Redwood Railways A History Of The North:

The History of Redwood County, Minnesota ,1916 Logging Railroads of Humboldt and Mendocino Counties Katy M. Tahja,2013 Locomotive steam whistles echo no more in the forests of the north California coast A century ago Humboldt and Mendocino Counties had more than 40 railroads bringing logs out of the forest to mills at the water s edge Only one single railroad ever connected to the outside world and it too is gone One railroad survives as the Skunk Train in Mendocino County and it carries tourists today instead of lumber Redwood and tan oak bark were the two products moved by rail and very little else was hauled other than lumberjacks and an occasional picnic excursion for loggers families Economic depressions and the advent of trucking saw railroads vanish like a puff of steam from the landscape **Encyclopedia of Western Railroad History** Donald B. Robertson,1986 Distributed by the University of Nebraska Press for Caxton Press This book includes 368 pages of maps photographs and technical data on the history of railroading in California There are detailed reports on dates of operation mergers miles of track maximum grade gauge and rail weight It also includes the histories of thousands of locomotives *Historic Redwood National and State Parks* Gail L. Jenner,2016-05-01 If redwood trees could share their stories what would they say Some of these giants are thousands of years old but all have witnessed some truly unique moments in history Historic Redwood National and State is a vibrant collection of essays sharing different parts of Redwood National Park s history from the Native Americans and the early explorers to park visitors today Celebrate the 100th anniversary of the National Park Service and learn more about the cultural political and natural history of Redwood National and State Parks *Collections of the Minnesota Historical Society* Minnesota Historical Society,1920 **History of the Atchison, Topeka and Santa Fe Railway** Keith L. Bryant|Frailey Jr. (Fred W.),Keith L. Bryant,Fred W. Frailey,2020 Keith L Bryant Jr and Fred W Frailey present a comprehensive history of the financing construction growth and management of the Atchison Topeka and Santa Fe Railway *Narrow Gauge to the Redwoods* Ables Bray Dickinson,Roy Graves,1967 This history covers the lifetime of a small but important California railroad and ferry line which once transported thousands from San Francisco each year north across the bay into Marin County and beyond The North Pacific Coast Railroad NPC was a common carrier narrow gauge steam railroad begun in 1874 and sold in 1902 to new owners who renamed it the North Shore Railroad California NSR and which rebuilt the southern section into a standard gauge electric railroad The NPC operated in the northern California counties of Marin and Sonoma that carried redwood lumber local dairy and agricultural products express and passengers The NPC operated almost 93 mi 150 km of track that extended from a pier at Sausalito which connected the line via ferry to San Francisco and operated northwest to Duncans Mills and Cazadero also known as Ingrams The NPC became the North Shore Railroad California NSR on March 7 1902 In 1907 the North Shore Railroad became part of the Northwestern Pacific Railroad NWP Southern portions of the line were standard gauged and electrified by the North Shore for suburban passenger service though most of the trackage north of San Rafael remained 3 ft 914 mm

gauge until abandonment in the late 1930s All of the NPC trackage has been abandoned either by the NPC or the NWP Some of the original right of way can be seen at the Samuel P Taylor State Park near Fairfax along the shore of Tomales Bay and Keyes Estuary and passenger depots remain in San Anselmo and Duncan Mills One NPC steam locomotive No 12 The Sonoma remains as a restored static exhibit in its circa 1870s appearance at the California State Railroad Museum in Sacramento

Saving the North Coast Redwoods Susan J.P. O'Hara,2024-04-29 The battle to preserve a natural wonder Towering and majestic the redwood forests of California s North Coast once drew not visitors but fortune seeking timber companies By 1917 the region had been logged for nearly 70 years and concerns arose that the rapidly disappearing redwoods could be lost Damage wrought by logging and road construction caught the attention of Madison Grant John Campbell Merriam and Henry Fairfield Osborn and the Save the Redwoods League was born Together with the State of California and the U S Federal Government the League s efforts led to the protection of the remaining old growth redwoods creating state and national parks to preserve them for future generations Author Susan J P O Hara recounts the story of the fight to save the world s tallest trees
