**Expedition to Discover the Sources of the White Nile in the Years 1840, 1841 (Complete)** Ferdinand Werne, Discoveries and conquests which so frequently go hand in hand are of the greatest importance to the history of mankind Like a combination of streams they break through natural boundaries and the rocky dams of ages and open a way for the incessant progress of civilization through new and untrodden paths Yet glorious enterprises costly equipments and hazardous exploits may conceal a swelling kernel of material interest beneath a husk of fine reasons as if these constituted the primitive motive Thus Mohammed Ali the Viceroy of Egypt has done very much for science especially geography without even thinking of it whose comprehensive relations with respect to the higher requirements of mankind lie far beyond the limits of his ideas Neither has he honoured with his study the hieroglyphics in the Biban el Moluk near Thebes where the black Kushi bring golden rings as tribute to the Pharaohs Yet he knows and is so exceedingly fond of these rings Oki n which in Ethiopia even now serve instead of money that so far as the destroying arms of this much famed satrap reach in Belled Sudan no more oki n are to be seen Moreover he is making exertions to follow and secure those that have retreated and eluded his grasp which affords an excellent opportunity for extending our knowledge of the countries and people of East and Central Africa He sacrificed his son Ismail and through the Defterdar devastated and depopulated this beautiful country merely to secure to himself the way to the gold regions though he might have attained his object much better had he sought to elevate the country in every possible way and to re establish mercantile confidence For from the earliest ages a market has existed here to which gold comes first hand in the leaf and grain form by barter with the inhabitants of the interior just as it has been separated from the sand of the torrents and kept in quills or horns of the gazelle In Sennaar or Kordofan it is found in rings of half and whole oki n and in gold wire but it is frequently changed by weighing and melting it down into ingots or bars which Mohammed Ali just as little contemns But Turks in this one word is included all and every answer to questions on the condition of the people We shrug up our shoulders and say Turks Whoever has lived some time amongst them must from the clearest conviction confess the perfect incapacity of these Turks for advancing and civilizing the countries under their government and their indifference to the interests nay even their premeditated murder of the nations infested by them The complete depravity of the Asiatic world even in the lifeless and powerless form of a mass dissolved in corrupt fermentation always effervesces strongly into cruelty with the wide spread barbarians of the East and displays itself in bestial vices to the disgrace of mankind and scorn of the sacred bond of nations A truly savage nature is theirs which from Montenegro to the east and south repels all western civilization and would seek a kind of national fame by ridiculous reactions against it as a hated and even despised foreign state of manners and life in order to cover their

nakedness and infamy and to cloak their empty ostentation But the Turk of Egypt is the outcast of his countryman in Turkey itself Egypt for example is so decried in Albania on account of its corruption that the Arnaut returning from thence seldom obtains a wife even if he have his girdle full of red gold      The Bratva's Secret Heir: An Age Gap Forced Proximity Mafia Romance (Clean Romance) Jessica Fox,2025-05-21 Her camera flash lit up the gala and I knew she was trouble digging into secrets that could bury us both I m a scarred ex SEAL bound to the Bratva and I should ve ended her Instead I dragged her to my frozen lake house her defiance sparking a fire I can t tame She s too young too fearless hunting my world s darkest truths while guarding a boy who s my only redemption A brutal winter traps us and a traitor s coup threatens the kid s life I ll kill to protect them even if it means betraying my oath She s my enemy my weakness and I ll burn the world to keep her safe Nobody touches what s mine      Woodwind Anthology: Clarinet, Saxophone, Oboe, Bassoon ,1992      **Fire Souls** Felicia James,2017-03-03 One year ago twenty three year old Haleys heart was shattered by the tragic death of her parents A child of the bayou she seeks solace in the dark comforting shadows of her childhood home There things make sense Or at least they used to Late one evening Haley encounters a strange and beautiful creature in her dreams She is stunned by the terrifying glory of his pearly black wings and ashen skin but it is his eyes that have stolen her will to escape Deep within the mysteries of the diamond eyes of this fallen angel she knows she is home A pragmatic woman who does not believe in the seductive magic that swirls inescapably throughout her hometown of New Orleans Haley brushes the dream offbut she cant stop thinking about him Elsewhere in New Orleans another life is distracted by dreams of an impossibly beautiful young woman with rich raven hair and a sad wounded soul In all of his immortal years the angel vampire Luke has never seen someone so lovely and so broken He knows her name is Haley and he is helpless in his attraction to her The two dreams become a glorious reality and love is their reward When he offers her immortality at his side she must make the biggest decision of her life Should she let her mortal life go to be with him Is she willing to pay the terrible price for eternity at his side      Thomas Brackett Reed Samuel Walker McCall,1914
