Redneck County:

All-American Redneck Matthew J. Ferrence, 2014-03-30 In contemporary culture the stereotypical trappings of redneckism have been appropriated for everything from movies like *Smokey and the Bandit* to comedy acts like Larry the Cable Guy Even a recent president George W Bush shunned his patrician pedigree in favor of cowboy authenticity to appeal to voters Whether identified with hard work and patriotism or with narrow minded bigotry the Redneck and its variants have become firmly established in American narrative consciousness This provocative book traces the emergence of the faux Redneck within the context of literary and cultural studies Examining the icon's foundations in James Fenimore Cooper's Natty Bumppo an ideal white man free of the boundaries of civilization and the degraded rural poor of Erskine Caldwell's *Tobacco Road* Matthew Ferrence shows how Redneck stereotypes were further extended in *Deliverance* both the novel and the film and in a popular cycle of movies starring Burt Reynolds in the 1970s and 80s among other manifestations As a contemporary cultural figure the author argues the Redneck represents no one in particular but offers a model of behavior and ideals for many Most important it has become a tool reductive confining and sometimes almost liberating by which elite forces gather and maintain social and economic power Those defying its boundaries as the Dixie Chicks did when they criticized President Bush and the Iraq invasion have done so at their own peril Ferrence contends that a refocus of attention to the complex realities depicted in the writings of such authors as Silas House Fred Chappell Janisse Ray and Trudier Harris can help dislodge persistent stereotypes and encourage more nuanced understandings of regional identity In a cultural moment when so called Reality Television has turned again toward popular images of rural Americans as in for example *Duck Dynasty* and *Moonshiners* *All American Redneck* reveals the way in which such images have long been manipulated for particular social goals almost always as a means to solidify the position of the powerful at the expense of the regional

A Walk in the Garden of My Spirit Lucian A. Tower, 2013-05-14 I began writing song lyric then came poetry and short stories some 40 years ago when I was 10 years old During the sixties in high school I had the privilege of meeting The Poet Laureate of the United States Mr Robert Frost He spoke with me discussing my poetry and my ideas He told me to

keep writing and reading and as I continued I would learn so much more and eventually become a published poet I have continued writing lyrics poetry and short stories I am now 64 years old and I am published I have always told other poets and writers to keep on writing and learning about the many different styles of the written arts The way I see writing poetry is a likeness to a photograph of a moment a dream a place and a thing a memory good or not so good Life comes at us in many different ways sometimes in many different ways at once Its the situations that arise the masks some people wear the way they talk and rub shoulders with everybody These things make up the poetry I write When you sit down and look at life youll find its much bigger than just us This is poetry lyric writing short stories from the imagination journalism and actually all the arts they are great love affairs with life I have found all things good in the written arts even when Im turned down by an editor Its all learning and enjoying what you do So choose a photograph of a moment a dream or a situation and then write about it Create a picture with words of description I live a simple life as a Disabled Veteran of the U S M C and the Vietnam War However I am simply who I am and I dont try to say Im someone else I am a human being who loves the arts My message to you all whom read this is KEEP ON WRITING KEEP ON KEEPING ON **Artificial** Alan Leibert,2024-09-13

Technology is just a tool to permit humans to perform new tasks as well as existing tasks better faster and cheaper However as technology improves so do the opportunities for its use in more divergent ways as a force for both good and evil The book delves into the inevitable clash of these opposing forces painting a vivid picture of the technology wars that loom on the horizon seemingly unstoppable by human intervention alone Amidst this battle AI emerges as a potential bridge between the warring factions However the biases instilled in AI by its human creators raise the question of whether it can truly serve as an impartial mediator or if it will simply choose sides based on its own discretion The author ponders whether granting AI the autonomy to develop new capabilities free from human control is the key to overcoming the forces of evil or if it is a case of jumping from the frying pan into the fire This book takes readers on a captivating journey examining the potential consequences of unchecked technological progress over the coming centuries It serves as a thought provoking exploration of the delicate balance between the benefits and risks of advanced technology leaving readers to contemplate the future that awaits humanity **Hillbilly** Anthony Harkins,2004 This text argues that the hillbilly in his various guises has been viewed by mainstream Americans simultaneously as a violent degenerate who threatens the modern order and as a keeper of traditional values and thus symbolic of a nostalgic past free of the problems of contemporary life Something in Camouflage Chris F. Wortman,2023-11-14 Just short humorous stories of people places hunting and fishing misadventures common sense man s best friend boats canoes payback ol Greybeard the legend of the woods the real hunting magazines history Da Nort country eh and personal egg on one s face with a chortle or chuckle thrown in due to obvious self embarrassment To Newt or To Not Scott Crass,2024-04-02 In 1994 Democrats were reeling from losing control of the House of Representatives for the first time in 40 years Returning members entered the new 104th Congress powerless but

the persona of the architect of that Republican takeover offered hope that their time in the wilderness would be brief Speaker Newt Gingrich was a visionary but often accompanied that quality with brazen legislative initiatives and instinctive remarks that often brought turbulence to his caucus Many of his majority makers had extreme views which they often expressed in eyebrow raising terms The approval of the new Congress tanked and a 1996 government shutdown was fuel to the fire Minority Leader Richard Gephardt made a ferocious drive to recapture the chamber for his Democrats that November and Gingrich became a leading involuntary character in many of the candidates campaigns While the effort to regain control fell short the many contests profiled in this book offer a fascinating look at overreach and rhetoric out of touch with much of America

Booted and Suited Chris Brown,2009-05-04 Welcome to the real seventies where the hair is shaved the music is funky and the football is violent Chris Brown was right there in the thick of the action With his regulation haircut clip on braces shrunk Levis and bovver boots he had the look every self respecting bovver boy could not be seen without This is the most amazing story of the most maligned decade in British history It tells of adrenaline packed Saturday outings Tonik suits aggro on the terraces funk on the dancefloor and Johnny Rotten inside your head
