Reflections On The Impact Of The French:

Reflections on the Impact of the French Revolution Al Zub, 2000 A series of essays on the consequences of the French Revolution for nineteenth and twentieth century culture and civilization especially that of the Romanian lands by one of modern Romania's leading historians Academician Alexandru Zub

Brief Reflections relative to the Emigrant French Clergy Fanny Burney, 2019-12-20 Fanny Burney's *Brief Reflections relative to the Emigrant French Clergy* is a poignant exploration of the plight faced by the French clergy who fled their homeland during the tumultuous period of the French Revolution. Written in a reflective and nuanced style, Burney engages the reader with incisive commentary on the cultural dislocation experienced by these individuals. Her work is set against the backdrop of late 18th century England where the tensions of revolution, faith, and the complexities of identity shape her narrative compellingly blending personal anecdote with broader social critique. Fanny Burney, a significant figure in the development of the novel, was deeply influenced by her own experiences in a rapidly changing society. As a woman writer in an era dominated by male perspectives, she often grappled with themes of exile and loss. Her interactions with migratory clergy who sought refuge in England likely informed her compassionate approach to their struggles as well as her interest in the broader implications of societal upheaval borne from the Revolution. This work is essential for readers interested in the intersection of literature, history, and the human condition. Burney's reflections not only provide insight into the psychological and social ramifications of displacement but also invite readers to contemplate the enduring questions of faith and identity, making it a valuable addition to the canon of both feminist and historical literature.

Edmund Burke, Volume II F. P. Lock, 1998 This volume explores the years from 1784 to 1797 and covers the most interesting years of Burke's life, the leading themes being India and the French Revolution. Burke was a key figure in shaping long-term British attitudes to both.

The Columbia History of Twentieth-century French Thought Lawrence D. Kritzman, Brian J. Reilly, 2006 Unrivaled in its scope and depth, *The Columbia History of Twentieth Century French Thought* assesses the intellectual figures, movements, and publications that helped shape and define fields as diverse as history and historiography, psychoanalysis, film, literary theory, cognitive and life sciences, literary criticism, philosophy, and economics. More than two hundred entries by leading intellectuals discuss developments in French thought on such subjects as pacifism, fashion, gastronomy, technology, and urbanism. Contributors include prominent French thinkers, many of whom have played an integral role in the development of French thought, and American, British, and Canadian scholars who have been vital in the dissemination of French ideas.

The Impact of the French Revolution Iain Hampsher-Monk, 2005-08-11 The French Revolution embodied in the eyes of subsequent generations the emergence of the modern political world. It offered a new understanding of class, politics, secular ideology, and revolutionary transformation which inspired, argues Iain Hampsher-Monk, the whole world-wide communist experiment of the twentieth Century. In this authoritative anthology of key political texts exploring the impact of this period on primarily the British experience, Hampsher-

Monk examines the variety influence and profundity of major thinkers such as Burke Wollstonecraft Paine and Godwin along with the impact of other less celebrated writers

Jean-Baptiste Du Bos, 2021-07-15 Jean Baptiste Du Bos Critical Reflections on Poetry and Painting first published in French in 1719 is one of the seminal works of modern aesthetics Du Bos rejected the seventeenth century view that works of art are assessed by reason Instead he believed audience members have sentiments in response to artworks Their sentiments are fainter versions of those they would feel in response to actually seeing what the work of art imitates Du Bos was influenced by John Locke s empiricism and in turn had a major impact on virtually every major eighteenth century contributor to philosophy of art including Voltaire Montesquieu Diderot Rousseau Herder Lessing Mendelssohn Kames Gerard and Hume This is the first modern annotated and scholarly edition of the Critical Reflections in any language

Nonfictional Romantic Prose Steven P. Sondrup, Virgil Nemoianu, Gerald Gillespie, 2004 Nonfictional Romantic Prose Expanding Borders surveys a broad range of expository polemical and analytical literary forms that came into prominence during the last two decades of the eighteenth century and the first half of the nineteenth They stand in contrast to better known romantic fiction in that they endeavor to address the world of daily empirical experience rather than that of more explicitly self referential fanciful creation Among them are genres that have since the nineteenth century come to characterize many aspects of modern life like the periodical or the psychological case study others flourished and enjoyed wide spread popularity during the nineteenth century but are much less well known today like the almanac and the diary Travel narratives pamphlets religious and theological texts familiar essays autobiographies literary critical and philosophical studies and discussions of the visual arts and music all had deep historical roots when appropriated by romantic writers but prospered in their hands and assumed distinctive contours indicative of the breadth of romantic thought

the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age
