MARY. ASTELL, 2019 this book in the Cardinal s words is not simply to emphasize the importance of appropriate preparation for marriage or to discuss the nature of such preparation although I do attempt to do this But I want to go deeper most particularly by way of exploring the likeness of marriage and priesthood together with the radical reason for marriage itself And so this is not a marriage manual nor a book of strict guidelines and instructions Thoroughly pastoral and practical in tone sprinkled with real life anecdotes this book will encourage both the married and the unmarried to look at the spiritual the sacramental and indeed the supernatural dimensions of marriage as God seems to have intended it to be In more than two dozen chapter reflections O Connor covers such themes as self sacrifice indissolubility prayer life marital relations channels of grace the frustration aggression phenomenon money divorce and remarriage being loved for oneself fidelity and parenting
