Rediscoveries American Short Stories By Women 1800 1916:

Rediscoveries Barbara H. Solomon, 1994-01-01 A collection of short fiction spanning nearly eighty five years features the writing of Kate Chopin Rebecca Harding Davis Louisa May Alcott Mary Wilkins Freeman Sarah Orne Jewett Charlotte Perkins Gilman Edith Wharton and others Original **Charlotte Perkins Gilman's "The Yellow Wall-paper" and the History of**

Its Publication and Reception Julie Bates Dock, 1998-02-27 Since its publication in 1892 Charlotte Perkins Gilman's *The Yellow Wall paper* has always been recognized as a powerful statement about the victimization of a woman whose neurasthenic condition is completely misdiagnosed mistreated and misunderstood leaving her to face insanity alone as a prisoner in her own bedroom Never before however has the story itself been portrayed as victimized In this first critical edition of Gilman's *The Yellow Wall paper* accompanied by contemporary reviews and previously unpublished letters Julie Bates Dock examines the various myth frames that have been used to legitimize Gilman's story The editor discusses how modern feminist critics readings and misreadings of the available documents uphold a set of legends that originated with Gilman herself and that promulgate an almost saintly view of the pioneering feminist author The documents made available in the collection enable scholars and students to evaluate firsthand Gilman's claims regarding the story's impact on its first audiences Dock presents an authoritative text of *The Yellow Wall paper* for the first time since its initial publication Included are a textual commentary full descriptions of all relevant texts lists of editorial emendations and pre copy text substantive variants a complete historical collation that documents all the variants found in important editions after 1892 and a listing of textual sources for more than one hundred reprintings of the story in anthologies and textbooks Other documents in the casebook that illuminate the story's publication and reception histories include Gilman's successive and varying accounts of the story's history her diary and manuscript log entries and letters pertaining to the story W D Howells's correspondence with Gilman and Horace Scudder editor of *The Atlantic Monthly* and his remarks on the story when he reprinted it in *Great American Short Stories* and more than two dozen reviews of the story by Gilman's contemporaries Taken together the criticism text documents and annotations constitute a rich and valuable contribution to Gilman scholarship calling into question the feminist literary criticism that has helped to shape interpretations of a literary masterpiece **Selections**

from Eliza Leslie Eliza Leslie, 2011-12-01 Best known for her culinary and domestic guides and the award winning short story *Mrs Washington Potts* Eliza Leslie deserves a much more prominent place in contemporary literary discussions of the nineteenth century Her writing known for its overtly moralistic and didactic tones though often presented with wit and humor also provides contemporary readers with a nuanced perspective for understanding the diversity among American women in Leslie's time Leslie's writing serves as a commentary on gender ideals and consumerism presents complicated constructions of racial national and class based identities and critiques literary genres such as the Gothic romance and the love letter These criticisms are exposed through the juxtaposition of her fiction and nonfiction instructive texts which range

from lessons on literary conduct to needlework from recipes for American and French culinary dishes to travel sketches from songs to educational games Demonstrating the complexity of choices available to women at the time this volume enables readers to see how Leslie's rhetoric and audience awareness facilitated her ability to appeal to a broad swath of the nineteenth century reading public

Women Writers in the United States Cynthia J. Davis, Kathryn West, 1996-05-09 *Women Writers in the United States* is a celebration of the many forms of work written and social tangible and intangible produced by American women Davis and West document the variety and volume of women's work in the U S in a clear and accessible timeline format They present information on the full spectrum of women's writing including fiction poetry biography political manifestos essays advice columns and cookbooks alongside a chronology of developments in social and cultural history that are especially pertinent to women's lives This extensive chronology illustrates the diversity of women who have lived and written in the U S and creates a sense of the full trajectory of individual careers A valuable and rich source of information on women's studies literature and history *Women Writers in the United States* will enable readers to locate familiar and unfamiliar women's texts and to place them in the context out of which they emerged

Race Mixture in Nineteenth-Century U.S. and Spanish American Fictions Debra J. Rosenthal, 2005-10-12 Race mixture has played a formative role in the history of the Americas from the western expansion of the United States to the political consolidation of emerging nations in Latin America Debra J Rosenthal examines nineteenth century authors in the United States and Spanish America who struggled to give voice to these contemporary dilemmas about interracial sexual and cultural mixing Rosenthal argues that many literary representations of intimacy or sex took on political dimensions whether advocating assimilation or miscegenation or defending the status quo She also examines the degree to which novelists reacted to beliefs about skin differences blood taboos incest desire or inheritance laws Rosenthal discusses U S authors such as James Fenimore Cooper Catharine Maria Sedgwick Walt Whitman William Dean Howells and Lydia Maria Child as well as contemporary novelists from Cuba Peru and Ecuador such as Gertrudis Gomez de Avellaneda Clorinda Matto de Turner and Juan Leon Mera With her multinational approach Rosenthal explores the significance of racial hybridity to national and literary identity and participates in the wider scholarly effort to broaden critical discussions about America to include the Americas

Native Pragmatism Scott L. Pratt, 2002-04 Pragmatism is America's most distinctive philosophy Generally it has been understood as a development of European thought in response to the American wilderness A closer examination however reveals that the roots and central commitments of pragmatism are indigenous to North America Native Pragmatism recovers this history and thus provides the means to re-conceive the scope and potential of American philosophy Pragmatism has been at best only partially understood by those who focus on its European antecedents This book casts new light on pragmatism's complex origins and demands a rethinking of African American and feminist thought in the context of the American philosophical tradition Scott L Pratt demonstrates that pragmatism and its development involved the work of many thinkers previously overlooked in the history

of philosophy *Contexts for Criticism* Donald Keeseey, 2002-10-30 Contexts for Criticism introduces readers to the essential issues of literary interpretation The text includes three complete works Keats's Ode on a Grecian Urn Melville's Benito Cereno and Charlotte Perkins Gilman's The Yellow Wallpaper These texts plus Shakespeare's The Tempest are examined through seven fundamental critical theories Historical Author as Context and Culture as Context Formal Reader Response Mimetic Intertextual and Poststructural *The Publishers Weekly*, 1993 **Forthcoming Books** Rose Arny, 1996-06

web introduction electromagnets or magnets that use the magnetic field created by electrical current flowing through a wire lie at the heart of many electrical devices ranging from simple things like doorbells to complex machines like particle accelerators

electricity and magnetism what are they why are they - May 23 2022

web dec 28 2020 this is a law that encompasses both magnetic and electric fields combining two different terms to predict the force imparted on a particle under the influence of both and the direction of the resulting force for the magnetic force the relevant part of the lorentz force law is $\mathbf{F} = q \mathbf{v} \times \mathbf{B}$

electricity and magnetism physics libretexts - Jun 23 2022

web sep 17 2020 electricity and magnetism electromagnetism is the study of the electromagnetic forces between electrically charged particles that is carried by electromagnetic fields composed of electric fields and magnetic fields and it is responsible for electromagnetic radiation such as light the field uses the tools of vector calculus for
