protestant Christology Lord Jesus Christ is a unique example of writing dogmatic theology by way of theological exegesis The result is a volume that engages the numerous scholarly volumes on Christology that have appeared within the last couple of decades but provides a contemporary account of a traditional view About the Series New Studies in Dogmatics seeks to retrieve the riches of Christian doctrine for the sake of contemporary theological renewal Following in the tradition of G C Berkouwer s Studies in Dogmatics this series will provide thoughtful concise and readable treatments of major theological topics expressing the biblical creedal and confessional shape of Christian doctrine for a contemporary evangelical audience The editors and contributors share a common conviction that the way forward in constructive systematic theology lies in building upon the foundations laid in the church s historic understanding of the Word of God as professed in its creeds councils and confessions and by its most trusted teachers Wonderful Blood Caroline Walker Bynum,2007 Bynum argues that Christ s blood as both object and symbol was central to late medieval art literature and religious life As cult object blood provided a focus of theological debate about the nature of matter body and God and an occasion for Jewish persecution as motif blood became a central symbol in popular devotion Participating in Christ Michael J. Gorman,2019-09-17 World renowned scholar Michael Gorman examines the important Pauline theme of participation in Christ and explores its contemporary significance for Christian life and ministry One of the themes Gorman explores is what he calls resurrectional cruciformity that participating in Christ is simultaneously dying and rising with him and that cross shaped living infused with the life of the resurrected Lord is life giving Throughout the book Gorman demonstrates the centrality of participating in Christ for Paul s
