Reflections on Regionalism Bruce Katz, 2001-09-19 Academics community activists and politicians have rediscovered regionalism insisting that regions are critical functional units in a world wide economy and just as important critical functional units in individual American lives More and more of us travel across city county even state borders every morning on our way to work Our television radio and print media rely on a regional marketplace Our businesses large and small depend on suppliers workers and customers who rarely reside in a single jurisdiction The parks riverfronts stadiums and museums we visit draw from and provide an identity to an area much larger than a single city The fumes gases chemicals and run off that pollute our air and water have no regard for municipal boundaries This book lays out a variety of opinions on regionalism its history and its future While the essays do not comprise a debate pro and con about regionalism they do provide a wide array of perspectives based on the authors diverse backgrounds and experience Some contributors have made close academic studies of how regional action occurs in various states like Minnesota California and Oregon others give an historical account of a particular region like that surrounding New York City and yet others point out aspects of regionalism race especially that should not be ignored Why did past efforts at regional collaboration fall apart What did regionalist efforts of decades ago leave undone and what new goals should regionalists set Without an understanding of these questions policymakers and advocates may find themselves reinventing the region This book provides an important understanding of how regionalism has played out in the

past how policies shape places and the possibilities and limits of regional action Bruce J Katz director of the Brookings Institution Center on Urban and Metropolitan Policy was formerly chief of staff at the U S Department of Housing and Urban Development *The Publishers' Trade List Annual* ,1876 **Image and Reflection** Ethel C. Simpson,1990-01-01 A yearbook of yearbooks celebrating the connection between the old and new the 522 photographs in Image and Reflection stir the memories of every past and present member of the University community from its beginning at William McIlroy's farm to today's bustling campus Reminiscent Reflections of a Youthful Octogenarian George Henry Gerberding,1928 *The Orphan Band of Springdale* Anne Nesbet,2018-04-10 With the United States on the verge of World War II eleven year old Gusta is sent from New York City to Maine where she discovers small town prejudices and a huge family secret It's 1941 and tensions are rising in the United States as the Second World War rages in Europe Eleven year old Gusta's life like the world around her is about to change Her father a foreign born labor organizer has had to flee the country and Gusta has been sent to live in an orphanage run by her grandmother Nearsighted snaggletoothed Gusta arrives in Springdale Maine lugging her one precious possession a beloved old French horn her sole memento of her father But in a family that's long on troubles and short on money how can a girl hang on to something so valuable and yet so useless when Gusta's mill worker uncle needs surgery to fix his mangled hand with no union to help him pay Inspired by her mother's fanciful stories Gusta secretly hopes to find the coin like Wish that her sea captain grandfather supposedly left hidden somewhere Meanwhile even as Gusta gets to know the rambunctious orphans at the home she feels like an outsider at her new school and finds herself facing patriotism turned to prejudice alien registration drives and a family secret likely to turn the small town upside down **Thoughts on Driving to Venus** Christopher Pratt,2015-09-22 Painter and printmaker Christopher Pratt is known for luminous meticulous images of Atlantic coast settings Strongly influenced by the culture and landscape of Newfoundland Pratt's still crystal clear images of archetypal island life convey more than landscape They are richly imagined almost hyperreal depictions of the land imbued with memory and meaning Thoughts on Driving to Venus allows readers an unprecedented glimpse inside Pratt's mind as he journeys through the Newfoundland countryside Originally intended for sketches that would later assist in his painting and printmaking Pratt's aptly named Car Books document numerous road trips he and his wife Jeanette took from the late 1990s to the present The diary like entries provide an overview of the artist's stream of consciousness impressions journalistic accounts and personal reflections during these trips Some passages record the effects of colour light and shadow on a scene what he refers to as sketches some delve into personal recollections conjured by the landscapes seen through the windshield others are reflections on his complex emotional ties to his homeland The result is an intimate portrait of the creative process and realms of the imagination of one of Canada's most important contemporary artists **Holstein-Friesian Herd-book** Holstein-Friesian Association of America,1976 **Indian Summer** Emily Grant Hutchings,2021-01-01 Welcome to the enchanting world of Indian Summer by Emily Grant Hutchings a delightful tale of love adventure and self discovery set
