Reflections on Man and the Human Condition John Bourman,1995-12 **The Philosophical Reflection of Man in Literature** Anna-Teresa Tymieniecka,2012-12-06 **Reflections on the Human Condition** Eric Hoffer,1973 This collection of aphorisms and philosophical comment represents Eric Hoffer at his best It offers stunning insights that strike home with startling frequency often most uncomfortably it has a fine unity a well defined theme That some of the statements invite argument and questioning is inevitable and stimulating Here is a book of the wry epigram and the icy aphorism which made his earlier books so appealing and gained for him a wide audience Publisher description *Kierkegaard's International Reception: The Near East, Asia, Australia and the Americas* Jon Stewart,2008-06-01 Although Kierkegaard's reception was initially more or less limited to Scandinavia it has for a long time now been a highly international affair As his writings became translated into the different languages his reputation spread and he became read more and more by people increasingly distant from his native Denmark While in Scandinavia the attack on the Church in the last years of his life became something of a cause célèbre later many different aspects of his work became the object of serious scholarly investigation well beyond the original northern borders As his reputation grew he was co-opted by a number of different philosophical and religious movements in different contexts throughout the world The three tomes of the present volume attempt to record the history of this reception according to national and linguistic categories Tome III is the most geographically diverse covering the Near East Asia Australia and the Americas The section on the Near East features pioneering articles on the Kierkegaard reception in Israel Turkey Iran and the Arab world The next section dubbed Asia and Australia features articles on the long and rich traditions of Kierkegaard research in Japan and Korea along with the more recent ones in China and Australia A final section is dedicated to Americas with articles on Canada the United States hispanophone South America Mexico and Brazil **Reflections on the Study of Religion** Jacques Waardenburg,2011-12-01 Since its founding by Jacques Waardenburg in 1971 Religion and Reason has been a leading forum for contributions on theories theoretical issues and agendas related to the phenomenon and the study of religion Topics include among others category formation comparison ethnophilosophy hermeneutics methodology myth phenomenology philosophy of science scientific atheism structuralism and theories of religion From time to time the series publishes volumes that map the state of the art and the history of the discipline **Powerful Reflections** Rev. Patrick Paul,2013-05 Powerful Reflections is a collection of poetry and thoughts that speaks to the core of who we are and the purpose of our creation which is reflected in our culture and in our responsibility to our environment It brings us face to face with the constitution of our tripartite nature and how we ought to live in reflection of our Creator This Book reflects theology humanity and geography as a picture of this unity **The Need For a Sacred Science** Seyyed Hossein Nasr,2005-08-12 The meaning of a science rooted in the sacred its contrast to modern science and its pertinence to us today **Meditations on the Human**

Condition in an Imperial Age Irina V. Boca, 2012-10 The concept of empire contains features that are both irreducibly spectral and terrifyingly real With much of both aspects prevailing at subliminal levels it is nearly impossible for the casual observer to think through the maze of contradictions and constitutive forces inherent in the imperial system In her latest work of nonfiction *Meditations on the Human Condition in an Imperial Age* author and political philosopher Irina V Boca uses her expertise and research to help readers analyze the presence of empire as an indelible contemporary political force This intricate work unravels the Gordian knot of imperial politics and allows the reader to consider overlapping concepts from multiple perspectives finally making it possible for the general audience to get all the facts From post Hegelian philosophy to political science and popular culture the author has identified the intricately woven forces of imperial politics and invites readers to reconsider any easy location of power and any clear cut path to resistance or liberation *Reflections on George F. Kennan* F. Joseph Dresen, 2008 *Melancholy and the Otherness of God* Alina N. Feld, 2011-12-16 An impressive study that prompts the reader toward philosophical reflection on the hermeneutics of melancholy in its relation to maturing theological understanding and cultivation of a profound self consciousness Melancholy has been interpreted as a deadly sin or demonic temptation to non being yet its history of interpretation reveals a progressive coming to terms with the dark mood that ultimately unveils it as the self's own ground and a trace of the abysmal nature of God The book advances two provocative claims that far from being a contingent condition melancholy has been progressively acknowledged as constitutive of subjectivity as such a trace of divine otherness and pathos and that the effort to transcend melancholy like Perseus vanquishing Medusa is a necessary labor of maturing self consciousness Reductive attempts to eliminate it besides being dangerously utopian risk overcoming the labor of the soul that makes us human This study sets forth a rigorous scholarly argument that spans several disciplines including philosophy theology psychology and literary studies
