The Republican Noise Machine David Brock,2004-05-25 In The Republican Noise Machine David Brock skillfully documents perhaps the most important but least understood political development of the last thirty years how the Republican Right has won political power and hijacked public discourse in the United States Brock a former right wing insider and the author of the New York Times bestseller Blinded by the Right uses his keen understanding of the strategies tactics financing and personalities of the American right wing to demonstrate how the once fringe phenomenon of right wing media has all but subsumed the regular media conversation shaped the national consciousness and turned American politics sharply to the right Brock documents how in the last several decades the GOP built a powerful media machine newspapers and magazines think tanks talk radio networks op ed columnists the FOX News Channel Christian Right broadcasting book publishers and
