Reformation and Latin Literature in Northern Europe Inger Ekrem, Minna Skafte Jensen, Egil Kraggerud, 1996

The Renaissance and Reformation in Northern Europe Kenneth R. Bartlett, Margaret McGlynn, 2014-10-20 This updated version of Humanism and the Northern Renaissance now includes over 60 documents exploring humanist and Renaissance ideals the zeal of religion and the wealth of the new world Together the sources illuminate the chaos and brilliance of the historical period as well as its failures and inconsistencies The reader has been thoroughly revised to meet the needs of the undergraduate classroom Over 30 historical documents have been added including material by Martin Luther John Calvin John Knox William Shakespeare Christopher Columbus Miguel de Cervantes and Galileo Galilei In the introduction Bartlett and McGlynn identify humanism as the central expression of the European Renaissance and explain how this idea migrated from Italy to northern Europe The editors also emphasize the role of the church and Christianity in northern Europe and detail the events leading up to the Reformation A short essay on how to read historical documents is included Each reading is preceded by a short introduction and ancillary materials can be found on UTP's History Matters website www.utphistorymatters.com

The Oxford Handbook of Neo-Latin Stefan Tilg, Sarah Knight, 2015 From the dawn of the early modern period around 1400 until the eighteenth century Latin was still the European language and its influence extended as far as Asia and the Americas At the same time the production of Latin writing exploded thanks to book printing and new literary and cultural dynamics Latin also entered into a complex interplay with the rising vernacular languages This Handbook gives an accessible survey of the main genres contexts and regions of Neo Latin as we have come to call Latin writing composed in the wake of Petrarch 1304-74 Its emphasis is on the period of Neo Latin's greatest cultural relevance from the fifteenth to the eighteenth centuries Its chapters written by specialists in the field present individual methodologies and focuses while retaining an introductory character The Handbook will be valuable to all readers wanting to orientate themselves in the immense ocean of Neo Latin literature and culture It will be particularly helpful for those working on early modern languages and literatures as well as to classicists working on the culture of ancient Rome its early modern reception and the shifting characteristics of post classical Latin language and literature Political social cultural and intellectual historians will find much relevant material in the Handbook and it will provide a rich range of material to scholars researching the history of their respective geographical areas of interest

When Greece Flew across the Alps Federica Ciccolella, 2021-11-01 When Greece Flew Across the Alps offers a reconstruction of the status of Greek studies in the vast territory lying between Spain and Russia and Austria and the Scandinavian Peninsula from the sixteenth to the eighteenth centuries Although closely related to the revival of Greek studies in fifteenth century Italy European Hellenism acquired distinctive peculiarities due to the influence of the Reformation the advent and spread of printing and initiatives taken by individuals or institutions By analyzing this important aspect of the reception of the Classics this volume contributes

Lach, 2010-01-15 Praised for its scope and depth *Asia in the Making of Europe* is the first comprehensive study of Asian influences on Western culture For volumes I and II the author has sifted through virtually every European reference to Asia published in the sixteenth century he surveys a vast array of writings describing Asian life and society the images of Asia that emerge from those writings and in turn the reflections of those images in European literature and art This monumental achievement reveals profound and pervasive influences of Asian societies on developing Western culture in doing so it provides a perspective necessary for a balanced view of world history Volume I *The Century of Discovery* brings together everything that a European could know of India Southeast Asia China and Japan from printed books missionary reports traders' accounts and maps The *New York Review of Books* Volume II *A Century of Wonder* examines the influence of that vast new body of information about Asia on the arts institutions literatures and ideas of

sixteenth century Europe [A Short History of the Renaissance in Northern Europe](#) Malcolm Vale, 2020-04-02 The concept of a Northern European Renaissance in the arts in thought and in more general culture north of the Alps often evokes the idea of a cultural transplant which was not indigenous to or rooted in the society from which it emerged Classic definitions of the European Renaissance during the 14th 15th and 16th centuries have often seen it as an Italian import of for example humanism and classical learning into the Gothic North There were certainly differences between North and South which have to be addressed not least in the development of the visual arts In this book Malcolm Vale argues for a Northern Renaissance which while cognisant of Italian developments had a life of its own expressed through such innovations as a rediscovery of pictorial space and representational realism and which displayed strong continuities with the indigenous cultures of northern Europe But it also contributed new movements and tendencies in thought the visual arts literature religious beliefs and the dissemination of knowledge which often stemmed from and built upon those continuities A Short History of the Renaissance in Northern Europe while in no way ignoring or diminishing the importance of the Greek and Roman legacy seeks other sources and different uses of classical antiquity for a rather different kind of Renaissance in the North

Latin Literatures of Medieval and Early Modern Times in Europe and Beyond Francesco Stella, Lucie Doležalová, Danuta Shanzer, 2024-07-15 The textual heritage of Medieval Latin is one of the greatest reservoirs of human culture Repertories list more than 16 000 authors from about 20 modern countries Until now there has been no introduction to this world in its full geographical extension Forty contributors fill this gap by adopting a new perspective making available to specialists but also to the interested public new materials and insights The project presents an overview of Medieval and post medieval Latin Literatures as a global phenomenon including both Europe and extra European regions It serves as an introduction to medieval Latin s complex and multi layered culture whose attraction has been underestimated until now Traditional overviews mostly flatten specificities yet in many countries medieval Latin literature is still studied with reference to the local history Thus the first section presents 20 regional surveys including chapters on authors and works of Latin Literature in Eastern Central and Northern Europe Africa the Middle East Asia and the Americas Subsequent chapters highlight shared patterns of circulation adaptation and exchange and underline the appeal of medieval intermediality as evidenced in manuscripts maps scientific treatises and iconotexts and its performativity in narrations theatre sermons and music The last section deals with literary interfaces that is motifs or characters that exemplify the double sided or the long term transformations of medieval Latin mythologemes in vernacular culture both early modern and modern such as the legends about King Arthur Faust and Hamlet

Humanity and Divinity in Renaissance and Reformation , 2022-03-28 The volume contains studies by eleven distinguished scholars concerning changes in ethical and religious consciousness during this important era of Western culture themes consonant with the scholarship of Charles Trinkaus It begins with three general essays the Renaissance discovery of human creativity William Bouwsma the Renaissance and Western pragmatism
